VILLA WITHDRAWS ARMY

CHIEFTAIN ABANDONS AGUA PRIETA ATTACK

Hunger, Thirst and Scanty Ammunition Supply Cause Hurried Change in Plans of Villa.

Douglas, Ariz., Nov. 3.—Gen. Villa, forced by hunger, thirst and a scanty supply of ammunition to abandon his plan for an immediate assault on the strongly entrenched village of Agua Prieta, commenced withdrawing his army today and shortly after 9 o'clock most of his force was moving toward Anavacachi pass, twelve miles southwest. It is his apparent intention to reach water, which is plentiful further southwest, and provision his hungry men

Gen. Mendes with about 1,500 men has been holding the pass for several days and will remain there guarding the entrance to the valley for the return of Villa. Meantime, it is said, heavy supplies of ammunition will reach Villa from the east. Villa's retirement was saluted by an occasional shell from the big guns of Agua Prieta, but by 9:30 this firing had ceased.

Decision Was Sudden.

That Villa's determination temporarily to withdraw his forces from the vicinity of Agua Prieta was sudden was shown by the fact that his gun lieutenants in command of rapid-firers on the right wing took nothing but their guns with them. Large quantities of ammunition in cases were left on implacements. American army officers are somewhat mystified at Villa's movements. Some believed it was his intention to withdraw from the Agua Prieta field altogether and march southwest to attack a large body of Carranza troops reported to be coming from that direction.

Villa dead left on the field number 536. Two hundred were counted lying west of Agua Prieta and 136 to the east. Calles' dead were 125 soldiers and his wounded 70. Calles sent out cavalry forces to keep in touch with the Villa army.

FUNSTON SEEKS LEEWAY.

Would Cross Mexican Line if Necessary to Save Douglas From Fire.

Washington, Nov. 3.—President Wilson and Secretary Garrison are considering whether to authorize Maj.-Gen. Funston to cross the Mexican border if he finds it necessary to do so to save Douglas from the Mexican gun fire.

Secretary Garrison today refused to confirm or deny that Gen. Funston had asked for such authority and the white house also was silent. It was made clear at the war department that the American commander already has authority to return any fire from across the border.

WOMEN ARE EARNEST ADVOCATES OF PEACE

Washington, Nov. 3.—Mrs. May Wright Sewall, of Indianapolis, representing the international conference of women workers to promote peace, which held a convention in San Francisco this summer, was received today by President Wilson. Mrs. Sewall told the president, by direction of the conference, that the majority of women in the United States were earnest advocates of plans to bring about peace in Europe.

President Wilson will leave here tomorrow for New York, where he opens the campaign for the administration defense program in an address before the Manhattan club. He will return to the capital Friday afternoon.

NO COMMENT COMES FROM WHITE HOUSE

Washington, Nov. 3.—No comment was made at the white house on the elections nor on the result of the suffrage amendments, and it was announced there would be none.

HOTEL EDWIN BAR CLOSED

Judge Yaple, in Superior Court, Revokes License of the Saloon.

REV. NIPPER WINS ANOTHER VICTORY

Third Saloon Wreck in the Wake of the Boys from Churubusco.

When Judge Carl Yaple disposed of the oHtel Edwin license case in the superior court at high noon Wednesday, Rev. James A. Nipper cut a fresh notch in the handle of his tomahawk, trimmed his war bonnet with an additional feather and hun another scalp on his lodgepole.

Rev. Nipper had closed the Hotel Edwin's saloon annex and the place was out of business by proof that it had repeatedly violated the law and forfeited its right to retain its license.

The suit of Rev. Nipper for revocation of the Hotel Edwin's license went to trial Wednesday morning, despite efforts made Tuesday afternoon and evening by Edwin S. Kleindinst's attorneys to get a change of venue from Judge Yaple, to have the cause heard by a jury and to get a continuance. Upon all of these motions Judge Yaple entered refusals and the case was forced to trial on the day set.

Made No Defense or Argument.

To the mass of testimony presented by Attorney W. L. Ballou, counsel for the petitioner, and Attorneys Breen & Morris, counsel for citizens of Churubusco, whose sons figured in this and other saloon cases, the defendant made no defense and at the conclusion of testimony offered no argument. This was taken to mean both that the defendant had no defense to make and that the defendant wa sreserving its fire for the case on appeal.

Judge Yaple lost no time in giving his finding. In a few words he summed up the evidence, proving that the management of the hotel had been guilty of several different violations of the law and declared there was nothing for the court to do but to revoke the license. Judgment was thereupon entered accordingly. Neither Edwin S. Kleindinst nor his attorney, E. V. Emrick, was in the court room when judgment was pronounced.

Repeats the Hof Brau Case.

The case against the Hotel Edwin was in many essential particulars a repetition of the case against Henry A. Wiebke, whose license for the Hof Brau saloon the county commissioners refused to renew on September 24, after a hearing lasting two days on a remonstrance filed by Rev. Nipper. In the case of the Edwin it was proved that law had been violated in various forms. The Churubusco boys were present and testified to having been permitted in the place, where they purchased liquor; the presence of lewd women in the place at different times was established; the sale of drinks in the cafe and in other rooms of the

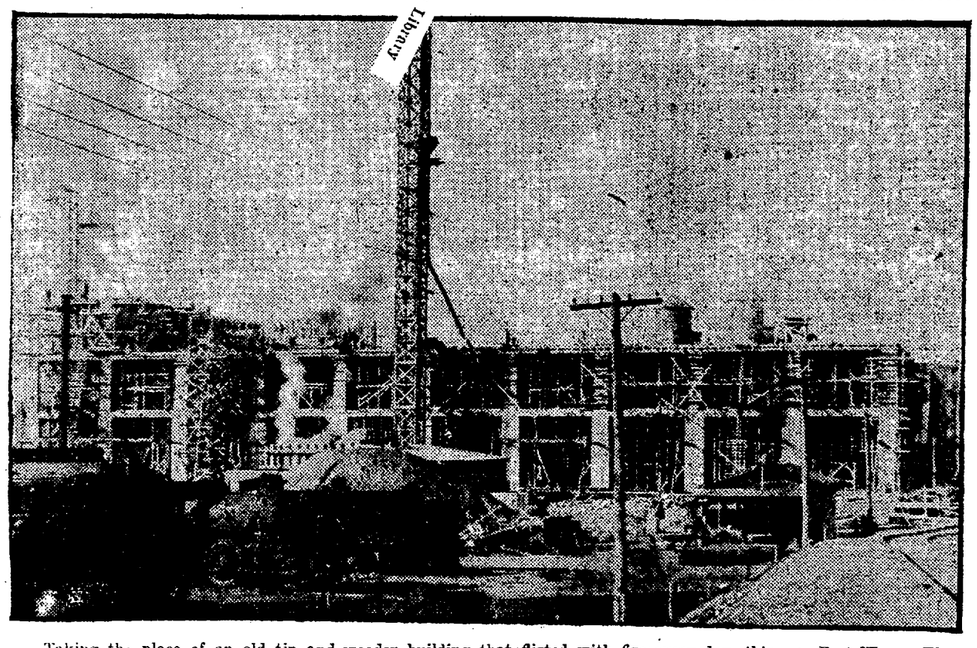
NEW FORT WAYNE ELECTRIC WORKS STOREHOUSE IS MODEL OF FACTORY CONSTRUCTION.



Taking the place of an old tin and wooden building that flirted with fire every day, this new Fort Wayne Electric works store house is one of the best specimens of factory construction in the city. Hundreds of men are engaged in its erection.

M'CALL WINS IN BAY STATE

Republicans Defeat Walsh in Massachusetts by 6,363 Plurality.

STANLEY IN CLOSE RACE IN KENTUCKY

New York Voters Reject New Constitution in Decisive Way.

Overwhelming defeat of woman suffrage in New York, Massachusetts and Pennsylvania; election of a democratic governor in Maryland to succeed a republican and a republican governor in Massachusetts to succeed a democrat; a gain of one republican from New York in congress in the filling of four vacancies, and the close contest for the governorship in Kentucky with the democratic candidate leading on incomplete returns, were outstanding features today of the election in ten states yesterday.

Tammany Hall triumphed in New York city in election of a district attorney, for the first time in fifteen years, the sheriff of New York county and a majority of the board of aldermen.

Mississippi, the only other state to elect a governor, went, as usual, democratic. The only opposition to the democratic ticket, headed by Theodore Bilbo, was made by socialist candidates nominated by petition.

In New York former Congressman W. S. Bennet was elected in the 23rd district to succeed the late democratic congressman, Jacob Goulden. Bennet is a republican.

In New York the republicans retained their control of the lower house of the legislature, although they lost one assemblyman. They also elected a majority of the mayors chosen in cities of the state.

In addition to defeating the suffrage amendment by about 210,000, the people of New York repudiated the new state constitution drafted by a convention of which Elihu Root was president and for which Mr. Root had conducted a vigorous campaign. Samuel W. McCall, the republican, who will succeed David I. Walsh, a democrat, as governor of Massachusetts, won by a plurality of 6,663, the republicans retained control of the Massachusetts legislature. The republicans returned to power in Philadelphia, where their candidate, Thomas B. Smith, was elected mayor by 75,000.

In New Jersey the republicans gained two state senators and two members of the assembly.

State wide prohibition was rejected in Ohio by a majority of from 30,000 to 40,000. Last year the amendment was defeated by 84,152. The republicans elected mayors in Cleveland and Cincinnati. Charles Milroy, a progressive, was chosen mayor of Toledo.

The city of Toledo voted against a 25-year street car franchise and will take over all lines controlled by the light company. A proposal that the city purchase the local street railways was rejected in Detroit after a bitter fight.

The election of members of the Virginia assembly will send a heavy ma-

TO GIVE RESERVOIR ANOTHER CLEANING

Purdue Expert Says Worms Found in Mains Are Harmless.

Following receipt from a zoological expert in Purdue university that the worms that have flowed from water faucets in the southeast part of the city are the larvae of midges that probably have lain their eggs on the surface of the Lafayette street reservoir and have their habitat in the slime and decaying leaves at the bottom of pools and ponds, the board of works on Wednesday at once ordered the reservoir drained and cleaned. If the worms are found in the bottom of the reservoir that fact will be held to account for the appearance of the worms in water drawn from household service taps. If none are found and no accumulation of leaves or slime is discovered in the reservoir a new tack will

LEE TO CONFER WITH LOCAL PROGRESSIVES

Edwin M. Lee, a member at large of the state progressive central committee, is coming to Fort Wayne Thursday for a conference with progressives from all sections of the Twelfth congressional district who have been invited to come here and take part. Mr. Lee is making a tour of the state and on Friday will visit South Bend. On Saturday he will confer with the party leaders from the north end of the Tenth district at Hammond.

DEPAUW LOSES ITS LEGACY OF $100,000

Indianapolis, Nov. 3.—By a decision of the state supreme court today DePauw university loses a good sized legacy. The court today held the will of William E. Mick, which provided that the bulk of his estate, valued at $100,000, should go to DePauw after the death of his daughters, was void and the estate will be divided as if no will had been executed by Mick.

The case was carried up from the Boone circuit court.

GEN. STERNBERG IS DEAD.

Former Surgeon General of Army Passes Away.

Washington, Nov. 3.—Brigadier General Geormе M. Sternberg, 77, retired, surgeon general of the army from 1893 to 1902, and a civil war veteran, died today at his home here. He was the author of a number of medical books.

HUNTING FOR TYPHOID GERMS.

To determine where Walter and William Parrott, 817 East Washington street, contracted typhoid fever, with which the two little fellows are now stricken, the city health department is making an investigation. The two lads visited at the home of their grandfather, A. Grosjean, seven or eight miles north of the city, about five weeks ago, and a sample of water from the well at the Grosjean home has been procured and sent away for bacteriological analysis.

UNIONS MUST SHOW BOOKS

Accounting of Financial Aid to Car Men is Demanded.

HEARING BEFORE NOTARY PUBLIC

Depositions to Be Used in Application for Injunction.

A thorough investigation of all the union organizations in Fort Wayne that have contributed to the fund for the former employes of the Fort Wayne & Northern Indiana Traction company now out on a strike is forecasted as a result of new subpoenas issued Wednesday. Subpoenas have been issued for the officials of each of these unions to appear in the federal court here on Thursday morning at 8 o'clock with instructions to bring with them to be used as evidence all record books containing the minutes of all meetings or the members, officers, trustees and executive committees and all books of accounts or other records showing payments of all money during the past six months.

Host of Labor Leaders.

Those named in the new set of subpoenas are the following: Clayton H. Johnson W. H. Johnson and E. Johnson, International Association of Machinists of Friendship lodge, No. 70; Joseph D. Shaw, F. J. Perry and A. C. Berger, Federation of Labor; Thomas Cross, Charles Randall, Fred Hueber, Barney E. Walter, Ice Wagon Drivers' Union No. 122; George Feuster, Walter Felger, Oscar Hueber, Meat Cutters and Butcher Workmen, No. 423; L. Lamont, E. C. Wehrmeister, Frank Wiegand, Bartenders' Union, No. 305; Arthur Klaehn, Bert Smith and Robert Boltz, Plumbers' Union; Benjamin Storch, Enoch Olson and Christ Wenninghoff, and Arno Reuter, Textile Industrial Workers of America, No. 765; John B. Anderson, Milo George, William A. Bachman, Cigarmakers' Union, No. 37.

The above list is in addition to the two hundred and seventy subpoenas issued Tuesday night. They are now being served by Deputy United States Marshal W. H. Hagerty, having been issued at the request of W. H. Latta and F. W. Winter, attorneys for the United States Mortgage and Trust company, of Philadelphia, bondholders of the traction company.

Depositions will be taken before R. B. Garmire, a notary public, to be used in the hearing on the application for injunction by the mortgage and trust company against Mayor Hosey and a number of city employes, local labor leaders and fifty-five former employes of the traction company, before Judge A. B. Anderson, at Indianapolis.

Mayor Hosey Subpoenaed.

Among those summoned to appear in the federal court here are Mayor Hosey, Clayton H. Johnson, who is in charge of the strike for the car men; Joseph C. Colgan, general organizer for the car men's international organization; Jacob Agne, city councilman; Peter Junk, detective sergeant; Joseph D. Shaw, president of the Federation of Labor; J. J. Perrey, financial secretary; A. C. Berger,

SOUTH BEND WOMEN AMONG THE VICTIMS

Eighteen Persons Lose Life in Wreck of Passenger Steamer.

Marshfield, Ore., Nov. 3.—Eighteen persons are believed to have lost their lives late yesterday when the passenger steamer Santa Clara from Portland to San Francisco went aground on the south Spit near the entrance to Coos bay. Eleven bodies have been recovered and nine other persons are missing.

The dead:

MADELINE ROONEY and MRS. HALE, both of South Bend, Ind.

MRS. BRIDGET DUNN, Butte, Mont.

MRS. D. H. THORNE, Hood River, Ore.

J. MORRIS BOGUE, 9 years old, Gold Hill, Ore.

Thirteen-months-old child of J. C. Crowley, of Mill City, Ore.

EUGENE GILLENWATER, 7 years old.

GALE GRAHAM, Portland, Ore.

——— HANDLESS, oiler.

The bodies of two unidentified women were recovered. One is about 35 years old and the other about 50.

The Santa Clara, at daybreak, was holding an even keel and it is believed she will not be a complete wreck. The beaches are being patrolled for bodies or survivors. Several of the lifeboats either were capsized or swamped after being lowered. Roy Dunn, of Butte, Mont., was with his mother and sister when the ship struck. They all left the ship safely but their boat was swamped and Dunn made a frantic effort to save them. The mother disappeared almost immediately, but Dunn reached his sister and rescued her.

First Officer Charles Tissel had to swim half a mile. "We struck a shoal, the vessel swerved and before we could right her she was on the spit and grounded fast," said Tissel. "She went broadside with the swell and we knew we were gone. The lifeboats were lowered at once and Captain Loftsted was the last to go. The sea was moderating when I began to come through the surf. There were still eight or ten persons reported aboard the Santa Clara early today. The Santa Clara is a wooden vessel owned by the North Pacific Steamship company.

Late this afternoon it was said that there was a possibility that the two South Bend women previously reported dead would be accounted for among the survivors.

BIG PRINTING PLANT SOLD FOR $25,000

The plant and property of the Indiana Printing company were sold Tuesday at receiver's sale to H. A. Keplinger, second vice president of the First National bank, for $25,000. Mr. Keplinger is desirous of selling the plant complete, but if this cannot be done it will be dismantled and sold in parts and in this manner be disposed of as rapidly as possible. The new owner, however, does not believe this will be necessary.

The Indiana Printing company went into the hands of a receiver some months ago, A. H. Worden, first vice president of the First National bank, being appointed by the court to take charge of the property. Mr. Worden conducted the operation of the plant since with the hope that the revenues would satisfy all indebtedness. He found that this was impossible. Mr. Keplinger expects to continue the operation of the plant until disposed of.

FIND STOLEN CAR IN A FIELD.

The Imperial tourin gcar of F. L. Freiberger, 520 West Jefferson street, stolen Tuesday night from Washington street near the New Palace theater, was found Wednesday afternoon in a field along the Goshen road two miles north of the city. The police and Mr. Freiberger brought the car to a garage, being unable to start it. It had evidently been disabled and then abandoned by the thieves

GERMAN PLANS MEET A CHECK

Von Hindenburg is Forced to Withdraw Troops in Drive on Dvinsk.

TEUTON ADVANCE IN SERBIA CONTINUES

French Land Big Force on Greek Coast for Balkan Activities.

Today's War News Given in Summary

Field Marshal von Hindenburg has been forced to withdraw his lines in a sector to the southwest of Dvinsk, the important city on the Dvina at which his troops have been driving for many weeks, apparently abandoning his assaults on the city's defenses from the west and southwest.

The Russians recently have been on the offensive in the Dvinsk region and the latest Petrograd dispatch reported progress for the Russians in the fighting here. Berlin admits the capture by the Russians of the village of Mukulischki in the Dvinsk sector. Repulse of Russian attacks at Illoutsk and Garbuncwka is reported.

Capture of the city of Uzitee, or Uzice, in northwestern Serbia is announced in the German report on the campaign in the Balkans. The place is an important railroad terminal town half way between Cacack, the junction point taken recently by the Germans, and the Bosnian border, from which the Austrians are advancing. Its capture marks the further throwing of the Teutonic offensive line across a large front in northern Serbia.

Progress for the French troops on the southern Serbian front is reported by the Paris war office. They are driving the Bulgarians before them in the mountains in the Strumitza section and easily repulsed an attack near Krivolak on the railroad line in Serbia.

Superior forces of Serbians have driven back the Bulgarians advancing in the Nisava valley toward Nish, today's announcement from Berlin states. Progress for the Bulgarians in other sectors have been reported.

Premier Briand in the chamber of deputies today said that France would not sign a peace agreement "until after her restoration by right of victory" and until guarantees of a durable peace were obtained.

Berlin, No. 3.—(Via London.)—The war office announced today that Field Marshall von Hindenburg had been forced to withdraw his lines between Swenton and Ilsen lakes on the northern end of the Russian front.

The retirement of Field Marshal von Hindenburg's forces from the line running between Lakes Swenton and Ilsen apparently means that the German commander is abandoning his attacks from the west and southwest on the Russian stronghold of Dvinsk, which town he has been making a determined effort to capture in the operations of the last few weeks.

The city of Usilee (Uzice) in northwestern Serbia has been captured by the Germans. This announcement was made by the war office today.

FRENCH LAND TROOPS.

New Force Now on Greek Coast to Dash Into Balkan Campaign.

London, Nov. 3.—The landing of French troops at Kavala, on the Greek coast, is reported in a Sofia telegram to Berlin, and although this news is unconfirmed, it seems a likely sequel to yesterday's information that British and French transports had been sighted off this Greek port. Whether these forces will be able to connect speedily enough with the other troops aligned against the Bulgarians from Krivolak to Strumitza, to relieve the pressure there and by a possible flank attack threaten the rear of the Bulgarian forces, is admittedly problematical, but the appearance of these fresh troops in the Balkans is regarded as a gratifying materialization of Premier Asquith's positive announcement yesterday that the independence of Serbia was one of the essential objects of the war, and that Great Britain and France were in full agreement regarding the means whereby this end might be attained.

The Austro-German forces in northern and western Serbia and the Bulgarians in the east continue their attacks against which the defense gradually yields ground, but the situation is not vitally changed. The size of the German forces operating against Serbia is fixed at 150,000 men, according to an

Some Late Bulletins on Election Results

Louisville, Ky., Nov. 3.—Former Congressman A. O. Stanley, democrat, of Henderson, on the face of incomplete returns from all districts in the state except the Tenth and estimated returns from that district, apparently has a majority of 3,667 over Edwin P. Morrow, republican, of Somerset, for governor.

* * *

New York, Nov. 3.—Returns from New York city complete and about forty per cent of the up-state vote indicated today that the majority against adoption of the new state constitution would be 400,000.

* * *

New York, Nov. 3.—The majoriy against woman suffrage in New York state, late returns indicate today, will be from 195,000 to 200,000. With 1,053 of the state's 5,173 districts missing the vote for suffrage was 462,540; against 621,780. These returns included New York city complete.

LAST MINUTE NEWS

NEW WABASH DENIED LICENSE IN MISSOURI.

Jefferson City, Mo., Nov. 3.—A license for the Wabash Railway company, now an Indiana corporation to operate in Missouri, was refused today by Secretary of State Ross.

TAFT BOTH PLEASED AND DISAPPOINTED.

New Haven, Conn., Nov. 3.—Former President William Howard Taft in a statement given out today commenting on yesterday's elections said he was very much pleased at the election of former Congressman Samuel W. McCall as governor of Massachusetts, which he regards as significant of republican victory in 1916. He said he was disappointed at the defeat of the proposed new constitution in New York.

HEAVY DEFEAT FOR SUFFRAGE

Three States Emphatically Against Giving Vote to Woman.

LEADERS DECLARE RESULT EXPECTED

New York, Massachusetts and Pennsylvania Say "No" Decisively.

The women of New York, Massachusetts and Pennsylvania asked for the vote yesterday and received an emphatic denial. These three great Atlantic seaboard states have joined New Jersey in withholding from women the suffrage they enjoy in some of the western states. The indicated majority against woman suffrage amendment to the constitution in New York based on returns from more than two-thirds of the state is 210,000.

Massachusetts defeated the proposition by a majority of 132,602 on a total vote of 357,304.

Reports from about one-quarter of the state indicated that the vote in Pennsylvania was against suffrage by a majority of 60,000.

Under the law five years must elapse before a suffrage amendment can be put to popular vote again in Pennsylvania and New Jersey, four years in New York and two years in Massachusetts. National leaders of the suffrage cause declared today that they would now devote their efforts to the national congress and strive for a vote for women amendment to the federal constitution. Mrs. Harriett Stanton Blatch, president of the women's political union, announced that the active body of the union would meet on Saturday to lay plans for this campaign. "We do not favor another referendum to the electorate of New York state," said Mrs. Blatch. "We feel that we have made our last appeal to th eindividual voter."

National leaders of organizations opposed to women suffrage, who have made an active fight against the propositions, said that the result was no more than they expected.

Mrs. M. D. Dodge president of the national organization, who has been conducting the fight with headquarters in New York, will leave to organize the campaign in South Dakota, Iowa and West Virginia, where the proposition will be put to test in 1916.

OPPOSITION MAJORITY LOWERED

Suffrage Beaten in Pennsylvania by from 50,000 to 60,000.

Philadelphia, Nov. 3.—Although the constitutional amendment which would have granted the women of Pennsylvania the right to vote was defeated at yesterday's election, the vote against it was not so large as indicated by last night's meagre returns. Indications today were that the plurality against the amendment would be reduced to between 50,000 and 60,000. A number of counties outside of Philadelphia returned majorities for the amendment while late returns from others were materially reduced. In Philadelphia suffrage polled 66,596 votes while 105,873 ballots were cast against it.

Suffragists refused to accept yesterday's result as a defeat and planned to celebrate their "victory" by holding a big jubilee meeting here tonight.

BADLY BEATEN IN NEW YORK.

Majority Opposing Suffrage Will Exceed 200,000.

New York, Nov. 3.—Woman suffrage was beaten by a majority of about 210,000, and the revised state constitution rejected by approximately 300,000 in the state-wide election yesterday, late returns today show.

Returns from 4,009 election districts out of 5,713 in the state gave 406,877 for suffrage and 555,476 against it. On this number the vote of 918 districts out of 2,097 in New York city gave 212,486 for and 362,233 against. Of 2,091 districts out of 3,364 outside of New York there were 194,341 for and 253,343 against.

SAME IN MASSACHUSETTS.

Complete Vote Shows 132,000 Majority Against Votes for Women.

Boston, Nov. 3.—The proposed amendment to the Massachusetts constitution granting votes to women was defeated in the election yesterday by a majority of 132,082.

AUTHOR OF BLIND TIGER LAW DEAD

Hon. Sidney K. Ganiard, of Lagrange, Succumbs to Long Illness.

Lagrange, Ind., Nov. 3.—Hon. Sidney K. Ganiard, author of Indiana's blind tiger law, father of the measure to place private banks under state supervision and one of the best known men in Northern Indiana, is dead at the home of his father-in-law, Mr. Miller, in Howe, death early today having ended a prolonged period of illness and suffering, due to Bright's disease.

The deceased was a native of this county, having been born in Lima township September 27, 1870. He was the youngest of three sons of Mr. and Mrs. Asa E. Ganiard, early settlers of the county. He was educated in the country schools, the Lima high school and Indiana university at Bloomington. His course in the university was gained as the result of his own labors to provide means and he took a literary course and then studied law. As a teacher in the public schools he was employed for a time in this county, was two years superintendent of the schools in Monroeville and then served for four years as superintendent of the Lima schools. In the law office of Judge Joseph D. Ferrall, of this city, he completed his law studies, was admitted to the bar and had been a highly successful practitioner in the courts of this and adjoining counties until ill-health prevented his professional activities. The republicans of the Lagrange-Noble joint-senatorial district nominated him for the senate in 1904 and he was elected by a large majority, serving in the senate during the sessions of 1905 and 1907. He had also served one term as prosecuting attorney for the Elkhart-Lagrange judicial circuit and was appointed trustee in bankruptcy for the shattered Ellison bank in this city. Senator Ganiard was affiliated with the local lodge of Masons and was a communicant of the Episcopal church in Lima. Senator Ganiard was a gifted orator and was much in demand for political service on the stump and had achieved eminence as a lecturer. In the affairs of the republican party of the Twelfth district he was active and influential. His widow was formerly Miss Lillian Miller, of Lima township.

NO MUNICIPAL STREET CARS.

Detroit Voters Turn Down Proposal to Purchase Lines.

Detroit, Mich., Nov. 3.—By the largest vote ever recorded in the history of Detroit, the electors yesterday rejected the proposal to purchase from the Detroit United Railway the street car lines and property within the one-fare zone. The plan, which to be successful required a two-thirds majority, received less than 50 per cent. of the votes cast.

COST TOWNSHIP $598.90.

Trustee Henry P. Scherer, of Wayne township, paid out $598.90 to the dependent of the township last month in the following manner: Groceries and clothing, $364.40; hospitals, $152; physicians, $37.50; burials, $35; conveyance, $10.

RIOTING ATTENDS STARTING OF CARS

Wilkesbarre, Pa., Nov. 3.—Rioting occurred in this city early today when a trolley car was run for the first time since the beginning of the strike three weeks ago. The Wilkesbarre Railway company is making an effort to open its lines with strike-breakers. The first car was met by a mob near Ashley, on the outskirts of the city, and bricks thrown through the windows. A number of officials who were on the car, narrowly escaped injury. As the cars appear they are attacked and serious trouble is feared.

E. S. Kirby, trainmaster of the Fort Wayne division of the Nickel Plate, has returned to duty after a two weeks' vacation trip.

TWO FORT WAYNE MEN ARE ON THE PROGRAM

Two Fort Wayne men are on the program this week at the annual convention of the Indiana Osteopathic convention in session at the Claypool hotel in Indianapolis. Dr. J. E. Derck will lead the discussion on "Technique for the Treatment of Blood Pressure," and Dr. K. L. Seaman will speak on "Public Educational Problems." Dr. W. H. Johnston is also in attendance at the meeting. He will return Thursday morning.

Much interest is being taken in the convention for the reason that the first public exhibition of the newly discovered method of osteopathic finger surgery and the treatment of cases of chronic catarrhal deafness will be given. No drugs or instruments are used in this treatment. Dr. Derck is president of the state association.

ALL FURLOUGHED MEN BACK.

Nickel Plate Will Now Hire Eight or Ten New Brakemen.

All the furloughed brakemen on the Fort Wayne division of the Nickel Plate, have been recalled and are now at work on the road. There is still a demand for more crews, and Trainmaster E. S. Kirby said last night that he would at once hire eight or ten more brakemen. Yesterday he put on two more crews which lay over in Fort Wayne and two with lay over in Bellevue. The former are Conductor C. W. Goodyear and Conductor E. H. Roe, and the men with the Bellevue lay over are Conductor G. L. Burdict and Conductor C. J. Haenel.

AT THE TEMPLE.

PLAY FOR THE SUFFRAGISTS.

Mary Jane's Pa Presentment of Woman's Capability.

Although the heresy of "votes for women" probably never entered the busy head of Portia Perkins, one of the central figures of the little comedy drama, Mary Jane's Pa, in which the Temple players are appearing this week, her life is a presentment of woman's capability. This "widder," as she is known in Gosport, deserted by her shiftless, indolent husband, proves herself equal to th eemergency by starting the publication of what proves to be a successful country town weekly newspaper, with its job printing adjunct. When the story opens the Clarion is in full blast and round the publication of a story attacking a candidate for the legislature, revolves the dramatic incident of the play. Mrs. Powell, as Portia, does some convincing work.

On Thursday afternoon the Temple players will give a reception on the stage immediately following the matinee. Stage Manager Hoffman has secured a number of souvenirs in the form of vanity boxes to be distributed among the women guests.

AT KEITH PALACE

FIRST CAKE WALK IN YEARS.

George and May LeFevre Revive the Dance at New Palace.

The cake walk, an Africo-American creation, only a few years ago a favorite with the amusement loving public, but abandoned when Vernon Castle galloped into the spot light with the clinging Mrs. Vernon under one arm, has been revived. It is being presented with some extraordinary trimmings by George and May LeFevre at the New Palace this week, as one of the numbers of what is quite the most delightful dancing offering one will see in many a day. Assisting the principals are a sextette of young beauties from the Metropolitan opera ballet. These lovely lassies present a group of ensemble numbers that are enthusiastically received.

If Felix Alder can't make you laugh you are hopeless, for this famous comedian is uncorking a brand new batch of his own fun ideas this week and there isn't a flivver in the list. Miss Janet Adair and company dropped out of the nowhere into the here unheralded and unsung and are proving one of the hits of the bill. Miss Adair sings an arrangement of comedy character songs assisted by the "& Co." at the piano. The charming beauty of Miss Augusta Glose, as well as her consummate artistry, are making her a prime favorite on a bill of unusual distinction.

AT THE EMPRESS.

Frankie could hardly realize that there was so much money in the world. He became pop-eyed with amazement. He was offered twelve thousand dollars for the Jones chewing gum plant. No wonder that he was astonished, surprised, stupified and overjoyed. But he turned down the offer.

This forms one of the most interesting points in that exceedingly interesting play, "Broadway Jones," in which Frank Jones is playing the principal role at the Empress this week. Frankie has one of the strongest parts in his career in this play and he is making people laugh and laugh and laugh as they have never laughed before. All the other members of the cast are splendid actors. McLain Gates, as Wallace, and Miss Helen Gleason, the leading woman, as Clara, have roles that fit them to perfection. The scenic and lighting effects are splendid. The first Maxim silencers to be seen in this city are now on display in the Trenkley and Koerber and Aurentz windows. These silencers will be used in the production "Within the Law," at the Empress next week.

AT THE JEFFERSON.

GERALDINE FARRAR GREAT MAGNET.

Draws Tremendous Crowds to Jefferson. Last Times Tonight.

Large as the Jefferson theater is, it was entirely too small to care for the crowds that wanted to see Geraldine Farrar in the remarkable Paramount picture Carmen, last evening. The theater was filled to capacity, while both entrances were packed to the street with a waiting line, which shows that Fort Wayne is partial to worthy attractions and this one is filled to overflowing with merit. Too much cannot be said about the production, the music and the singing. The combination of the whole forms a delightful entertainment of rare quality. The work of Miss Farrar is truly remarkable. She gives the finished work of a master mind and is perfectly natural before the camera, enacting the different scenes with a dash and vim that is beautiful to behold. The fight scene in the cigarette factory between Carmen and a cigarette girl is thrilling, but it inspires by its very fierceness. Never in the history of motion pictures has a more realistic scene been depicted. Such real work of art as this feature wonder is bound to raise the prestige of the screen to the highest pinnacle and give added popularity to the theater which presents it. Wallace Reid especially, as Don Jose, is worthy of much praise for his excellent work. This handsome specimen of manhood easily won his way into the heart of everyone. The excerpts from the Carmen opera were played faultlessly by the Jefferson orchestra, which acquitted itself with honor. Three of the heavy numbers were used during the picture to give it added atmosphere, these songs being rendered by Ruth Brock, Ruby Von Nicholby and Charlotte Quimby.

Carmen will be presented again this evening for the last times at 5:30, 7:00, 8:30 and 10:00 p. m. The admission it 10 and 20c.

JUST LITTLE BURST OF SPEED COST $30

Art Phillips, Jitney Bus Jehu, Hits Up 35 Mile an Hour Gait.

Arthur Phillips, a jitney bus driver, was fined $20 and costs in the city court, Wednesday morning, on his plea of guilty to violating the motor vehicle speed laws. He was arrested by Patrolman Fred Smith, early Wednesday morning, after doing a thirty-five-mile-an-hour burst of speed on Washington boulevard west. Phillips admitted he was going some, but said he was in a hurry and had a clear way, there being no traffic on the thoroughfare at the time. Judge Kerr considered that the time of the record-breaking afforded a mitigating circumstance and lopped $30 from the conventional fine for speeding. Phillips paid and took his car out of hoc.

Motorman Held for Trespass.

On a charge of malicious trespass Earl Stevens, an imported motorman employed by the Traction company, was arraigned before Judge Kerr and a continuance was taken until Saturday morning. The company furnished $50 bond for Stevens and $25 for Ross Dickinson, conductor on the same car with Stevens, who is held as a witness. Complaint was made by Herbert Gladbach, 145 Esmond street, who drives a jitney bus, that Stevens, raced his street car at full speed on Calhoun street and ran him down in front of the Hayes hotel, Tuesday night. Gladbach declares the motorman deliberately crashed into him. Stevens and Dickinson were arrested at 12:30 by Officers Glenn Johnson and Frank Cheviron. A half-emptied pint bottle of whisky was found on Conductor Dickinson. A short time before the collision with Gladbach's jitney the same street car in charge of the same crew collided with another jitney at East Creighton avenue and Winter streets. The jitney was driven by M. Quandt, 2329 Lillie street and was put out of commission. Gladbach's car was badly damaged.

Young Bruiser Is Fined.

Roy Carter, a well-dressed and clean-looking youth employed at the lunch counter in Jack Hedge's saloon, 106 East Columbia street, was fined $30 and costs and given a suspended sentence of thirty days in jail for assault and battery committed Saturday night, October 23, on John W. Finney, an aged man who resides at 110 West Superior street. Finney was found that night on Calhoun street, just off Columbia street, by Patrolman Charles Eisenhut. The man was drunk and had a terrible gash in his forehead. He could give no account of himself or how he had been injured save that some one had assaulted him. Investigation disclosed that Carter was the assailant. Finney was charged by Carter with coming into the saloon and abusing him and after being ejected by the bartender continued standing in front of the place and continuing his insults. Carter went out and knocked Finney down. Carter was tried in Justice Grabner's court two months ago for assault.

Other City Court Cases.

Charles Gillinwater, a drunk, was fined $1 and costs and Oliver Wood, another drunk, was turned loose.

The case of Mendel Frank, charged with assault and battery on a little Italian lad, was continued until Saturday.

Ed Bailey, for child neglect, was continued on his own recognizance until December 3 and promised to pay $5 a week for support of his children.

Alfred Dahl, arrested by Captain Henry C. Stoll, of the Pennsylvania railway police, for train climbing, Tuesday afternoon, was continued under $100 bond until November 10 that he may be investigated. When arrested he was found to have a deputy sheriff's badge and warrant issued to him in Brooklyn, N. Y. He says he was sworn in as such an officer, but left Brooklyn to try his fortune in the west and was journeying home by freight when arrested.

EARLY MORNING FIRE CAUSES HEAVY LOSS

A fire caused by sparks from the chimney at 3:55 o'clock Wednesday morning caused a damage of nearly $1,000 to the residence at 702 Forest avenue, owned by A. Hauck and occupied by the families of Albert Russel and Charles Barber. The entire upper story was ruined but firemen succeeding in saving the lower floor without any serious damage.

Mr. Russel arose early Wednesday morning and started the fire. A half hour later he discovered that the entire roof of the house was a mass of flames. He aroused the other members of the household and immediately sent in a call to the fire department. No. 6, No. 1 and the chemical of No. 3 answered the call.

Superfluous Hair Removed By Dissolving

The new way of removing superfluous hair safely and quickly is by dissolving them away. This is accomplished in a really remarkable way by the use of a brand new toilet preparation which is known as the new Sulfo Solution. This is a rather thick, golden, creamy, pleasant scented liquid, and which can be obtained at any drug store. This preparation is simply applied with the fingers or a cotton swab to the hair to be removed. The hair begins immmediately to dissolve, and the cream is wiped off, leaving the skin in superb condition, milk white, soft and smooth. Sulfo Solution is as harmless as water to the most delicate skin. It is impossible for it to irritate, redden or spot the skin, as is the case when other hair removers, pastes and liquids are used. It removes any hair no matter how bristly and thick, and it is impossible to detect that a hair remover has been used. Sulfo Solution is made by Cooper Pharmacal Co. of Chicago. It costs $1.00 a large bottle, and is sold in Fort Wayne by Meyer Bros. Co., and Dreier Drug Co.—Advertisement.

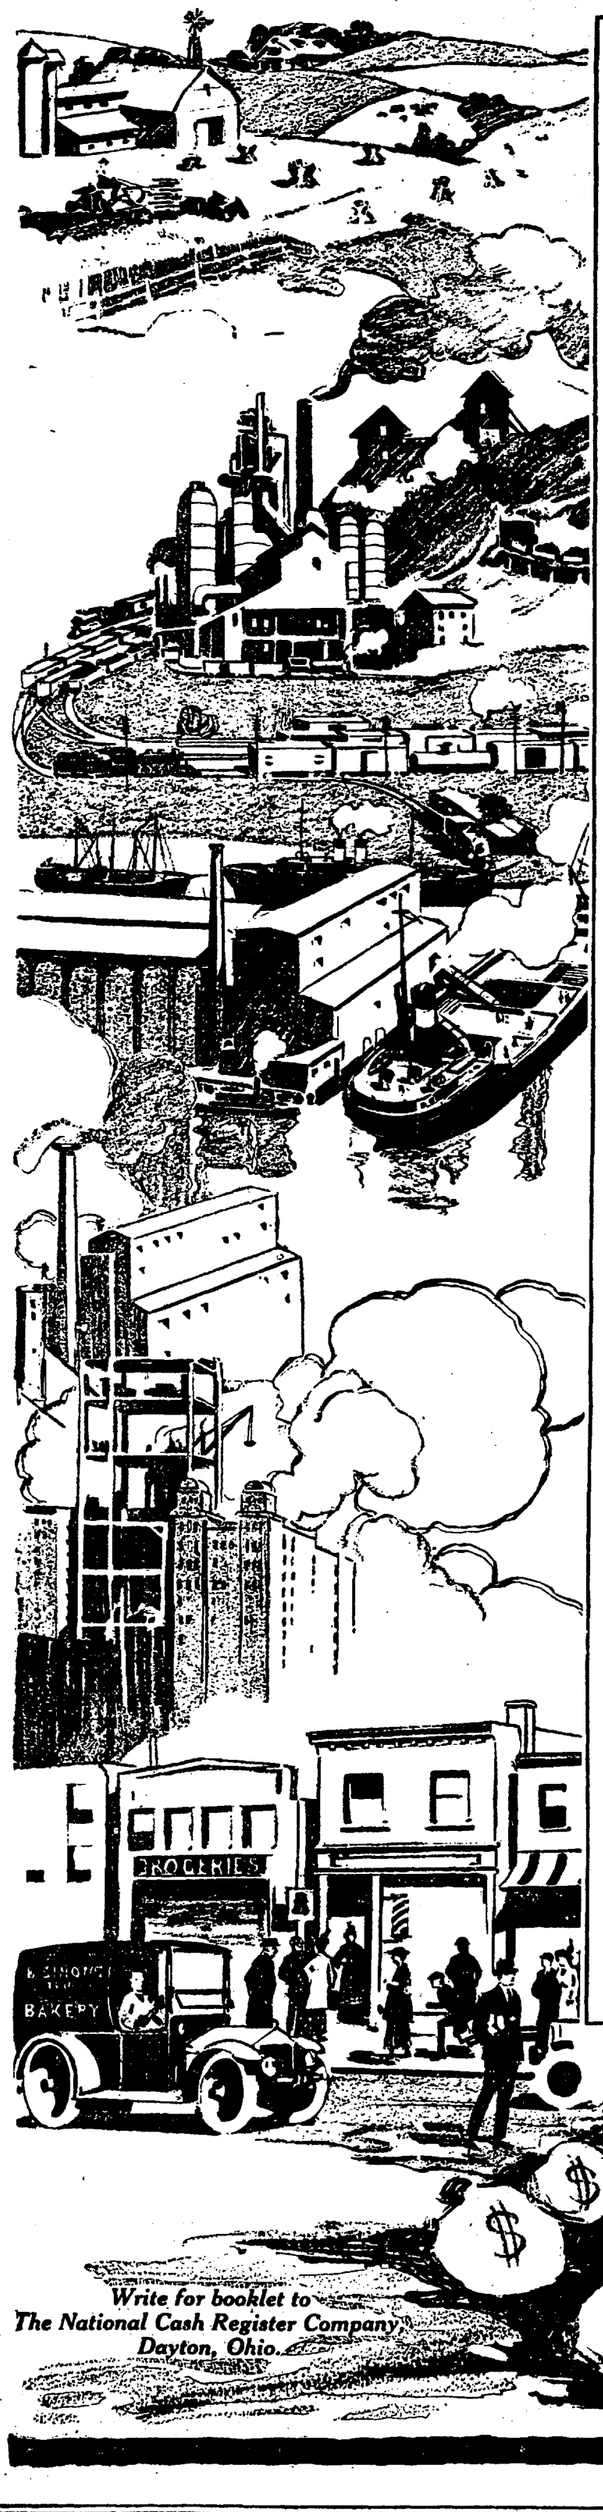
Business is booming!



Dayton, Ohio.

Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a comb...ation of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.

THE SENTINEL'S DAILY SCRIPTURE READING.

Exodus 32:25-35.

25 And when Moses saw that the people were naked, (for Aaron had made them naked unto their shame among their enemies,)

26 Then Moses stood in the gate of the camp, and said, Who is on the Lord's side? let him come unto me. And all the sons of Levi gathered themselves together unto him.

27 And he said unto them, Thus saith the Lord God of Israel, Put every man his sword by his side, and go in and out from gate to gate throughout the camp, and slay every man his brother, and every man his companion, and every man his neighbour.

28 And the children of Levi did according to the word of Moses: and there fell of the people that day about three thousand men.

29 For Moses had said, Consecrate yourselves today to the Lord, even every man upon his son, and upon his brother; that he may bestow upon you a blessing this day.

30 And it came to pass on the morrow, that Moses said unto the people, Ye have sinned a great sin: and now I will go up unto the Lord; peradventure I shall make an atonement for your sin.

31 And Moses returned unto the Lord, and said, Oh, this people have sinned a great sin, and have made them gods of gold.

32 Yet now, if thou wilt forgive their sin—; and if not, blot me, I pray thee, out of thy book which thou hast written.

33 And the Lord said unto Moses, Whosoever hath sinned against me, him will I blot out of my book.

34 Therefore now go, lead the people unto the place of which I have spoken unto thee: behold, mine Angel shall go before thee: nevertheless, in the day when I visit, I will visit their sin upon them.

35 And the Lord plagued the people, because they made the calf, which Aaron made.

Casting Up the Results.

The outstanding feature of the result of elections held in ten states on Tuesday is, of course, the decisive fashion in which woman suffrage was sent down to defeat in New York, Massachusetts and Pennsylvania. In each case the majority against granting the ballot to woman reaches figures almost monumental. The magnitude of the defeat rather than the defeat itself constitutes the striking phase of the count, for it is seriously to be doubted if any person even fairly well-informed on the outlook actually expected equal suffrage to win at this time. The ultra-conservative east is "set" in its ways, and it looks askance at any departure from the old rules of the governmental game. This is shown again in New York's rejection of the new state constitution framed by the recent convention in that state. With the mettle of the equal suffrage advocates, however, nobody believes that the suffrage matter is irrevocably killed. The fight will continue, and it will come up again as quickly as it is permitted under the various state laws.

Ohio has rejected state-wide prohibition, but with much less vehemence than a year ago, when the majority against it was some 84,000. There has been a gain of more than 40,000 votes for the Ohio "drys" in a single year. This showing, in a state in which numerous large towns make the odds all against the "dry" movement, is in itself no small victory, though the prohibition forces failed in their main effort.

Republicans have carried Massachusetts and on the face of the returns have gained one representative in congress from New York in an election to fill a vacancy occasioned by death. Inconsequential gains for the republicans are also apparent in some of the state legislatures. As an indication of the general political drift over the country the present results are of little value for the reason that interpolated special issues claimed in almost every state infinitely more attention than did party lines. Even in states where governors were chosen there was in most cases the question of suffrage or some other overshadowing issue to prevent anything like a test of actual party strength. As a forecast of what is going to happen next year the result is almost valueless.

The discovery of a mysterious worm in the water supply of the reservoir neighborhood in the southeastern section of the city is, of course not an inviting fact for contemplation, but it gives occasion for nothing resembling a panic. It is assumed that the unwelcome tenants acquired their temporary occupancy by way of the reservoir, where anything like a perfect filtration system is a difficult matter, and city authorities will lose no time in remedying the occasion for complaint. Repeated tests, made at frequent intervals, have shown Fort Wayne's water supply free from dangerous conditions. In the present instance all real danger may be avoided by boiling the water—which is always an excellent thing to do whether visible contamination is present or not.

State Food and Drug Commissioner Bernard announces that he is going to close up those saloons which refuse to obey the Indiana pure food and sanitation laws, and that the fact that a liquor shop has a license will not save it if it is a transgressor of the pure food laws. You can prove by an overwhelming majority of the liquor dealers that this is positively the last straw, and that the boasted liberty of this great and glorious country properly belongs in that miscellaneous category of things which in classic circles are technically termed "bunk."

During Vice President Marshall's absence from Washington on his summer vacation there is said to have accumulated in his rooms some hundreds of copies of new books which have been sent to the vice president with the compliments of the ambitious authors who cannot resist the temptation to try their literary efforts out on the vice president. Mr. Marshall cannot, of course, prevent budding genius from sending him its books, but, glory be, he doesn't have to read 'em all.

The appeal on Judge Paris' decision upholding the new Indiana primary law with the exception of the free-payment section has now reached the state supreme court under a joint agreement of plaintiffs and defendants. Both are anxious to have a final and definite ruling on the new law without unnecessary delay, for upon it will hinge the method of nominating candidates for office in Indiana next year. It is expected there will be little delay, for the supreme court bench will at once address itself to a consideration of the proposition.

Progressive State Chairman Lee has opened party headquarters at Indianapolis and announces that they will be maintained continuously until the close of the campaign next year. Moreover, Mr. Lee is getting about the state giving a rather lively exhibition with a party organization that has been popularly supposed to be a perfectly decorous political corpse.

CHICAGO MAYOR HAS PRESIDENTIAL BEE

"Bill" Thompson's Eye is Said to Be Trained on Washington.

Chicago, Nov. 3.—William Hale Thompson, formerly known as Bill Thompson, now mayor of Chicago, is considered by many Chicagoans and by many inhabitants of the United States as well, as a possible candidate for president at the coming election.

Here's Bill's pedigree:

He used to punch cows on a Wyoming ranch.

It is said that Bill could grab a

William Hale Thompson

bull by the tail and by twisting it (the tail, not the bull), could make said bull lie down at his feet.

However, this may not be true.

Anyway, Bill went to Chicago, was made captain of the Chicago Athletic association footall team, copped the world's championship; then, somehow or other, got named for mayor, and was elected by the largest majority ever given any mayor of any city any time.

Soon after he was elected, William Hale Thompson discovered a street car strike. People were going to work afoot, walking miles. Women had to "hook rides" on express wagons, and everybody was late getting to the office, also getting home to supper.

So Bill, the same who used to twist the bull's tail, grabbed the millionaire directors of the street car company by the scruff of their necks and chucked them into his private office with the labor leaders.

He locked the door and put the key in his pocket and told them to reach a settlement before they got out.

The chairs in Bill's office are the hard-bottom kind, and they don't serve meals there. And there were other reasons why they were quick at reaching a decision.

And now they all like Bill.

Then he tackled the adjustment of the building trades lockout, and fixed that.

He collected $375,000 in record time for the Eastland disaster sufferers.

The fact of the matter is, William Hale Thompson has a simple, frank, candid way of approaching things, eliminating every thought except that which is for the best interests of his community and all concerned. More recently he has gained new fame by insisting on an observance of the Sunday closing law in Chicago.

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padghan, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.—Advertisement.

MONROEVILLE NEWS.

Monroeville, Ind., Nov. 3.—Mrs. C. Van Meter and babe are visiting relatives at Frankfort, Ky., while Mr. Van Meter is away erecting a mill for Debolt & Niswonger at Thackery, Ohio.

On next Sunday the Sunday school services at the M. E. church will be entirely in charge of the men of the church. Seth F. Painter will act as superintendent and all the class teachers will be men. There will be a short program given and everybody and especially the men of the community, are invited to attend.

Wm. Murchland, who has been ill for several weeks is reported in a very serious condition.

Grandma Allegar's condition is reported to be about the same.

Mr. and Mrs. S. J. Felger, Mrs. F. B. Davis and daughter, Vivian, spent Sunday with relatives in Fort Wayne.

Samuel Mull, who has been on the sick list for the past two weeks, is able to be out again.

Geo. Peckham, who is now working in Detroit, was home over Sunday with friends and relatives.

John Knox and family have moved here from Convoy to the Webster property in the east end of town.

Mr. and Mrs. L. E. Wright were at Lima, O., Sunday, the guests of Mr. and Mrs. W. I. McClure, Mr. Wright returning home Monday and Mrs. Wright remaining for the rest of the week.

Henry W. Felger and family, of Fort Wayne, spent Monday with Mr. and Mrs. S. J. Felger.

H. S. Jones and J. M. Jackson were at New Haven on business Monday.

Mr. and Mrs. Clarence Schell, of Fort Wayne, were Sunday guests of Mr. and Mrs. J. O. Laughlin and Mr. and Mrs. Chas. Krick.

Mrs. Wm. Richards, of New Haven, spent Saturday with her daughter, Mrs. Clark David and family.

Mrs. J. B. Miller, who was operated on at the hospital in Fort Wayne Saturday, stood the operation nicely and will recover unless something unforeseen sets in.

Mrs. T. S. Heller, of Fort Wayne, and Josh Houseman, of Alabama, were Tuesday guests of Mr. C. A. Nill and family.

Mr. and Mrs. C. A. Nill and Mrs. Maud Griffith were in Fort Wayne Sunday as the guests of Mr. and Mrs. Albert Blaising at their home in Forest Park.

Mr. and Mrs. Philip Schlemmer, of Monroeville, and Mr. and Mrs. Britz, of Chicago, were the guests of Mr. and Mrs. E. M. Murfield last Wednesday

The Junior class of the high school was entertained at the home of Miss Grace Youse last Saturday evening at a Hallowe'en party. The members of the class and a few friends came masked and all enjoyed a merry time with games, contests and music. Byron Sweany carried away the honors in a guessing contest and at a late hour a splendid lunch was served.

The local Masonic lodge will confer the Fellowcraft degree on three candidates at its regular meeting this evening.

Master Clyde Youse entertained the Knights of Honor class of the Lutheran Sunday school at his rome last Friday evening. The boys enjoyed themselves with Hallowe'en games and jokes and Mrs. Youse served a dandy lunch.

Mrs. W. E. Savio and babe, of Cleveland, O., who have been here for several weeks visiting her parents, Mr. and Mrs. W. E. Reynolds, will return home the last of this week.

Forest Murfield, of this place; Miss Nellie Murfield, Miss Ethel Barnhart and Jack Spanley, of Fort Wayne, figured in an auto accident north of town Sunday. One of the wheels of the machine ran into a rut, something broke, the wheels spread and threw the occupants into the ditch. All were bruised up considerably but luckily escaped serious injury.

A pleasant social event of Hallowe'en week was the "Ghost Party" of the Twentieth Century club at the home of Mr. and Mrs. C. A. Nill, Monday evening, with Mrs. Maud Griffith as hostess. The rooms were decorated with black cats, pumpkin faces, chrysanthemums and fall roses and at a late hour a delicious luncheon was served. Members and guests present were Miss Helen Jones, Mrs. Ethel Krick, Mrs. H. S. Jones, Miss Maggie Connelly, Mrs. J. O. Laughlin, Miss Flora Peters, Miss Amy Lindemuth, Mrs. C. A. Nill, Miss Louise Spake, Miss Addie Durnell, Miss Gladys Jones, Mrs. J. F. Niezer, Mrs. G. E. Spake and Mrs. J. W. Edwards.

Beware of Cheap Substitutes.

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.—Advertisement.

THOSE SHOUTS ARE BETRAYING—

—the horns are all braying, the crowds are insane in the bleachers. There are doctors and farmers and pretty young charmers, and a bunch of old baldheaded preachers, but everyone's jumping, and all hearts are thumping, for here comes the college's hero! He's sent the ball sailing right over the railing, and held our old rivals to zero! His face is all bloody, his harness is muddy, his forearm is broke in three places; his right leg is shattered, his left leg is battered, and he won't run any more races, but why should he worry or be in a hurry, after winning the game of the season? By fancy drop kicking he gave them a licking and silence is now worse than treason! So yell like a siren with voice box of iron, and stamp on the planks with your pedals! O! Shade of Old Nero, bow down to our hero! We'll cover his bosom with medals!

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Tomorrow will be election day.

Dr. John Seaton is confined to his bed by sickness.

H. N. Ward, the china merchant, is confined to his home by illness.

Miss Louise Robertson will go to Cleveland this week to visit friends.

Mrs. Willis Hattersley is convalescent after an illness with typhoid fever.

The new three-story addition to the American wheel works is going up rapidly.

J. K. McCracken, general manager of the Louisville, St. Louis & Texas railroad, is in the city.

Hon. John W. Hayden and Hon. Harry C. Hanna will address a republican meeting in Avilla this evening.

A fine dog, while jumping over the iron fence in front of the Williams premises on West Wayne street, was impaled on a picket and died soon afterwards.

James M. Kane has returned from McKeesport, Pa., whither he was summoned by the illness of his daughter, Mrs. Skelly, who is now out of danger.

..Mr. and Mrs. August J. Detzer have returned from their bridal tour in the east and are registered at the Aveline. They will shortly occupy their residence at 155 West Wayne street.

The special committee of arrangements for the convention of the Knights of St. John, in this city next June, held a meeting last night. The convention will be by far the largest ever held in Fort Wayne.

Mason Long has returned home after a tour of six months with his singers through Indiana, Michigan, Illinois, Wisconsin and Iowa. The tour was made entirely by wagon and the "Pilgrims" had a pleasant and successful trip.

T. B. Shoaff, of New York city, has purchased of Stephen C. Taber the tract of land bounded by Fairfield avenue, Brackenridge and Baker streets, known as Ewing's grove, and will plat it into lots to be sold for about $1,000 each. S. C. Lumbard will act as Mr. Shoaff's agent. The price paid for the property was $32,500.

INDUSTRIAL SHOW OPENS.

Marion, Ind., Nov. 3.—An industrial exposition in which "made in Marion" products are exhibited, opened in the civic hall of this city. The show will continue throughout the week. The manufacturers of Marion have on display samples of manufactured products and in some instances the process of manufacturing is illustrated by machinery, in charge of skilled operatives.

The city is decorated with flags and bunting. An immense arch has been constructed over Adams street, opposite the civic hall. Many features of entertainment have been provided. A stage has been constructed in Second street, where folk dances and other forms of entertainment will be given.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Myers Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, The Family Drug Store and other leading druggists in this vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back as found in each large box.—Advertisement.

NEWS OF FORT WAYNE'S NEIGHBORS

EAGLES ARE REORGANIZING.

Hartford City Lodge, From Which Charter Was Taken, Soon to Be Ready.

Hartford City, Ind., Nov. 3.—The Eagles lodge in this city will have been fully reorganized by the end of the present week and will be in operation in about two weeks, according to Dr. G. W. Sweigart, formerly prominent in the lodge here. Already about thirty names have been signed to the petition, asking that the charter be granted, which is many more than is necessary, in making the application to the grand aerie, at Kansas City, Dr. Sweigart says. The charter under which the newly organized lodge will be started will be the same number and same form as the one which was taken from the lodge only a short time ago and will be the same throughout with the exception that the names of the charter members will be different, it is said. Many of the old members will return to the lodge while others declare they have had "enough." One of the objects in revoking the charter of the lodge, it is said, was to rid the local organization of some undesirable members.

POSED AS A SINGLE MAN.

Hartford City, Ind., Nov. 3.—His action in posing, for several months, as a single man and then eloping with the victim of his deception, has landed Jesse Martz, aged about 23 years, well known baseball player, behind the bars in the Blackford county jail, where he is held in absence of $1,000 bond. The specific charge against Martz is child desertion, filed by his wife, Mrs. Cora Martz, who has been residing at the home of her parents, Mr. and Mrs. Jacob Moore, in this city. Martz has been working during the past summer, for the county surveyor of Jay county. There he met Miss Selma McLaughlin, the eighteen year old daughter of Mr. and Mrs. Wiley McLaughlin, a prominent and respected family of the Jay county seat. Saturday the pair eloped going to Muncie, where they spent the night. They were pursued and the girl learned, when overtaken, that her lover was already a married man.

FINED FOR KILLING 'COONS.

Huntington, Ind., Nov. 3.—If Monroe Welker of Lancaster township had waited three days longer after he had found the dwelling places of three racoons, he would have been $20.50 richer. As it is, however, Monroe is ruefully contemplating how he will make the three coon hides and a couple of skunk hides pay for the fine he disgorged in Squire G. W. Stults' court. Welker was placed under arrest by Deputy Game Warden John Rigsby, of Goshen, and Constable James Johnson, of Huntington, on a charge of killing fur bearing animals out of season. He pleaded guilty to the offense and was fined $20.50. The open season for fur bearing animals began Monday, but Welker's offense was committed Friday night.

JUDGE COOK OUT FOR CONGRESS.

Huntington, Ind., Nov. 3.—Judge Samuel E. Cook, of the Huntington circuit court, formally announced his candidacy for the democratic nomination for congress of the Eleventh district. Judge Cook stated that for some time he has contemplated making his announcement, and as the time for the primary is now but a few months away, he feels that it is proper for the announcement to come at this time. This is the first announcement of any man's candidacy in this district, although in many other districts in the state announcements have been made for some time. Judge Cook is well known throughout the district, having for many years taken an active interest in politics.

VICTIM OF TUBERCULOSIS.

Columbia City, Ind., Nov. 3.—Carlos Bates, son of Hamlin Bates and wife, of Etna township, died at the home of his parents from tuberculosis. He had been ill all summer. Early in the spring he accepted a position at the McNear store in this city, but was compelled to give the work up on account of poor health. The deceased was born in Etna township and was 25 years, 8 months and 17 days of age. Besides his parents, he is survived by three sisters, Elsie, Oma and Eva. He was a fine young man and his death is deeply felt by members of the family and a large circle of friends.

WARSAW SOUSES TO FARM.

Warsaw, Ind., Nov. 3.—Four drunkards, of Warsaw, James and Frank Barfelt, Alpheus Kern and George Engle, have been sentenced by Mayor Richardson to serve ninety days at the penal farm. These men are the first to be sent from this city since the institution was opened. The men were take this morning by Sheriff Huffer. George and Roy Clouse, of Pierceton, father and son, were arrested on a charge of drunkenness and brought to this city and placed in the county jail. It is probable that they will be sentenced to serve a sentence at the penal farm.

SEE ROBBER IN THEIR HOME.

Van Wert, Ohio, Nov. 3.—While the family were at supper, a robber entered the home of Mrs. Thomas Geppert, 309 West Jackson street. The man was discovered before he had had time to take anything of value. Mrs. Geppert had finished supper and the family were seated at the table talking, when they heard a noise in the parlor, sounding as if someone had fallen over a chair. Mrs. Geppert could see into the room from where she was sitting. She looked up and saw a stranger in the room. She then cried for help and ran to the hall, where she saw a man running out of the door.

VAN WERT O. E. S. ELECTS.

Van Wert, Ohio, Nov. 3.—At the annual election of the Van Wert Chapter No. 48, Order of the Eastern Star, held Monday evening, the following officers were elected: Worthy matron, Dora Smith; worthy patron, Dewite Budd; associate matron, Effie Evans; secretary, Maud Ferguson; treasurer, Ollie Dettmer; conductor, Flora Terrie; associate conductor, Mary Trowb.

TO VOTE ON HIGHWAY DEC. 21.

Albion, Ind., Nov. 3.—Tuesday, December 21, is the day fixed by the county commissioners to vote on whether or not the improved highway shall be constructed from Kendallville through Ligonier to the west county line. The commissioners investigated the reports of the viewers in thorough fashion and then fixed the election day. They decided that the four townships affected should vote as a unit, meaning that a majority of all the votes cast shall determine the result. According to the viewers the cost of the road, of concrete construction, is estimated at $274,717.66. The road as surveyed extends 21.21 miles, making the estimated cost $13,000 a mile. The road extends from Kendallville through Brimfield, Wawaka and Ligonier, to the west county line. The townships passed through are Wayne, Orange, Perry and Elkhart.

WEDDED PAIR HELD AS VAGS.

Kendallville, Ind., Nov. 3.—Charged with vagrancy, Mr. and Mrs. William Betrand, of Saginaw, Mich., who have been in the city since Saturday, were Tuesday taken to Albion, where they will spend the next twenty days behind the bars. Mrs. Betrand, an aged woman, was making the rounds about the city Saturday selling chances and begging money, stating that her husband, a cripple, was at home and eagerly waiting for her return with hopes that she would have sufficient money to take him to the sunny southland for the winter. She was arrested Sunday evening. Monday afternoon her husband appeared on the scene, and he was also locked up.

MARY NOT USED TO IT.

Bluffton, Ind., Nov. 3.—Miss Mary Fitzpatrick was badly shaken up in a fall at the city engine house, where she was a member of a company entertained by Mr. and Mrs. Ralph Davis. A number of the party were sliding on the steel pole leading from the Davis apartments to the fire company's room below. Miss Fitzpatrick tried to slide and had moisture on her hands. The result was a blister on one palm which caused her to loosen her hold. She fell several feet, but escaped with a mere shaking up and recovered after a short rest.

CHILD DIES OF STRANGULATION.

Hartford City, Ind., Nov. 3.—John Cronin, six years of age, son of Mr. and Mrs. Joseph Cronin, died of strangulation Tuesday, about fifteen minutes after he had been taken, as a last resort, to the Hollis hospital, in north High street. It is not known positively whether the child had diphtheria or not. Portions of the trachea and larynx were sent to Dr. Edlavitch, at Fort Wayne, Tuesday afternoon, to be incubated, in order to bring out whether they contain diphtheria germs.

FIRE AT LINN GROVE.

Bluffton, Ind., Nov. 3.—An old dwelling house on the premises of Levi Meshberger, near Linn Grove, was destroyed by fire. Mr. and Mrs. Meshberger have recently moved into a fine new brick residence, but they still used a part of their old dwelling as a summer kitchen. They attended church at Vera Cruz, leaving two sons at home with instructions to start a fire in order that dinner could be cooked quickly when their parents arrived home. The boys put too much kindling into the stove and the hot flue set fire to the roof. There was very little of value in the house as most of the furniture had been moved into the new house.

Martin—Hursh.

A Fort Wayne young man who was the groom at a beautiful wedding that took place in Auburn, on Tuesday afternoon, was Mr. Robert Boyd Martin. Mr. Martin's bride was Miss Anna Violet Hursh, a daughter of Mr. and Mrs. J. C. Hursh and the wedding ceremony at the home of the bride was performed by Rev. A. B. Garman, pastor of St. Mark's Lutheran church. There were no attendants to the bride and groom but about forty guests were present. The bride was dressed in white net hung over white taffeta and she held a bouquet of bride roses. A sumptuous repast was served after the bride and groom had received the felicitations of the company. When they left for their wedding trip for a week's absence, the bride wore a dark green velvet suit trimmed with fur and a hat to correspond in material and color. The bride was graduated from the Ossian high school and Tri-State college and since then has been teaching in Allen county, where she has made many friends. The groom is a son of Mr. and Mrs. R. C. Martin, of this city, and is a pharmacist for the Dreier Drug company. Mr. Martin was also graduated from the Tri-State college with an A. B. degree. Mr. and Mrs. Martin will make their home in this city. Out of town guests at the wedding included Miss Ida Kreigh and Miss Nellie Rupright, of Ossian; Mr. and Mrs. H. H. TEACH MUSIC IN SCHOOLS.

David Bispham Believes It One of the Best Ways of Cultivation.

David Bispham, the distinguished American baritone, who will shortly appear in Fort Wayne as Beethoven in the one-act play "Adelaide," in conjunction with which Mr. Bispham and his company will offer a miscellaneous concert called "The Rehearsal," believes that music should be a part of the public school course. A great deal of the musical development of this country in recent years can be traced, he believes, to the increased interest in music among pupils and teachers. "In fifty years there has been a steadily increasing demand for good music. The cultivated people of both continents are paying an immense amount of attention to music, and are satisfied only with the very best. You see evidences of this development on every hand. The number of orchestras now playing evidence the very general, the almost universal nature of our musical tastes."

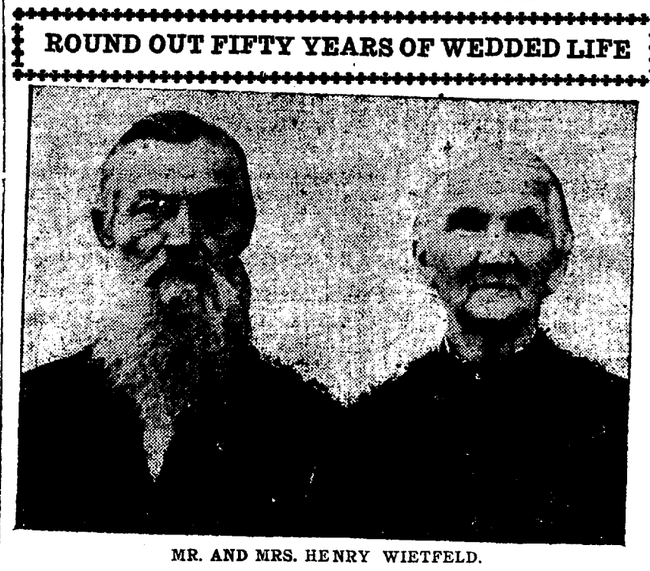
ROUND OUT FIFTY YEARS OF WEDDED LIFE



MR. AND MRS. HENRY WIETFELD.

After a half century of wedded life, Mr. and Mrs. Henry Wietfeld, of 1203 Park avenue, gave due observance to the day, on Monday, Nov. 1, by having from sixty to seventy relatives and friends gather at their home for a pleasant visit and other due observance of so important a day. Rev. Philip Wambsganss, of whose church Mr. and Mrs. Wietfeld have been members during their residence here, delivered a short address at the time, and Prof. Herman Hahn, of Emmaus school, had charge of an excellent musical program. Abundant refreshments were served. Both Mr. Wietfeld and his wife were born in Hanover, Germany, but have lived in Indiana the most of the time since they came to this country when they were children. Mrs. Wietfeld's maiden name was Louise Tiemann. Both her family and Mr. Wietfeld's family lived in Adams county and their wedding took place there. Since 1912 Mr. and Mrs. Wietfeld have lived in this city. The following are their children: Mrs. Charles Kunning, Louis Wietfeld and Mrs. Herman Grote, Fort Wayne; Edward Wietfeld, Fuelling settlement; Mrs. Martin Grodrian, Mrs. Henry Lassen and Carl Wietfeld, Fort Wayne; Mrs. Martin Kiefer, Friedheim and Herman Wietfeld, Fort Wayne. Besides the children, thirty-three grandchildren attended the golden wedding yesterday.

LARGE FEES IN WILL CASE.

Plaintiffs in Caldwell Case, Dissatisfied, May Again Take Up Fight.

Lafayette, Ind., Nov. 3.—The celebrated Caldwell will case, involving an estate of $1,500,000, which was recently compromised, probably will be reopened. A few days ago in the Benton county court the plaintiffs, who were suing to set aside the will, accepted a compromise in the form of $250,000, which was to be paid to them in instalments. Dissension has arisen among the plaintiffs and there is talk of making a move to set aside this judgment.

The court today awarded large fees to a number of the attorneys in the case. J. D. Chancellor, of Fowler, who effected the compromise, received a fee of $15,000. Kumbler & Gaylord, of this city, received $20,000 in payment for services to the plaintiffs. Stuart, Hammond & Stuart received $34,500 for services to the estate, and Frazer & Isham, of Fowler, received $23,100 for their services.

WOMAN ATTACKED IN HOME.

Mrs. Ella Brockman, of Logansport, Found Unconscious by Nephew.

Logansport, Ind., Nov. 3.—Mrs. Ella Brockman, age fifty, is in a critical condition as a result of a murderous assault made on her in her apartments on North Third street. Mrs. Brockman was asleep when an unidentified man entered her room and, seizing her about the neck, choked her into unconsciousness. When found by her nephew, George Long, the woman was lying on the floor with a handkerchief in her mouth, bound hand and foot. Since the attack Mrs. Brockman has regained consciousness, but has not spoken a word, although at time it appears she is making an attempt to talk. No trace of her assailant or the motive for the assault it known.

COMMODORE BROWN DEAD.

Was Born and Reared in Lafayette—Brilliant Career in Navy.

Lafayette, Ind., Nov. 3.—Lafayette people were shocked on the receipt of news of the death of Commodore Guy W. Brown, U. S. A., retired, at his home in San Diego, Cal. Heart disease was the cause of death. Mr. Brown was born in this city fifty-seven years ago and all of his early life was spent here. He was a son of Dr. Levant R. Brown, a pioneer physician and druggist. Commodore Brown was the owner of business property here. Mr. Brown entered the United States military academy at the age of eighteen. He was captain of the flagship New York in the Spanish-American war and rendered gallant service. As captain he also made a trip around the world with Admiral Bob Evans. Two years ago he retired with the title of commodore. He is survived by the widow and two children. A half-brother, Levant R. Brown, graduate of Purdue, is holding a government position in the Philippine islands.

APPLY IT TO FAT HIPS--SEE FAT GO

Any Part of the Body Can Now Be Reduced Quickly by Senzo Reducing Cream.

Several inches off the hip measure in a week or two—several inches off the waist, fat, pudgy ankles made slender—and other reductions of fat on different parts of the body—this is what may now be done by the remarkable, new fat reducer, Senzo Cream.

The results of this reducer are surprising. It renders internal remedies unnecessary. Those who have used it say it does what no treatment taken internally can ever do—reduces fat from any part of the body just where you want it taken off.

Nothing to put into your stomach, no tiresome exercises, no diet—nothing but the simple use of this cream does it. Ankles, arms, hips, neck, double chin, feet, hands, bust, waist—any part of the body may be reduced to normal, naturally, easily, quickly. Try it.

Senzo Cream is sold by druggists at $1.00 a large bottle. Sold in Fort Wayne by Meyer Bros. Co. and Dreier Drug Co.—Advertisement.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Advertisement.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty.

Spend 25 cents! Dandruff vanishes and hairs stops coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advertisement.

VON BUELOW IS NOT TO DISCUSS PEACE

Madrid, Nov. 3.—Via Paris.—Formal denial is made in a statement issued at the German embassy that Prince von Buelow intends to discuss possible peace terms here and in Washington.

A dispatch from Corruna says the former imperial chancellor of Germany, who is now in Switzerland, where he was reported to have been sent by his government to initiate peace negotiations, is expected to arrive there aboard the Dutch steamer Tubantia.

POPE EXPRESSES REGRET.

Rome, Nov. 3.—Pope Benedict expressed regret today to cardinals who made inquiries that he was unable to give any hopeful assurance as to a ber. likelihood of early peace negotiations. Embassies of the allied powers here all officially deny that there is a foundation for the reports that a peace movement is under way.

Paris, Nov. 3.—"France will not sign a peace agreement until after her restoration by right of victory, and until she shall have obtained all guarantees of a durable peace," said Premier Briand today.

This statement wis included in the ministerial declaration of the new cabinet, which was read before the chamber of deputies and the senate. The premier read the declaration to the cham-

DR. BLISS IS GIVEN PLACE ON COMMITTEE

New Officers of State Conference on Charities and Corrections.

Richmond, Ind., Nov. 3.—The state conference of charities and correction came to a close last evening with addresses by Miss Julia C. Lathrop, chief of the children's bureau at Washington, and Rabbi Morris M. Feuerlicht, of Indianapolis, chairman of the conference committee on child welfare.

Timothy Nicholson, of Richmond, known as the "father of prison reform in Indiana," celebrated the eighty-seventh anniversary of his birthday and a dinner in his honor was given last evening, the toastmaster being Amos W. Butler, secretary of the state board of charities, and retiring president of the conference. Former presidents and secretaries of the organizations attended the dinner.

The following officers for the conference to be held in Indianapolis next May were elected: President, Prof. A. R. Charman, Terre Haute; vice presidents, Miss Vida M. Newsom, Columbus; Dr. George S. Bliss, Fort Wayne, and Howard Roosa, Evansville; principal secretary, Frank D. Loomis, Indianapolis; assistant secretaries, Miss Edna M. Henry, Indianapolis; Prof. E. H. Davis, Lafayette, and John Melpolder, Richmond.

Amos W. Butler was elected chairman of the executive committee. Among the other members of this committee are Dr. George F. Bliss, of Fort Wayne; Dr. F. W. Terflinger, of Logansport, and W. C. Ball and Mrs. U. O. Cox, of Terre Haute.

PROHIBITION FAILS IN OHIO BY 41,000

Temperance Forces Make Big Gains Over Showing One Year Ago.

Columbus, O., Nov. 3.—Though Ohio voters yesterday rejected state-wide prohibition for the second time in two years, great inroads were made by the temperance forces on wet territory. Fairly accurate returns from seventy-seven of the eight-eight counties of the state gave a majority of 41,000 against the prohibition amendment. Estimates on the official majority against the proposal from 30,000 to 40,000 last year, the prohibition amendment was defeated by a majority of 84,-152.

The voters not only rejected prohibition but also defeated by substantial majorities the other constitutional proposals and two laws enacted by the legislature. One of the rejected proposals was to prevent for six years a vote on a constitutional proposal which has been twice defeated. The other proposals were to exempt from taxation all public bonds and to extend the terms of county officials from two to four years.

Karl Keller, who succeeded Brand Whitlock as mayor of Toledo, was defeated in the election yesterday by Charles M. Milroy, a progressive, and former prosecuting attorney. The twenty-five year street car franchise lost, which means that the city will take over the street car system here. The election was not under a party name.

WISH QUAIL LAW CHANGED.

Daviess County Would Have December 10 to January 1 as Open Season.

Washington, Ind., Nov. 3.—Daviess county farmers desire the open season for quail changed from November 10 to December 20 to December 20 to January 1. Farmers fond of hunting feel the lawmakers did an injustice to the farmer when they passed the present hunting law, fixing the quail season. The farmers' objection to the law is that the open season comes when the farmer is busy gathering corn. Daviess county farmers are suggesting that the quail season open on December 10 and close January 1.

PARKING OF AUTOS IS BAD PRACTICE

Col. D. N. Foster Suggests a Remedy at Meeting of Realty Men.

Parking of automobiles on Court street was condemned in an address by Col. D. N. Foster, Tuesday evening, at the regular weekly meeting of the Fort Wayne Real Estate exchange at the Commercial club. He said that the practice not only inconveniences business in the locality but prevents business men in the city from parking their cars near their offices and places of business. He offered a remedy whereby the city might lease a small parking space to a farmer or out-of-town man for a small sum. A two story garage with basement could be erected for this purpose, he said.

The evil of blind advertising was brought to the attention of the exchange by W. E. Doud, the members going on record as opposed to such advertising. Hereafter members of the exchange will sign their names to all advertisements inserted in the newspapers by them.

Walton H. Ingham spoke on the questions of an auditorium, track elevation and improvements of the river banks. He urged the members of the exchange to take steps to aid in the solutions of these problems.

Mr. Foster declared that the auditorium problem would probably be brought before the citizens of Fort Wayne for a vote at the election next fall inasmuch as the state law has provided for it. He declared the proposition should be handled municipally and not by private interests.

Mr. Foster said the state had been extremely negligent in not taking action regarding a monument for General Henry W. Lawton at his grave in Arlington cemetery, Washington, D. C.

They're all here now

WE'VE shown you a few of the new fall Wooltex styles, enough to tell you what are the most prominent features of the new modes.

This week we invite you to attend a style exposition of still greater interest. This is our

complete fall showing of Wooltex tailored suits and coats

Graceful curves of a good figure are shown to the best advantage in this suit. Stout figures appear more slender. And withal, it is so refined and genteel. Note how it conforms to the correct style tendencies

Always, the Wooltex designers have kept carefully in mind the correct style tendencies, such as natural, graceful figure lines, belted or partial belted effects, and the smart flaring bottom lines of jackets and coats.

But with faithful adherence to style, they have varied the designs to provide garments that are becoming to each type of figure.

Wooltex garments for all types of figures

Are you stout? There are Wooltex models to give you a more slender appearance.

Are you slender? There are Wooltex models to add beauty to your graceful, supple figure.

Have you an unusually good figure? There are Wooltex models that are, as the French say, "caressing" in their charming suitability and gracefulness.

Whatever your figure, whatever your tastes, whatever your purse—there's a Wooltex tailored garment that will just suit you

Fur used to the best advantage, makes this a beautiful model, and a very fashionable one. There is remarkable grace and charm in its graceful lines. The belt is only across the front.

There's style and added value in Wooltex

In Wooltex tailored garments, you not only get correct style, but you get added value in superior materials, custom-quality tailoring, and a longer period of pleasurable service.

We'd like to show you just how Wooltex garments are made. You'll know, then, why they keep their fresh, new appearance so much longer than ordinary garments.

This week is a most favorable time to see the new Wooltex fall suits and coats, and to make your selection

A model that shows the style tendency in coats. The high collar with flare, the semi fitting lines to the waist, the short belt effects and flaring skirt are all marks of good style.

New York, Nov. 3.—There was a day of real high speed at the Sheepshead bay motor track in which Dario Resta, Ralph De Palma and Bob Burman shared in the glory, but the greatest honors went to Resta, who captured the 100 mile race and established a new American record for the distance. Resta's time was 56:55:71, which beats his own mark of 57:26, made last month on the same track in the Astor cup race, but not as fast as the world's record, made at rooklands, England, of 56:29:83.

It was a conglomerate of nationalities in the matter of cars and drivers, Resta, English born of Italian parents, won the race, which was for the Harkness gold trophy and a good slice of some $12,500. He drove a French made Peugeot car the full distance without a stop.

Kid Herman, of New Orleans, will be the next to get a chance at the bantamweight title, claimed jointly by Kid Williams and Johnny Ertle, but to which Williams has the best claim.

GETTING SET FOR CORNELL GAME

Michigan Crew is Working Hard Under Yost for Saturday Affair.

Ann Arbor, Mich., Nov. 3.—Wolverine gridiron athletes in practice this afternoon went at the work with more speed and dash than they have shown heretofore this season and a feeling of bonafide optimism was everywhere apparent. "Get Cornell," was the slogan which Coach Yost gave the boys and they responded with a vigor, more characteristic of a victorious eleven, than of a conquered team preparing for its crucial contest.

Every man on the squad was out in a suit and not one of those who played against Syracuse appeared any the worse for wear.

Yost made a couple of changes in the lineup, which he sent away for signal drill. Norton was a tackle in the place which Weske and Rehor had last Saturday, and Dunne was working at the end formerly occupied by Staatz. Otherwise, the team was the same which started against the Orangemen.

A defense capable of holding back the powerful attacks of the Redmen will be the aim of the coaches during this week. The scouts who have returned to Ann Arbor from watching the games which Cornell has played have given Yost the Ithacans' formations and the Michigan mentor has worked up a defense to stop the Cornell onslaught.

To perfect this defense Yost lined up two teams of the varsity squad against each other and then went through a mock scrimmage. Each man was shown the position he is supposed to occupy and just what he is to do.

GRACE REFORMED WINS.

St. John's Exenda basketballers should have won from the Grace Reformed crew last night. They admit it. But they lost 15 and 14, and all through the work of a referee who was as blind as the other fellow in a war argument. The St. John's also admit this.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.—Advertisement.

EDUCATED TOE OF TIBBOTT BIG FACTOR IN GRIDIRON BATTLE.

(By Brown Holmes).

Next to the great work of "Speedy" Rush, the new Princeton coach, the factor that has stood out most in the success of the Princeton eleven has been the play of Dave Tibbott, halfback. He is called the greatest halfback to wear the Tiger stripes in years.

Tibbott has not only starred in tearing lines to pieces of advancing through open fields, but in kicking field goals. He is expected to do more great work Saturday when the Tigers go against Harvard in the first game of the series between the "Big Three"—Harvard, Princeton and Yale.

The Tiger halfback will be especially matched against Eddie Mahan, Harvard captain, who is a second Brickley in kicking field goals.

In most of the "Big Three" games of recent years the elevens have been so evenly matched and the scoring of touchdowns so hard, victory has been a matter of a field goal or two.

The coming Tiger-Crimson battle may develop into another kicking affair in which the educated toe of Mahan or Tibbott may mean victory.

Princeton has not been beaten, while Harvard has been trimmed by Cornell. That gives the Tigers the edge in the race for the eastern championship.

The Tigers are rated away above the Yale eleven, which has already lost three games, so victory for the Tigers Saturday will just about cinch the title for them as they will be big favorites to trounce the bulldog the following week.

Tibbott and Captain Glick were held out of the Tiger lineup last Saturday in the game with Williams. The idea was to save them from chances of injury before the Harvard game.

The week before, however, Tibbott was a bear against Dartmouth. He kicked two field goals in the first period, one from the 35-yard line and the other from the 43-yard line. Later he scored a touchdown and kicked two goals from touchdowns.

OLDRING RETIRES FROM BASEBALL

Philadelphia, Nov. 3.—Rube Oldring, left fielder of the Athletics, has decided to retire from baseball. In the future he will devote his time to his large farm at Shiloh, N. J. The retirement of Oldring is somewhat of a surprise.

Manager Mack, of the Athletics, this morning said he had received notice from Oldring of his intention to quit the game and that was all he knew about the matter. Reports have been in circulation that Mack, after the close of the last season, intended to trade his popular left fielder to some other team and that because he was not satisfied with the deal Oldring kicked out of harness.

This Mack denied and said that if the retirement is really to take place it is entirely of Oldring's volition.

JESS WILLARD TO WORK FOR LIVING

New Orleans, Nov. 2.—Jess Willard for the first time since he became champion heavyweight pugilist, will defend his title in a twenty round bout in New Orleans early next March. Articles for the fight were signed here late last night for Willard by Tom Jones, his manager, and Dominick Tortorich and Tommy Burns, local fight promoters.

The championship bout will be staged here either on Saturday, March 4, or Monday, March 6, during the first week of the Mardi Gras carnival, the promoters announced. The agreement guarantees Willard $32,500 win, lose or draw. Willard, who has been here since last Saturday, when the negotiations began, leaves tomorrow for Los Angeles to spend a month with his family, whom he has not seen since his fight in Havana.

Negotiations are under way for the establishment of a Russian-American bank in Moscow.

Feel Like Taking a Stroll? O'Leary, 74, Will Go You for 1,000 Miles.

DAN O'LEARY.

Dan O'Leary, 74, has not walked 1,000 miles at a stretch for a couple of years and is getting restless. He is so anxious for a stroll he is willing to bet $500 he can beat anybody in the world in a hike of 500 or 1,000 miles.

This veteran of the hoofing game does not ask any handicap on account of his age. He is willing to race even up with youths young enough to be his grandsons.

O'Leary hopes to get a race out of his old rival, Edward Payson Weston, who is 77, but still quite a walker. A race between these veterans would be historical. They have already met three times in great contests in Chicago, London and San Francisco, O'Leary always winning.

O'Leary says he owes his long life and good health to walking and proper eating. He has been a walker since he was 19. He was a book agent then and in tramping around discovered he had unusual pedestrian ability.

In 1907, when he was 66, he gave one of the greatest exhibitions of human endurance ever known by walking 1,000 miles in 1,000 hours, going a mile at the beginning of each hour. It was claimed no man could do it.

O'Leary walks ten or twenty miles every day, but that is tame for him and he is hoping someone will accept his challenge for a 1,000 mile hike.

A TEN-HOURS NOD FOR A JITNEY FOR HOMELESS WANDERERS IN ONLY "NODDING HOUSE" IN WORLD.

Philadelphia, Pa., Nov. 3.—The only "nodding house" in the world has been opened in Philadelphia.

In a long room, reaching back for more than 100 feet at 235 North Ninth street, homeless wanderers will be given a shelter and warm place to sleep through the cold nights of winter at the rate of a half cent an hour.

The idea belongs to a Philadelphia philanthropist, named Goodchild, whose program is "a ten-hour nod for a jitney."

Nodding accomodations have been provided for 150 guests. The poor, tired wayfarer is given sitting space on a bench, with room enough on an upholstered shelf to pillow his arms and sleep with his head in that position. These upholstered nodding shelves are suspended by standards from the ceiling and attached to the sides of the walls. They are arranged so as to be breast high to the average man when seated on a bench.

Since the opening of the novel place it has been taxed to capacity nearly every night and Goodchild is planning bigger quarters before the real cold days of winter come.

The next cheapest thing to the "nodding house" are the lodging houses, which charge not less than 25 cents. In many of these there are no beds and the men are obliged to sleep on the floor.

For the difference in cost—20 cents—the wanderer who sleeps at the "nodding house" may enjoy the luxury of a plate of beans, bread and butter, soup and coffee in the ordinary lunch rooms.

NEW HAVEN NEWS.

New Haven, Ind., Nov. 3. The W. C. T. U. met with Mrs. M. A. Mason Tuesday afternoon and enjoyed a most pleasant meeting. Mrs. Hostettler, of Fort Wayne, gave a report of the state convention held recently at Muncie.

Byron Lake and family, of Harlan, were Sunday guests of his brother, James Lake, and family.

Mr. and Mrs. W. F. Null, of Aboit, spent Saturday here with Mr. and Mrs. J. Aukrum.

The remains of Mrs. Susannn Irelan, who died at her home in Fort Wayne, were interred in the I. O. O. F. cemetery Sunday afternoon.

A lecture will be given at the Methodist Episcopal church on Thursday evening, November 11, by M. S. Larimore. No admission will be charged.

Mr. and Mrs. Ed Botteron and daughter Pauline were entertained Sunday at the home of Mr. and Mrs. F. A. Blaising.

Several young people enjoyed a merry Hallowe'en masquerade party given by Miss Hilda Scheeler at her home Saturday night.

Mrs. P. B. Leach was a Fort Wayne caller Monday.

Mrs. Will Hanefeldt entertained the ladies of the Lutheran Sewing circle at her home this afternoon.

Rev. C. King was ill Sunday evening and unable to conduct the services at the M. E. church. Mr. Hawkins, of the Rescue Mission, took charge of the evening services.

Miss Elizabeth Powell attended the Morning Musical in Fort Wayne, Friday.

F. A. Blaising made a business trip to Fort Wayne Tuesday.

Mr. and Mrs. Freeman Smith entertained about forty guests at their home Sunday in honor of Mr. Smith's sixtieth birthday anniversary. A big birthday dinner was one of the most enjoyable features of the day's pleasures.

Mrs. F. A. Blaising received word Saturday of the serious condition of her nephew, Donald Akey, of Leo, who is well known here. While driving a horse near his home Saturday he was struck by a machine, killing the horse instantly and considerably damaging the buggy and machine. Mr. Akey was thrown several feet and is suffering concussion of the brain.

The Ladies' Aid society of the Methodist Protestant church is making big preparations for its annual bazaar to be given in two weeks in the church basement.

Mrs. Amelia Foderspiel, of St. Mary's, O., is the guest of local relatives.

Olives which are dead ripe are delicious, but extreme care is required to preserve them.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub pain from back with small trial bottle of old, penetrating "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Advertisement.

PRIMARY IN FOUR MONTHS

Interest in Nomination is Showing Marked Increase.

ELECTION IS BUT ONE YEAR DISTANT

Race for Congress in Both Parties Attracting Attention.

As the big primary day of next year is now only about four months distant, interest in the nomination of democratic and republican candidates is showing a marked increase. The recent decision of the circuit court at New Albany in sustaining the general features of the primary law has served to attract attention to the fact that the next presidential election is only one year distant and that the primary is to be held next March. The primary will be one of the most important political days of the year. It will be voters' duty to cast his vote for precinct committeeman, township and county candidates, congressional candidates and delegates to the state convention, which is to nominate a United States senatorial candidate and also a complete state ticket.

More than that: The voter will for the first time in a primary cast his vote for second choice for the local and congressional candidates and will instruct the delegates elected to the state convention how he must vote for United States senator and governor.

More than that: The voter will indicate his preference for his party's nominee for president.

Both parties will nominate and instruct on this one day. It is thought the tickets will have to be so large that the voting must be done by the Australian ballot instead of on the machines. In order that no candidate whose name begins with a letter earlier in the ballot may have an advantage from the fact, the ballots will be printed so that the name of each candidate will lead the ticket as often as the name of any other.

The Congressional Contest.

On the democratic side there are two contestants for nomination for congress as follows: Cyrus Cline, of Angola, present member, now serving his fourth term and likely to be the chairman of the very important committee on foreign relations in the new congress, which assembles next month, and Harry Hilgermann, prosecuting attorney of Allen county.

On the republican side there are three candidates already in the field, as follows:

Charles R. Lane, of Fort Wayne, who carried the party standard in 1912 and 1914, when no one else, because of the party split, would accept the nomination. His formal announcement was made last July.

Professor L. W. Fairfield, of the Tri-State Normal college, at Angola, whose formal announcement was made in September.

Robert B. Hanna, postmaster of Fort Wayne from 1906 to 1915, whose formal announcement was made in October.

Inquiry among the republican leaders has shown no other entrant in this interesting contest. It is not believed by the local republicans that any other contestant for the congressional nomination will now appear.

It is said the managers of Professor Fairfield's candidacy have taken hope from the fact that Hanna entered the race, while the friends of Lane claim assurances of strong support in each county and district. It is evident that the Allen county republicans, who will vote for Hanna for first choice, will vote for Lane as their second choice, and it is thought entirely probable that it will take a count of the second choice votes to determine the nominee.

The Presidential Outlook.

Local democrats seemed to be united that their candidate for president will be Woodrow Wilson again. There is no indication, according to the leading republicans of Allen county, as to who will be the republican nominee. Never, they say, was the situation more uncertain at this time of the year preceding the campaign than now. It is difficult, the Sentinel reporter found, to get a line on republican preferences here. The name of Fairbanks is often mentioned, but without a tone of confidence that he will be much of a factor in the next national convention. The name of Root, especially since his famous constitutional convention speech last summer, is more frequently heard than that of any republican, but with the words: "If Root was only ten years younger." It is evident that much of the opposition to Root, by reason of his having presided at the last Chicago convention, has practically disappeared.

Sherman Often Mentioned.

There is also much talk of Senator Sherman, of Illinois, who was elected a year ago by the aid of progressive votes, although a strong progressive was nominated against him. Sherman was opposed by Sullivan, head of the strongest organization, it is said, that the democrats of Illinois have ever had. With an Indiana or Ohio man for second place, either Fairbanks or Burton, the republican leaders say, would be in the best shape to win over Wilson. It is significant that most of the wiser leaders among the local republicans are clearly indicating a strong conviction that Wilson will not be an easy man to defeat. Since the tide of industry has begun to return to high levels and the farmers have not felt the depression in prices, many of the leading republicans will privately admit that the result next year may be another term for the president.

France and Russia are now in direct communication by wireless; two powerful stations have been recently constructed.

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, calomel, pills act on bowels like pepper acts in nostrils.

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

WILL DISTRIBUTE REALTY AT WINONA

Creditors to Meet Thursday for Work of Apportionment.

Winona Lake, Ind., Nov. 3.—The distribution of Winona real estate among the creditors of the Winona assembly will take place on Thursday, November 4th. Five hundred and thirty-four creditors will be present either in person, or by proxy, to select property in settlement of claims which they hold against the bankrupt institution, and the transactions in connection with the settlement will amount to more than three-quarters of a million dollars. The assets have been appraised at figures equal to the entire indebtedness, and it is claimed that these figures are not greatly in excess of prices that have prevailed in the prosperous years of the assembly. If this statement is true, those who receive the property on Thursday can reasonably expect their remuneration to approximate one hundred cents on the dollar if Winona regains its popularity. With the removal of so large a burden of indebtedness, no one could question that the chances of success are in favor of the new organization; and the men who are promoting the new movement are optimistic on the subject.

Four hundred and thirty-three acres of valuable land, joining the park, will be sold at this sale, and there are 451 vacant lots also in the list. The Winona hotel, the Inn, Kosciusko lodge and Bethany lodge will also pass into the hands of these creditors by the form of sale adopted, but it is rumored they will be redeemed by the managers later.

The remainder of the assets to be disposed of at this sale consist of notes receivable, 100 shares of common stock in the Winona and Warsaw railway company, $96,000 bonds of the Winona agricultural institute, $2,200 bonds of the Winona & Warsaw railway company, $15,700 bonds of the Peru division of the Winona interurban railway company and one dredge.

All of the above mentioned property was sold by Trustee Lloyd D. Claycombe, on August 31st. E. O. Excell bid it in for the benefit of the new board of directors, who are to complete the reorganization of the assembly's affairs. Sol C. Dickey, secretary and general manager of the Winona Assembly and Summer School association, along with the other members of the official board, offered the creditors their choice of twelve per cent., the estimated proceeds of a settlement through the trustee, or property based on an appraisement worth several times twelve per cent. About eighty-five per cent. of the creditors accepted the property, and the distribution will take place on Thursday.

The new board of directors will be made up of men of wide influence, and they will endeavor to make Winona one of the most popular summer resorts in the central west. The Winona college and the Winona college of agriculture will receive substantial aid from some of the evangelists who live at the park.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Advertisement.

FOURTEEN FIREMEN ARE PROMOTED

Big Business on Nickel Plate Calls for More Engine Crews.

Fourteen firemen on the Nickel Plate have successfully passed the rigid examinations under Road Foreman of Engines F. M. Baldwin and are now full fledged engineers. There are seven on each division, those on the Chicago division being D. Willford, D. E. Mound, Otis O. Mills, Ollie Snyder, Frank Hadrick, L. H. Suehrmeyer and R. O. Scherer. Those on the Fort Wayne division are George W. Mitchell, C. E. Geary, Edwin Houser, N. A. Huss, W. H. Howorth, L. R. Weigel and J. S. Cunion. Mr. Baldwin exhausted the furloughed list of firemen some time ago and men taken on hereafter will be new in the Nickel Plate service. Business is up to the capacity of the motive power now and is near the maximum point in the history of the line. The young men named above passed a creditable examination and demonstrated that they were in every way capable of doing the work on the throttle side of the cab.

HERE TO ATTEND FUNERAL.

Number of Pennsylvania Officials From East Arrive Today.

A number of men connected with the motive power and mechanical department of the Pennsylvania, in the east, are here to attend the funeral of the late Master Car Builder James A. Graham, whose death occurred Sunday evening so unexpectedly and suddenly. More will come in on later trains. Among those who came in this morning are R. L. Kleine, chief car inspector of the lines east of Pittsburg, with headquarters in Altoona; J. R. Carmer, general foreman of the Pennsylvania shops at Wilmington; E. S. Way, general foreman at the cleaning house at Altoona; E. E. Dildine, master mechanic at Crestline; A. L. Hale, general foreman of the shops at Cleveland, and M. J. Murphy, foreman of the boiler shops at Allegheny. The car shops closed at 11 o'clock this morning and the men turned out in a body at the funeral. Several hundred seats were reserved for them at the Scottish Rite cathedral.

FIFTY-EIGHT ARE RETIRED.

October 1 fifty-eight additions were made to the pension system of the Pennsylvania and of the number only ten were employes of the lines west of Pittsburg. None from the western division were retired on that date, but the report for November will show four men, all resident of Fort Wayne, in the list. The lines east of Pittsburg also contributed the greatest number of names to the mortuary list during the month of October, there being twenty. Only three deaths occurred in the ranks of pensioners on the lines west of Pittsburg. Two, William Killen and D. J. Crimmons, were residents of Fort Wayne. The total number of retired men on the Pennsylvania pension list is 4,544 and the total amount expended in pensions since January 1, 1900, when the system was established, is $11,853,111.20.

HEAVY TRAVEL ON NICKEL PLATE

Westbound travel over the Nickel Plate is unusually heavy and tests the capacity of the trains to handle it. Yesterday No. 1 was so heavy that it could not keep up its schedule and when it came into Fort Wayne a few minutes late, it was "split," and the first section carrying through passengers was rushed to Chicago, without stopping en route, in order that the passengers bound for points west of that city would not miss connection. They landed in Chicago on "the dot." The second section, which stopped at all stations, was also able to make up a part of the lost time.

BITTENGER IS IMPROVING.

L. E. Bittenger, a clerk in the motive power offices of the Pennsylvania, who has been sick with pleurisy for a week, is improving and is now able to sit up at short intervals. He will soon be at his desk again in the office.

LOUIS RUSSELL RECOVERS.

Louis Russell, Pennsylvania boilermaker, resumed his duties at the shops this morning. He was sick with inflammatory rheumatism several weeks, being taken with the malady while at his cottage at Rome City with a party of friends.

CREATES NEW DEPARTMENT.

Electric welding, which has become an important feature of shop work at the Pennsylvania shops, has been divorced from the boiler shop and is now a department of its own. A. U. McClain is the head of the new department. He became an electric welder in May, 1912, and is regarded an expert in the work. The electric welder is now used for many purposes, for welding flues to boiler heads, for repairing fractured frames and closing cracks in boilers.

WILL STOP AT DETROIT.

Wabash train No. 28, now running between St. Louis and Buffalo, will after next Sunday run only to Detroit. This is an arrangement always made for the winter months on account of the difficulty in getting over the Detroit river during severe weather.

HAD THUMB MASHED.

D. J. Keane, of the Pennsylvania blacksmith shop, had the thumb of his right hand crushed last night and will be unable to work for some days. He was working overtime when the accident happened.

INDUSTRIAL NOTES.

L. H. Hinds, a fluewelder helper, is sick and off duty.

H. E. Richmond has taken employment at the Pennsylvania blacksmith shop.

Trainmaster C. E. Wells, of the Wabash, was in the city on business this morning.

J. Reidel and M. V. Didion, of the Pennsylvania erecting shops, are sick and off duty.

Wabash Machinist Fred Ropa has gone to the company hospital in Peru for treatment.

Henry Hoch, Pennsylvania yard fireman, is off duty to look after some private business.

A. J. Neidhart, a Pennsylvania pipefitter, is off duty on account of the funeral of his aunt.

S. D. Keim, Pennsylvania machinist, who had been visiting in Grand Rapids, has resumed work.

Conductor F. H. Davis and Brakeman John Fox, of the Nickel Plate, are off duty for a few days.

Machinist Allen Hamilton returned to work in the Pennsy shops yesterday after an illness of a few days.

W. A. Barrett has returned from a business trip in the interest of the Bass Foundry and Machine works.

W. Lepper, of the Pennsylvania planing mills, and H. A. Johnson, of the blacksmith shop, are sick and off duty.

Machinist Ed Ely, of the Pennsylvania tool room, has arranged for a pleasure trip to Chicago the latter part of the week.

J. F. Carpenter, yard engineer, was taken sick on his engine in the Pennsylvania yards this morning and had to quit and go home.

Assistant Master Mechanic Fred T. Huston, of the Pennsylvania, was called to Orrville, Ohio, last night on business for the company.

Assistant Foreman E. B. Hughes, of the Pennsylvania round house, is on duty again after a short outing with his family on West lake.

Thomas Quinn, night caller for the Pennsylvania round house, has been transferred to the day trick and C. P. Dinklage and H. L. Main have been put on the night trick.

Machinist K. Braun, who sustained severe injuries two weeks ago, while at work on an engine in the Pennsylvania round house, was able to report for duty this morning.

A. W. T. Holly, traveling passenger agent of the Southern Pacific, with headquarters in Cincinnati, was in the city yesterday, calling on local agents and prospective travelers.

Nick Pete, a Macedonian laborer at the Bass foundry, fell against a crane yesterday afternoon and severely bruised his side and back. He is off duty pending treatment.

Peter Wolf, W. Hilsmier and R. I. Hershberger, helpers in the Pennsy machine shops, resigned yesterday. The last two named will go to Wisconsin to work in an automobile factory.

Raymond Hoffman, assistant general foreman of the testing department of the Fort Wayne Electric works, returned from Buffalo at noon today. He went there last week on business for the company.

Division Engineer W. S. Danes, of the Wabash, who came up this morning on business for the company, remained to attend the funeral of J. A. Graham at the Scottish Rite cathedral. Mr. Danes is a member of the Scottish Rite.

Miss Marie Haas, of the Corrugated Paper factory, had her right hand caught in a band saw yesterday and severely injured. The thumb was lacerated and the ends of two or three fingers were cut off. Dr. J. Frank Dinnen dressed the wounded hand. Miss Haas resides at 1338 Buchanan street.

Draftsman Thieme, for some time employed in the office of the American Road Machine company, will take the position vacated at the Bass offices by E. M. Gellert, who resigned a week ago to take employment elsewhere. Mr. Thieme will commence work Monday.

Machinist Charles A. Sunderland, of the Western Gas works, resumed work yesterday after an absence of several days on acount of injuries sustained in a fall. He fell last Thursday while crossing the Pennsylvania tracks en route to the shop to work and severely injured his face, one of his arms and one of his feet.

It was necessary to split Nickel Plate train No. 1 again today, because it was too heavy for one engine and was losing time. It was an hour late when it pulled into Fort Wayne. The cars loaded with through passengers were sent out as first section to run to Chicago without a stop and went into that city on the dot. Every car in the train was loaded and many of the passengers were bound for California.

STILL IN SOME PAIN.

King George Continues to Improve, However, Doctors Say.

London, Nov. 3.—The physicians in attendance upon King George, who was injured last week, while at the French front, by the fall of his horse, gave out the following bulletin today: "The king has not had so good a night. He is still in some pain. His general condition has improved and he is now able to take solid foods."

Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

THE DEATHS.

ANTRUP.

Henry E. Antrup, a pioneer resident of St. Joseph township, died suddenly Tuesday evening at 6 o'clock at the home of his daughter, Mrs. F. C. Griebel, north of the Driving park on the St. Joe road, at the advanced age of 88 years. Mr. Antrup was stricken while partaking of the evening meal, and at first it was thought by members of the family that he had choked to death. However, it was found later that heart trouble was the direct cause of death.

Born in Westphalia, Germany, in 1827, he came to this country ten years later, locating with his parents at Catskill, N. Y. He moved to Indiana in 1847 and for the past sixty years had been a resident of St. Joe township until six years ago since which time he had resided with his daughter, at whose home his demise occurred.

Mr. Antrup's wife and five children had preceded him in death. Two children survive him, Mrs. F. C. Griebel and Charles E. Antrup, of Mishawaka. Assistant Fire Chief George Jasper, of this city, is a nephew. The deceased had been a member of the Westminster Presbyterian church since 1855 and had held every office in the church except that of pastor.

FUNERAL NOTICES.

Archer — Funeral services for Grant Archer will be held Thursday afternoon at 2 o'clock at the residence, 346 East Main street, Rev. Samuel Wagenhals officiating. Interment at Lindenwood. Please omit flowers.

TO GIVE RESERVOIR ANOTHER CLEANING

(Continued From Page One.)

be taken to rid the city water of the unwelcome intruders. It will require about thirty-six hours to completely drain the reservoir and the process of voiding it is now under way.

Dr. H. O. Bruggeman, president of the board of health, on Wednesday morning received from Purdue university a telegram giving the result of an examination of the worms sent there to be identified. Howard E. Enders, the expert making the report, says the worms are harmless. His telegram follows:

Lafayette, Ind., Nov. 2, 1915.

Dr. H. O. Bruggeman, Dept. of Health, Fort Wayne, Ind.—Specimens submitted are the larvae of midges, which, in adult conditions, resemble mosquitoes. Eggs are laid on the water of ponds and pools. The larva of many species are distinctly red in color. They wriggle about in the slime and decaying leaves at the bottom and feed on diatoms and algae or other vegetable matter. They breathe by means of gills, therefore do not come to the surface as the mosquito does. They are not injurious. Will report in writing. HOWARD E. ENDERS.

May Enclose Reservoir.

If it is found that the worms are breeding in the reservoir the board of works may consider some means of enclosing it so that it will not be accessible to the insects that lay eggs from which the worms are hatched. To do this and at the same time keep the big reservoir properly ventilated will probably impose a difficult task, but the board hopes to be able to find a way should it become necessary.

The waterworks department on Tuesday afternoon and evening distributed to many sections of the city close-mesh seives to be suspended from the faucets in as many households in order to discover to what extent the worms have invaded the mains.

TO CLEAN THE PORES OF ALL IMPURITIES

The only way to get the impurities out of the pores of the skin is to use a milk massage cream. This can easily be made at home by adding to a half pint of fresh skimmed milk two ounces of powdered bryol crystal, which you can get from any druggist. Massaging this into the skin loosens and gathers all the dust, dirt, grease and poisons that accumulate in the pores and by massaging gently for a few minutes the cream will roll out, bringing all these poisons and impurities with it, leaving the skin soft and clear.

This treatment produces the same effect on the skin as the famous milk baths of the Ancient Beauties. The above formula will make enough to last you several months.—Advertisement.

BIG DAMAGE SUIT AGAINST RAILWAY

Circuit Court Jury Hearing Case of Dinklage vs. G. R. & I. Co.

Judge Pro Tem Samuel L. Morris and a jury in the circuit court are hearing the testimony in the suit of Arthur Dinklage vs. the Grand Rapids and Indiana railroad for $10,500 damages for personl injuries. The plaintiff is represented by Attorneys Harper & Fuelber and the railroad by Leonard, Rose & Zollars.

Says He Threatened to Kill.

In the superior court Lulu Branstrator has sued Hugh Branstrator for divorce alleging cruel and inhuman treatment and that her husband has threatened to kill her. They were married January 14, 1905 and separated the 2nd inst. The plaintiff asks the court for suit and support money and a restraining order against the Fort Wayne Electric works to prevent the defendant from drawing his wages. Charles B. Aldrich is her attorney.

Notes of the Courts.

The superior court has granted a divorce to Earl Ernest Yarian from Ada Belle Yarian.

At a sale by the receiver the First National bank on Tuesday purchased the property of the Indiana Printing company, its bid being $25,000. Charles H. Worden, vice president of the bank, was receiver for the concern, which was put under the court's administration on a suit by the J. W. Butler Paper company, of Chicago.

The suit of William C. Baade, comptroller of the city of Fort Wayne vs County Auditor Will Johnson, to restrain the official from placing in the tax levy a 2-cent rate against property in the city for general purposes in Wayne township, has been dismissed from the superior court.

Caroline Sallier has been granted a divorce from Francis Sallior by the superior court.

The Grabill Lumber company has begun suit in the circuit court against J. Franklin Hollopeter and others to foreclose a mortgage, demanding $1,240.55. W. N. Ballou is the plaintiff's attorney.

In the superior court in the suit of Henry C. Wehrenberg vs. the Bash Fertilizer and Chemical company, Roy O. Geesman has filed a petition for permission to sue the receiver. This is the sequel to the plaintiff's dismissal of his suit in the circuit court a few days ago, wherein he was suing the Bash company and others for recovery of money he had paid for stock in the concern. T. E. Ellison is the petitioner's attorney.

The suit of Fred W. and Anna L. Kiel vs. the city of Fort Wayne will be tried in the superior court Jan. 27.

The suit of Lazo George vs. E. H. Repine and the Pennsylvania company has been set for trial Nov. 6 in the circuit court.

In the circuit court judgment for $505.53 has been given the plaintiff in the suit of George W. Smuts vs. James Hamilton et al.

ASSERTS GRAVITY IS ELECTRICITY

San Francisco Professor is Giving Out a Startling Theory.

San Francisco, Nov. 1.—Professor T. J. J. See, government astronomer at Mare Island, San Francisco, advances a startling theory regarding gravitation and the Aurora Borealis.

"Gravitation is an electrical phenomenon," says Professor See. "It is due to the circulation of elementary electric currents around the atoms of the sun and planets.

Prof. T. J. J. See

"The Aurora Borealis, which darts upward in streamers of light from the northern horizon, is due to the passage of electric waves from the sun, which is then below the northern horizon. The northern light is one of the most wonderful phenomena of the world. It has been studied in all the countries of northern Europe for two centuries, but heretofore no cause for it could be assigned.

"'Magnetic storms' is the name given by Humboldt to the sudden disturbances of the magnetic needle, which we have now proved to be due to electro-dynamic waves produced by outbursts in the sun. The passage of these waves not only disturbs the needle, but also the telegraphs and cables in what are called 'earth currents.' In view of the electro-dynamic force of gravitation we see immediately why the telegraphs and cables should be disturbed."

jority to the senate and house pledged to the enactment of prohibition legislation.

GOES BACK TO REPUBLICANS.

Democrats Lose Massachusetts After Reign of Four Years.

Boston, Nov. 3.—The republican party gained control of the executive department of the state government yesterday after an interim of four years when Samuel W. McCall, a former congressman, was elected governor by a plurality of 6,606 over Governor David I. Walsh, democrat. The remainder of the republican state ticket was elected by larger pluralities and the republicans made a net gain of seventeen seats in the legislature. The proposed amendment to the constitution granting the right of suffrage to women, was defeated by a majority of 132,083. Partial returns indicated the probable adoption of constitutional amendments empowering the legislature to enact laws providing for different rates of taxation on various classes of property and authorizing the purchase by the state of land for homesteading purposes.

One feature of the election was the dwindling of the progressive vote to a figure which deprives the party of legal standing in the state. Three years ago Charles S. Bird, progressive candidate for governor polled 126,102 votes. Both Bird and Joseph Walker, last year's progressive nominees, supported McCall.

The prohibition party, on the other hand, attained the status of a legal party by polling more than the required three per cent. of the total vote. William Shaw, the nominee for governor, made an active stumping campaign in an endeavor to attract the vote of former progressives.

During the campaign McCall, while charging democratic extravagances in the state and criticizing apointments made by Governor Walsh, directed his energies chiefly to attacking the national administration. A movement for the recall of Mayor Curley, of Boston, failed.

BOTH MAKE EARLY CLAIMS.

Returns Give Stanley Lead of 10,000 for Kentucky Governorship.

Louisville, Ky., Nov. 3.—Both democrats and republicans early today claimed victory in yesterday's gubernatorial contest by approximately 10,000 votes. Complete unofficial returns from 111 of the 120 counties in the state, however, gave former Congressman August O. Stanley, democrat, a lead of 9,029 votes over Edwin P. Morrow, his republican opponent. The vote for all state officials virtually paralleled that of the head of the ticket.

DEMOCRATS WIN MARYLAND.

Harrington Chosen to Succeed Governor Goldsborough.

Baltimore, Md., Nov. 3.—State Comptroller Emerson C. Harrington, the democratic candidate for governor, was elected yesterday to succeed Governor P. L. Goldsborough, republican. The democrats will retain control of the assembly.

With all but four precincts in Baltimore heard from Harrington, democrat, for governor, carried this city by 3,866 plurality. This would give him the state by about 1,500 plurality if the estimates based on meagre returns from the rest of the state are borne out.

HOTEL EDWIN BAR CLOSED

(Continued from Page 1).

hoted not covered by the license was made clear; the fact that the bar room was connected by a door with the cafe and that a partition between the saloon and hotel office obstructed a view from the street were shown; the sale of drinks after hours and on Sunday was brought out; the toleration of the presence of boys under 16 years of age in the cafe where musical entertainments were given, a specific violation of the Indiana statute, was laid before the court.

Women and Detectives.

Secret Agents Ray Sickles and Maurice Malkus, of the Thiel Detective agency in Chicago, who gave damning testimony against Wiebke, were present as witnesses and delivered equally fatal blows to Kleindinst. The two detectives testified to having stopped at the hotel last May, when they were here in the intercst of the Indiana Reform and Protective association, an organization of brewers and liquor dealers, and of having associated in the cafe with known prostitutes and of having been served drinks in their rooms after midnight and on Sunday. These detectives gave the names of four lewd women they had met in the cafe, naming among them Minnie Ferguson and Jeanette Johnson, whose names figured in the Hof Brau case and in the Frank Poirson case.

Mary Guebard or Gephart and Ethel Baumgartner, the first named fined in the city court some months ago for keeping a house of ill-fame and the latter fined at the same time on a charge of prostitution, were called as witnesses and testified to having resorted in the cafe at the Edwin and having drank there.

Police Captain Richard Kelly, Sergeant David Blum, Patrolmen Bert Smith, W. A. Collins and Charles Eisenhut and Police Station Master George Eisenhut testified to the arrangements of the hotel and saloon to show that the law was violated in these respects.

Came from College to Testify.

Harry Ort, 17; Herman Fogel, 15, and Oscar Gandy, 15, the now celebrated "Churubusco boys," were brought in to give testimony, as they had been in previous cases against Edwin S. Kleindinst, Harry A. Wiebke, John P. Hedges and Saban Smith and in the Hof Brau license hearing. Young Ort came from the University of Michigan, at Ann Arbor, where he is a student, to give his testimony. All related the facts of their having bought drinks in the Edwin cafe.

The Churubusco boys have left a trail of wrecked saloons in Fort Wayne since they came here on 16th and 17th of last July and staged orgies that scandalized their home village and started things in Fort Wayne that have closed two of the leading saloons and cafes with cabaret annexes, put out of business the most notorious chile joint in the city, kept by Frank Poirson, at Calhoun and Superior streets, and throttled Saban Smith's blind tiger at the old Hiser hellhole on the Goshen road.

Rev. James A. Nipper, of the Fort Wayne Rescue mission, backed by the Men's Christian league, has led the fight, of which the culmination is the closing of Edwin S. Kleindinst's saloon in the Hotel Edwin.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 3.—Bullish reports on the outlook for the domestic winter crop carried the wheat market upward today after a show of weakness at the start. The opening, which ranged from ⅝c to ⅞c lower, with December at $1.03¾ to $1.04⅛, and May at $1.04¾ to $1.05⅛, was followed by a slight additional setback and then a rise to well above yesterday's finish.

The close was heavy, 1c to 1¼ net lower, with December at $1.03½ and May at $1.04⅝.

Prospects of export business gave decided strength to corn. After opening unchanged to ⅛@¼c higher, the market reacted a trifle and then advanced all around.

The close was steady at a shade to ⅜c net decline.

Oats hardened with other cereals.

Bulges in grains caused provisions to rally.

THE DAY ON WALL STREET.

New York, Nov. 3.—The Studebaker has declared a regular dividend of ½ per cent. on the common stock and 1 per cent. extra, with the regularly quarterly dividend of 1¾ per cent. on the preferred shares. The directors issued a statement expressing the belief that the extra 1 per cent. on the common shares will hereafter be regularly declared. Studebaker shares declined from 170, the opening price, to 162½, on declaration of the extra dividend as a larger disbursement had been expected.

War shares became very heavy later on Bethlehem's abrupt decline to 425. General Motors lost 11 at 383, Willys-Overland 9 at 250, Crucible Steel 6¾ at 75½, Studebaker 5 at 162, and Baldwin Locomotive 3½ at 127½. Standard rails pursued an opposite course, Reading leading with an advance of 2 to 85½, while Lehigh Valley rose 1½ to 82½, and Norfolk and Western 2 to 122⅜, a record price. The entire list reacted before noon. Bonds were strong.

Specialties, notably General Electric and Studebaker, together with low priced rails, were higher on the resumption of trading today, while investment issues, including Canadian Pacific, were inclined to recede. There were active openings in United States Stel, Missouri Pacific, Erie, Wabash and Pennsylvania at fractional advances. Bethlehem Steel advanced four points at 465.

Minimum prices were made in the last hour, but final dealings showed some improvement. The closing was irregular.

WEATHER CONDITIONS.

In connection with high pressure over the central valleys the weather has continued generally fair during the last 24 hours, but light precipitation occurred in localities in the northeast and northern lake region, also in Washington and Oregon. The weather continues abnormally warm in sections to the west of the Mississippi, and during the last 24 hours temperatures have risen in the Rocky mountain region, on the eastern slope and in the Missouri valley, while to the eastward of the Mississippi the weather is considerably cooler.

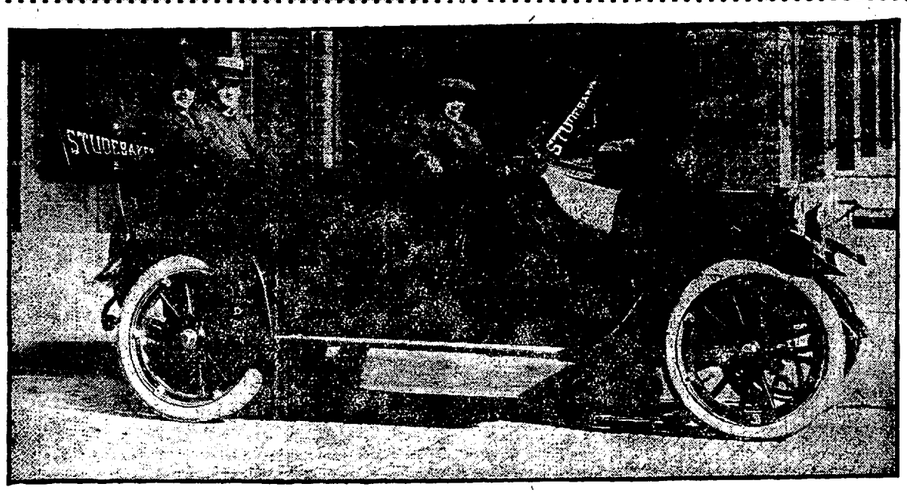
MAYOR SPOHN, OF GOSHEN, IN PILOT CAR FOR THE CINCINNATI-GOSHEN DIXIE HIGHWAY TOUR.



Goshen, Ind., Nov. 3.—Hoosier genius has inspired what is hoped to prove an effective means of arousing enthusiasm, over the projected feeder for the Lincoln and Dixie highways, from Cincinnati to South Bend. This will be in the form of a parade of decorated machines, starting from Goshen, Wednesday, November 3rd for Marion, where a meeting of the governors of the highway is to be held. Each city passed through is expected to add its quota of highway boosters, with band concerts and speeches given at the stopping points. Literature bearing on the benefits of good roads will also be liberally distributed and prizes have been offered for the best showing made at the Marion meeting.

S. E. Spohn, mayor of the city of Goshen, is in charge of the arrangements. He is one of the most enthusiastic advocates of good roads building and his record for accomplishing what he undertakes may have influenced the highway governors to assign him the duty of making this tour a success. Mayor Spohn has firm faith in the worth of newspaper space. He purchased advertising space in the start of his business career, when it was a question of eating or advertising. He confided to a friend that at one time when starting his business, some letters given him by his wife went unmailed for several days, that he might do some advertising.

Mayor Spohn is one of the most energetic members of the Indiana state fair board, and has built up the woman's art department to becoming one of the most interesting features of the state fairs.

Yellow and black have been chosen for the highway colors. Endeavors will be made to have the route marked with flowers planted along the roadway.

society of the country. He stated that he was very much in favor of women's work, including equal suffrage and club work, but that he considered the work of the women in the church above them all. His talk was followed by an address of welcome to the delegates by Mrs. F. H. Robertson, president of the Fort Wayne branch. Following the discussion of the missionary boxes and circulating library the meeting adjourned for the noon day luncheon, which was served at the church.

MANY DELEGATES EXPECTED

Officers of the Allen County Sunday School association expect over one hundred delegates present at the annual meeting which will be held Thursday at the West Creighton Avenue Church of Christ. The program as announced in these columns a few days ago will be followed. The entertainment committee consists of Mrs. Flora Poole, Mrs. Nettie Hubler, Mrs. M. A. Mason and Mrs. B. F. Hostetler.

The convention opens Thursday morning at 9:30 o'clock with a song service led by Rev. D. H. Guild. The secretary and treasurer will report, after which George N. Burnie will give an address on "Some Teen Age Problems." Miss Emma G. Lemen, will speak on "The Cradle Roll." The officers for the coming year will be chosen at the close of the afternoon session. The closing session will be held Thursday evening.

FIFTY PRESENT AT DISTRICT MEETING

Women's Auxiliary to Board of Missions Meets Today at Trinity.

Fifty elegates were present at the opening session of the Fort Wayne district meeting of the Women's Auxiliary to the board of missions of the diocese of Michigan City, held at the Trinity Episcopal church, on West Berry street, Thursday morning. More arrived for the afternoon meeting and it was estimated that nearly one hundred attended Thursday afternoon.

The Fort Wayne district is composed of the following cities, which were represented as follows: Huntington, 12; Delphi, 1; Kendallville, none; Garrett, none; Peru, 2; Kokomo, none; Logansport, none; Marion, 5; Gas City, none; Fort Wayne, 35, and Hartford City, 4.

Holy communion was celebrated at 10:30 o'clock, after which the meeting was called to order by the district chairman, Mrs. Archie Price, who immediately appointed a committee on resolutions composed of Mrs. Anthony, Fort Wayne; Mrs. Brackenridge, Hartford City, and Mrs. Corey, of Delphi.

Rev. E. W. Averill, pastor of the church, gave the address of welcome and among many things said that the Woman's auxiliary to the board of missions was the first organized woman's

SHRUBBERY

We have just received a fine line of white, pink and red altheas, single altheas, hydrangeas, deutyia, lilacs, honeysuckle, syringia, snowberry and weyelia. We have only a limited stock of shrubbery for fall planting and would suggest that if in need of any to call as early as possible, as our supply will not last long.

NICK AND DANDER BEAT FIRE DEPARTMENT!
No. 1—Dander, my trained elephant, is an intelligent brute! Once while resting in the woods, I was awakened by Dander trumpeting.
No. 2—I leaped on his neck and we made off! Smoke was in the air—something was burning! Dander seemed to know just what he was doing!
No. 3—Passing a well, Dander removed the pump while I looked on and filled his trunk full of water! Then we continued our journey.
No. 4—When we reached the burning house, I placed some suction shoes on Dander's feet. These enabled the beast to scale the wall!
No. 5—Like a fly he climbed rapidly up the side of the house and soon extinguished the fire with the water he carried in his trunk! We saved the property from destruction!

VILLA WEAKENS HIS ARMY

CHIEFTAIN ABANDONS AGUA PRIETA ATTACK

Hunger, Thirst and Scanty Ammunition Supply Cause Hurried Change in Plans of Villa.

Douglas, Ariz., Nov. 3.—Gen. Villa, forced by hunger, thirst and a scanty supply of ammunition to abandon his plan for an immediate assault on the strongly entrenched village of Agua Prieta, commenced withdrawing his army today and shortly after 9 o'clock most of his force was moving toward Anavacachi pass, twelve miles southwest. It is his apparent intention to reach water, which is plentiful further southwest, and provision his hungry men.

Gen. Mendes with about 1,500 men has been holding the pass for several days and will remain there guarding the entrance to the valley for the return of Villa. Meantime, it is said, heavy supplies of ammunition will reach Villa from the east. Villa's retirement was saluted by an occasional shell from the big guns of Agua Prieta, but by 9:30 this firing had ceased.

Decision Was Sudden.

That Villa's determination temporarily to withdraw his forces from the vicinity of Agua Prieta was sudden was shown by the fact that his gun lieutenants in command of rapid-firers on the right wing took nothing but their guns with them. Large quantities of ammunition in cases were left on implacements. American army officers are somewhat mystified at Villa's movements. Some believed it was his intention to withdraw from the Agua Prieta field altogether and march southwest to attack a large body of Carranza troops reported to be coming from that direction.

Villa dead left on the field number 336. Two hundred were counted lying west of Agua Prieta and 136 to the east. Calles' dead were 125 soldiers and his wounded 70. Calles sent out cavalry forces to keep in touch with the Villa army.

FUNSTON SEEKS LEEWAY.

Would Cross Mexican Line if Necessary to Save Douglas From Fire.

Washington, Nov. 3.—President Wilson and Secretary Garrison are considering whether to authorize Maj.-Gen. Funston to cross the Mexican border if he finds it necessary to do so to save Douglas from the Mexican gun fire.

Secretary Garrison today refused to confirm or deny that Gen. Funston had asked for such authority and the white house also was silent. It was made clear at the war department that the American commander already has authority to return any fire from across the border.

WOMEN ARE EARNEST ADVOCATES OF PEACE

Washington, Nov. 3.—Mrs. May Wright Sewall, of Indianapolis, representing the international conference of women workers to promote peace, which held a convention in San Francisco this summer, was received today by President Wilson. Mrs. Sewall told the president, by direction of the conference, that the majority of women in the United States were earnest advocates of plans to bring about peace in Europe.

President Wilson will leave here tomorrow for New York, where he opens the campaign for the administration defense program in an address before the Manhattan club. He will return to the capital Friday afternoon.

NO COMMENT COMES FROM WHITE HOUSE

Washington, Nov. 3.—No comment was made at the white house on the elections nor on the result of the suffrage amendments, and it was announced there would be none.

HOTEL EDWIN BAR CLOSED

Judge Yaple, in Superior Court, Revokes License of the Saloon.

REV. NIPPER WINS ANOTHER VICTORY

Third Saloon Wreck in the Wake of the Boys from Churubusco.

When Judge Carl Yaple disposed of the oHtel Edwin license case in the superior court at high noon Wednesday, Rev. James A. Nipper cut a fresh notch in the handle of his tomahawk, trimmed his war bonnet with an additional feather and hun another scalp on his lodgepole.

Rev. Nipper had closed the Hotel Edwin's saloon annex and the place was out of business by proof that it had repeatedly violated the law and forfeited its right to retain its license.

The suit of Rev. Nipper for revocation of the Hotel Edwin's license went to trial Wednesday morning, despite efforts made Tuesday afternoon and evening by Edwin S. Kleindinst's attorneys to get a change of venue from Judge Yaple, to have the cause heard by a jury and to get a continuance. Upon all of these motions Judge Yaple entered refusals and the case was forced to trial on the day set.

Made No Defense or Argument.

To the mass of testimony presented by Attorney W. L. Ballou, counsel for the petitioner, and Attorneys Breen & Morris, counsel for citizens of Churubusco, whose sons figured in this and other saloon cases, the defendant made no defense and at the conclusion of testimony offered no argument. This was taken to mean both that the defendant had no defense to make and that the defendant wa sreserving its fire for the case on appeal.

Judge Yaple lost no time in giving his finding. In a few words he summed up the evidence, proving that the management of the hotel had been guilty of several different violations of the law and declared there was nothing for the court to do but to revoke the license. Judgment was thereupon entered accordingly. Neither Edwin S. Kleindinst nor his attorney, E. V. Emrick, was in the court room when judgment was pronounced.

Repeats the Hof Brau Case.

The case against the Hotel Edwin was in many essential particulars a repetition of the case against Henry A. Wiebke, whose license for the Hof Brau saloon the county commissioners refused to renew on September 24, after a hearing lasting two days on a remonstrance filed by Rev. Nipper. In the case of the Edwin it was proved that law had been violated in various forms. The Churubusco boys were present and testified to having been permitted in the place, where they purchased liquor; the presence of lewd women in the place at different times was established; the sale of drinks in the cafe and in other rooms of the

M'CALL WINS IN BAY STATE

Republicans Defeat Walsh in Massachusetts by 6,363 Plurality.

STANLEY IN CLOSE RACE IN KENTUCKY

New York Voters Reject New Constitution in Decisive Way.

Overwhelming defeat of woman suffrage in New York, Massachusetts and Pennsylvania; election of a democratic governor in Maryland to succeed a republican and a republican governor in Massachusetts to succeed a democrat; a gain of one republican from New York in congress in the filling of four vacancies, and the close contest for the governorship in Kentucky with the democratic candidate leading on incomplete returns, were outstanding features today of the election in ten states yesterday.

Tammany Hall triumphed in New York city in election of a district attorney, for the first time in fifteen years, the sheriff of New York county and a majority of the board of aldermen.

Mississippi, the only other state to elect a governor, went, as usual, democratic. The only opposition to the democratic ticket, headed by Theodore Bilbo, was made by socialist candidates nominated by petition.

In New York former Congressman W. S. Bennet was elected in the 23rd district to succeed the late democratic congressman, Jacob Goulden. Bennet is a republican.

In New York the republicans retained their control of the lower house of the legislature, although they lost one assemblyman. They also elected a majority of the mayors chosen in cities of the state.

In addition to defeating the suffrage amendment by about 210,000, the people of New York repudiated the new state constitution drafted by a convention of which Elihu Root was president and for which Mr. Root had conducted a vigorous campaign. Samuel W. McCall, the republican, who will succeed David I. Walsh, a democrat, as governor of Massachusetts, won by a plurality of 6,663, the republicans retained control of the Massachusetts legislature. The republicans returned to power in Philadelphia, where their candidate, Thomas B. Smith, was elected mayor by 75,000.

In New Jersey the republicans gained two state senators and two members of the assembly.

State wide prohibition was rejected in Ohio by a majority of from 30,000 to 40,000. Last year the amendment was defeated by 84,152. The republicans elected mayors in Cleveland and Cincinnati. Charles Milroy, a progressive, was chosen mayor of Toledo.

The city of Toledo voted against a 25-year street car franchise and will take over all lines controlled by the light company. A proposal that the city purchase the local street railways was rejected in Detroit after a bitter fight.

The election of members of the Virginia assembly will send a heavy ma-

TO GIVE RESERVOIR ANOTHER CLEANING

Purdue Expert Says Worms Found in Mains Are Harmless.

Following receipt from a zoological expert in Purdue university that the worms that have flowed from water faucets in the southeast part of the city are the larvae of midges that probably have lain their eggs on the surface of the Lafayette street reservoir and have their habitat in the slime and decaying leaves at the bottom of pools and ponds, the board of works on Wednesday at once ordered the reservoir drained and cleaned. If the worms are found in the bottom of the reservoir that fact will be held to account for the appearance of the worms in water drawn from household service taps. If none are found and no accumulation of leaves or slime is discovered in the reservoir a new tack will

LEE TO CONFER WITH LOCAL PROGRESSIVES

Edwin M. Lee, a member at large of the state progressive central committee, is coming to Fort Wayne Thursday for a conference with progressives from all sections of the Twelfth congressional district who have been invited to come here and take part. Mr. Lee is making a tour of the state and on Friday will visit South Bend. On Saturday he will confer with the party leaders from the north end of the Tenth district at Hammond.

DEPAUW LOSES ITS LEGACY OF $100,000

Indianapolis, Nov. 3.—By a decision of the state supreme court today DePauw university loses a good sized legacy. The court today held the will of William E. Mick, which provided that the bulk of his estate, valued at $100,000, should go to DePauw after the death of his daughters, was void and the estate will be divided as if no will had been executed by Mick.

The case was carried up from the Boone circuit court.

GEN. STERNBERG IS DEAD.

Former Surgeon General of Army Passes Away.

Washington, Nov. 3.—Brigadier General George M. Sternberg, 77, retired, surgeon general of the army from 1893 to 1902, and a civil war veteran, died today at his home here. He was the author of a number of medical books.

HUNTING FOR TYPHOID GERMS.

To determine where Walter and William Parrott, 817 East Washington street, contracted typhoid fever, with which the two little fellows are now stricken, the city health department is making an investigation. The two lads visited at the home of their grandfather, A. Grosjean, seven or eight miles north of the city, about five weeks ago, and a sample of water from the well at the Grosjean home has been procured and sent away for bacteriological analysis.

UNIONS MUST SHOW BOOKS

Accounting of Financial Aid to Car Men is Demanded.

HEARING BEFORE NOTARY PUBLIC

Depositions to Be Used in Application for Injunction.

A thorough investigation of all the union organizations in Fort Wayne that have contributed to the fund for the former employes of the Fort Wayne & Northern Indiana Traction company now out on a strike is forecasted as a result of new subpoenas issued Wednesday. Subpoenas have been issued for the officials of each of these unions to appear in the federal court here on Thursday morning at 3 o'clock with instructions to bring with them to be used as evidence all record books containing the minutes of all meetings of the members, officers, trustees and executive committees and all books of accounts or other records showing payments of all money during the past six months.

Host of Labor Leaders.

Those named in the new set of subpoenas are the following: Clayton H. Johnson W. H. Johnson and E. Johnson, International Association of Machinists of Friendship lodge, No. 70; Joseph D. Shaw, F. J. Perry and A. C. Berger, Federation of Labor; Thomas Cross, Charles Randall, Fred Hueber, Barney E. Walter, Ice Wagon Drivers' Union No. 122; George Feuster, Walter Felger, Oscar Hueber, Meat Cutters and Butcher Workman, No. 423; L. Lamont, E. C. Wehrmeister, Frank Wiegand, Bartenders' Union, No. 305; Arthur Klasbn, Bert Smith and Robert Boltz, Plumbers' Union; Benjamin Storch, Enoch Olson and Christ Wenninghoff, and Arno Reuter, Textile Industrial Workers of America, No. 765; John B. Anderson, Milo George, William A. Bachman, Cigarmakers' Union, No. 37.

The above list is in addition to the two hundred and seventy subpoenas issued Tuesday night. They are now being served by Deputy United States Marshal W. H. Hagerty, having been issued at the request of W. H. Latta and F. W. Winter, attorneys for the United States Mortgage and Trust company, of Philadelphia, bondholders of the traction company.

Depositions will be taken before R. B. Garmire, a notary public, to be used in the hearing on the application for injunction by the mortgage and trust company against Mayor Hosey and a number of city employes, local labor leaders and fifty-five former employes of the traction company, before Judge A. B. Anderson, at Indianapolis.

Mayor Hosey Subpoenaed.

Among those summoned to appear in the federal court here are Mayor Hosey, Clayton H. Johnson, who is in charge of the strike for the car men; Joseph C. Colgan, general organizer for the car men's international organization; Jacob Agne, city councilman; Peter Junk, detective sergeant; Joseph D. Shaw, president of the Federation of Labor; J. J. Perrey, financial secretary; A. C. Berger,

SOUTH BEND WOMEN AMONG THE VICTIMS

Eighteen Persons Lose Life in Wreck of Passenger Steamer.

Marshfield, Ore., Nov. 3.—Eighteen persons are believed to have lost their lives late yesterday when the passenger steamer Santa Clara from Portland to San Francisco went aground on the south Spit near the entrance to Coos bay. Eleven bodies have been recovered and nine other persons are missing.

The dead:

MADELINE ROONEY and MRS. HALE, both of South Bend, Ind.

MRS. BRIDGET DUNN, Butte, Mont.

MRS. D. H. THORNE, Hood River, Ore.

J. MORRIS BOGUE, 9 years old, Gold Hill, Ore.

Thirteen-months-old child of J. C. Crowley, of Mill City, Ore.

EUGENE GILLENWATER, 7 years old.

GALE GRAHAM, Portland, Ore.

——— HANDLESS, oiler.

The bodies of two unidentified women were recovered. One is about 35 years old and the other about 50.

The Santa Clara, at daybreak, was holding an even keel and it is believed she will not be a complete wreck. The beaches are being patrolled for bodies or survivors. Several of the lifeboats either were capsized or swamped after being lowered. Roy Dunn, of Butte, Mont., was with his mother and sister when the ship struck. They all left the ship safely but their boat was swamped and Dunn made a frantic effort to save them. The mother disappeared almost immediately, but Dunn reached his sister and rescued her.

First Officer Charles Tissel had to swim half a mile. "We struck a shoal, the vessel swerved and before we could right her she was on the spit and grounded fast," said Tissel. "She went broadside with the swell and we knew we were gone. The lifeboats were lowered at once and Captain Loftsted was the last to go. The sea was moderating when I began to come through the surf. There were still eight or ten persons reported aboard the Santa Clara early today. The Santa Clara is a wooden vessel owned by the North Pacific Steamship company.

Late this afternoon it was said that there was a possibility that the two South Bend women previously reported dead would be accounted for among the survivors.

BIG PRINTING PLANT SOLD FOR $25,000

The plant and property of the Indiana Printing company were sold Tuesday at receiver's sale to H. A. Keplinger, second vice president of the First National bank, for $25,000. Mr. Keplinger is desirous of selling the plant complete, but if this cannot be done it will be dismantled and sold in parts and in this manner be disposed of as rapidly as possible. The new owner, however, does not believe this will be necessary.

The Indiana Printing company went into the hands of a receiver some months ago, A. H. Worden, first vice president of the First National bank, being appointed by the court to take charge of the property. Mr. Worden conducted the operation of the plant since with the hope that the revenues would satisfy all indebtedness. He found that this was impossible. Mr. Keplinger expects to continue the operation of the plant until disposed of.

FIND STOLEN CAR IN A FIELD.

The Imperial tourin gcar of F. L. Freiberger, 520 West Jefferson street, stolen Tuesday night from Washington street near the New Palace theater, was found Wednesday afternoon in a field along the Goshen road two miles north of the city. The police and Mr. Freiberger brought the car to a garage, being unable to start it. It had evidently been disabled and then abandoned by the thieves

GERMAN PLANS MEET A CHECK

Von Hindenburg is Forced to Withdraw Troops in Drive on Dvinsk.

TEUTON ADVANCE IN SERBIA CONTINUES

French Land Big Force on Greek Coast for Balkan Activities.

Today's War News Given in Summary

Field Marshal von Hindenburg has been forced to withdraw his lines in a sector to the southwest of Dvinsk, the important city on the Dvina at which his troops have been driving for many weeks, apparently abandoning his assaults on the city's defenses from the west and southwest.

The Russians recently have been on the offensive in the Dvinsk region and the latest Petrograd dispatch reported progress for the Russians in the fighting here. Berlin admits the capture by the Russians of the village of Mukulischki in the Dvinsk sector. Repulse of Russian attacks at Illoutsk and Garbuncwka is reported.

Capture of the city of Uzitee, or Uzice, in northwestern Serbia is announced in the German report on the campaign in the Balkans. The place is an important railroad terminal town half way between Cacack, the junction point taken recently by the Germans, and the Bosnian border, from which the Austrians are advancing. Its capture marks the further throwing of the Teutonic offensive line across a large front in northern Serbia.

Progress for the French troops on the southern Serbian front is reported by the Paris war office. They are driving the Bulgarians before them in the mountains in the Strumitza section and easily repulsed an attack near Krivolak on the railroad line in Serbia.

Superior forces of Serbians have driven back the Bulgarians advancing in the Nisava valley toward Nish, today's announcement from Berlin states. Progress for the Bulgarians in other sectors have been reported.

Premier Briand in the chamber of deputies today said that France would not sign a peace agreement "until after her restoration by right of victory" and until guarantees of a durable peace were obtained.

Berlin, No. 3.—(Via London.)—The war office announced today that Field Marshall von Hindenburg had been forced to withdraw his lines between Swenton and Ilsen lakes on the northern end of the Russian front.

The retiremont of Field Marshal von Hindenburg's forces from the line running between Lakes Swenton and Ilsen apparently means that the German commander is abandoning his attacks from the west and southwest on the Russian stronghold of Dvinsk, which town he has been making a determined effort to capture in the operations of the last few weeks.

The city of Usilee (Uzice) in northwestern Serbia has been captured by the Germans. This announcement was made by the war office today.

FRENCH LAND TROOPS.

New Force Now on Greek Coast to Dash Into Balkan Campaign.

London, Nov. 3.—The landing of French troops at Kavala, on the Greek coast, is reported in a Sofia telegram to Berlin, and although this news is unconfirmed, it seems a likely sequel to yesterday's information that British and French transports had been sighted off this Greek port. Whether these forces will be able to connect speedily enough with the other troops aligned against the Bulgarians from Krivolak to Strumitza, to relieve the pressure there and by a possible flank attack threaten the rear of the Bulgarian forces, is admittedly problematical, but the appearance of these fresh troops in the Balkans is regarded as a gratifying materialization of Premier Asquith's positive announcement yesterday that the independence of Serbia was one of the essential objects of the war, and that Great Britain and France were in full agreement regarding the means whereby this end might be attained.

The Austro-German forces in northern and western Serbia and the Bulgarians in the east continue their attacks against which the defense gradually yields ground, but the situation is not vitally changed. The size of the German forces operating against Serbia is fixed at 150,000 men, according to an

Some Late Bulletins on Election Results

Louisville, Ky., Nov. 3.—Former Congressman A. O. Stanley, democrat, of Henderson, on the face of incomplete returns from all districts in the state except the Tenth and estimated returns from that district, apparently has a majority of 3,667 over Edwin P. Morrow, republican, of Somerset, for governor.

* * *

New York, Nov. 3.—Returns from New York city complete and about forty per cent of the up-state vote indicated today that the majority against adoption of the new state constitution would be 400,000.

* * *

New York, Nov. 3.—The majoriy against woman suffrage in New York state, late returns indicate today, will be from 195,000 to 200,000. With 1,053 of the state's 5,173 districts missing the vote for suffrage was 462,540; against 621,786. These returns included New York city complete.

LAST MINUTE NEWS

NEW WABASH DENIED LICENSE IN MISSOURI.

Jefferson City, Mo., Nov. 3.—A license for the Wabash Railway company, now an Indiana corporation to operate in Missouri, was refused today by Secretary of State Ross.

TAFT BOTH PLEASED AND DISAPPOINTED.

New Haven, Conn., Nov. 3.—Former President William Howard Taft in a statement given out today commenting on yesterday's elections said he was very much pleased at the election of former Congressman Samuel W. McCall as governor of Massachusetts, which he regards as significant of republican victory in 1916. He said he was disappointed at the defeat of the proposed new constitution in New York.

HEAVY DEFEAT FOR SUFFRAGE

Three States Emphatically Against Giving Vote to Woman.

LEADERS DECLARE RESULT EXPECTED

New York, Massachusetts and Pennsylvania Say "No" Decisively.

The women of New York, Massachusetts and Pennsylvania asked for the vote yesterday and received an emphatic denial. These three great Atlantic seaboard states have joined New Jersey in withholding from women the suffrage they enjoy in some of the western states. The indicated majority against woman suffrage amendment to the constitution in New York based on returns from more than two-thirds of the state is 210,000.

Massachusetts defeated the proposition by a majority of 132,602 on a total vote of 357,304.

Reports from about one-quarter of the state indicated that the vote in Pennsylvania was against suffrage by a majority of 60,000.

Under the law five years must elapse before a suffrage amendment can be put to popular vote again in Pennsylvania and New Jersey, four years in New York and two years in Massachusetts. National leaders of the suffrage cause declared today that they would now devote their efforts to the national congress and strive for a vote for women amendment to the federal constitution. Mrs. Harriett Stanton Blatch, president of the women's political union, announced that the active body of the union would meet on Saturday to lay plans for this campaign. "We do not favor another referendum to the electorate of New York state," said Mrs. Blatch. "We feel that we have made our last appeal to th eindividual voter."

National leaders of organizations opposed to women suffrage, who have made an active fight against the propositions, said that the result was no more than they expected.

Mrs. M. D. Dodge president of the national organization, who has been conducting the fight with headquarters in New York, will leave to organize the campaign in South Dakota, Iowa and West Virginia, where the proposition will be put to test in 1916.

OPPOSITION MAJORITY LOWERED

Suffrage Beaten in Pennsylvania by from 50,000 to 60,000.

Philadelphia, Nov. 3.—Although the constitutional amendment which would have granted the women of Pennsylvania the right to vote was defeated at yesterday's election, the vote against it was not so large as indicated by last night's meagre returns. Indications today were that the plurality against the amendment would be reduced to between 50,000 and 60,000. A number of counties outside of Philadelphia returned majorities for the amendment while late returns from others were materially reduced. In Philadelphia suffrage polled 66,598 votes while 105,873 ballots were cast against it.

Suffragists refused to accept yesterday's result as a defeat and planned to celebrate their "victory" by holding a big jubilee meeting here tonight.

BADLY BEATEN IN NEW YORK.

Majority Opposing Suffrage Will Exceed 200,000.

New York, Nov. 3.—Woman suffrage was beaten by a majority of about 210,000, and the revised state constitution rejected by approximately 300,000 in the state-wide election yesterday, late returns today show.

Returns from 4,009 election districts out of 5,713 in the state gave 406,877 for suffrage and 555,476 against it. On this number the vote of 918 districts out of 2,097 in New York city gave 212,486 for and 302,233 against. Of 2,091 districts out of 3,364 outside of New York there were 194,341 for and 253,343 against.

SAME IN MASSACHUSETTS.

Complete Vote Shows 132,000 Majority Against Votes for Women.

Boston, Nov. 3.—The proposed amendment to the Massachusetts constitution granting votes to women was defeated in the election yesterday by a majority of 132,082.

AUTHOR OF BLIND TIGER LAW DEAD

Hon. Sidney K. Ganiard, of Lagrange, Succumbs to Long Illness.

Lagrange, Ind., Nov. 3.—Hon. Sidney K. Ganiard, author of Indiana's blind tiger law, father of the measure to place private banks under state supervision and one of the best known men in Northern Indiana, is dead at the home of his father-in-law, Mr. Miller, in Howe, death early today having ended a prolonged period of illness and suffering, due to Bright's disease.

The deceased was a native of this county, having been born in Lima township September 27, 1870. He was the youngest of three sons of Mr. and Mrs. Asa E. Ganiard, early settlers of the county. He was educated in the country schools, the Lima high school and Indiana university at Bloomington. His course in the university was gained as the result of his own labors to provide means and he took a literary course and then studied law. As a teacher in the public schools he was employed for a time in this county, was two years superintendent of the schools in Monroeville and then served for four years as superintendent of the Lima schools. In the law office of Judge Joseph D. Ferrall, of this city, he completed his law studies, was admitted to the bar and had been a highly successful practitioner in the courts of this and adjoining counties until ill-health prevented his professional activities. The republicans of the Lagrange-Noble joint-senatorial district nominated him for the senate in 1904 and he was elected by a large majority, serving in the senate during the sessions of 1905 and 1907. He had also served one term as prosecuting attorney for the Elkhart-Lagrange judicial circuit and was appointed trustee in bankruptcy for the shattered Ellison bank in this city. Senator Ganiard was affiliated with the local lodge of Masons and was a communicant of the Episcopal church in Lima. Senator Ganiard was a gifted orator and was much in demand for political service on the stump and had achieved eminence as a lecturer. In the affairs of the republican party of the Twelfth district he was active and influential. His widow was formerly Miss Lillian Miller, of Lima township.

NO MUNICIPAL STREET CARS.

Detroit Voters Turn Down Proposal to Purchase Lines.

Detroit, Mich., Nov. 3.—By the largest vote ever recorded in the history of Detroit, the electors yesterday rejected the proposal to purchase from the Detroit United Railway the street car lines and property within the one-fare zone. The plan, which to be successful required a two-thirds majority, received less than 50 per cent. of the votes cast.

COST TOWNSHIP $598.90.

Trustee Henry P. Scherer, of Wayne township, paid out $598.90 to the dependent of the township last month in the following manner: Groceries and clothing, $364.40; hospitals, $152; physicians, $37.50; burials, $35; conveyance, $10.

RIOTING ATTENDS STARTING OF CARS

Wilkesbarre, Pa., Nov. 3.—Rioting occurred in this city early today when a trolley car was run for the first time since the beginning of the strike three weeks ago. The Wilkesbarre Railway company is making an effort to open its lines with strike-breakers. The first car was met by a mob near Ashley, on the outskirts of the city, and bricks thrown through the windows. A number of officials who were on the car, narrowly escaped injury. As the cars appear they are attacked and serious trouble is feared.

E. S. Kirby, trainmaster of the Fort Wayne division of the Nickel Plate, has returned to duty after a two weeks' vacation trip.

TWO FORT WAYNE MEN ARE ON THE PROGRAM

Two Fort Wayne men are on the program this week at the annual convention of the Indiana Osteopathic convention in session at the Claypool hotel in Indianapolis. Dr. J. E. Derck will lead the discussion on "Technique for the Treatment of Blood Pressure," and Dr. K. L. Seaman will speak on "Public Educational Problems." Dr. W. H. Johnston is also in attendance at the meeting. He will return Thursday morning.

Much interest is being taken in the convention for the reason that the first public exhibition of the newly discovered method of osteopathic finger surgery and the treatment of cases of chronic catarrhal deafness will be given. No drugs or instruments are used in this treatment. Dr. Derck is president of the state association.

ALL FURLOUGHED MEN BACK.

Nickel Plate Will Now Hire Eight or Ten New Brakemen.

All the furloughed brakemen on the Fort Wayne division of the Nickel Plate, have been recalled and are now at work on the road. There is still a demand for more crews, and Trainmaster E. S. Kirby said last night that he would at once hire eight or ten more brakemen. Yesterday he put on two more crews which lay over in Fort Wayne and two with lay over in Bellevue. The former are Conductor C. W. Goodyear and Conductor E. H. Roe, and the men with the Bellevue lay over are Conductor G. L. Burdict and Conductor C. J. Haenel.

AT THE TEMPLE.

PLAY FOR THE SUFFRAGISTS.

Mary Jane's Pa Presentment of Woman's Capability.

Although the heresy of "votes for women" probably never entered the busy head of Portia Perkins, one of the central figures of the little comedy drama, Mary Jane's Pa, in which the Temple players are appearing this week, her life is a presentment of woman's capability. This "widder," as she is known in Gosport, deserted by her shiftless, indolent husband, proves herself equal to th eemergency by starting the publication of what proves to be a successful country town weekly newspaper, with its job printing adjunct. When the story opens the Clarion is in full blast and round the publication of a story attacking a candidate for the legislature, revolves the dramatic incident of the play. Mrs. Powell, as Portia, does some convincing work.

On Thursday afternoon the Temple players will give a reception on the stage immediately following the matinee. Stage Manager Hoffman has secured a number of souvenirs in the form of vanity boxes to be distributed among the women guests.

AT KEITH PALACE

FIRST CAKE WALK IN YEARS.

George and May LeFevre Revive the Dance at New Palace.

The cake walk, an Africo-American creation, only a few years ago a favorite with the amusement loving public, but abandoned when Vernon Castle galloped into the spot light with the clinging Mrs. Vernon under one arm, has been revived. It is being presented with some extraordinary trimmings by George and May LeFevre at the New Palace this week, as one of the numbers of what is quite the most delightful dancing offering one will see in many a day. Assisting the principals are a sextette of young beauties from the Metropolitan opera ballet. These lovely lassies present a group of ensemble numbers that are enthusiastically received.

If Felix Alder can't make you laugh you are hopeless, for this famous comedian is uncorking a brand new batch of his own fun ideas this week and there isn't a flivver in the list. Miss Janet Adair and company dropped out of the nowhere into the here unheralded and unsung and are proving one of the hits of the bill. Miss Adair sings an afrangement of comedy character songs assisted by the "& Co." at the piano. The charming beauty of Miss Augusta Glose, as well as her consummate artistry, are making her a prime favorite on a bill of unusual distinction.

AT THE EMPRESS.

Frankie could hardly realize that there was so much money in the world. He became pop-eyed with amazement. He was offered twelve thousand dollars for the Jones chewing gum plant. No wonder that he was astonished, surprised, stupified and overjoyed. But he turned down the offer.

This forms one of the most interesting points in that exceedingly interesting play, "Broadway Jones," in which Frank Jones is playing the principal role at the Empress this week. Frankie has one of the strongest parts in his career in this play and he is making people laugh and laugh and laugh as they have never laughed before. All the other members of the cast are splendid actors. McLain Gates, as Wallace, and Miss Helen Gleason, the leading woman, as Clara, have roles that fit them to perfection. The scenic and lighting effects are splendid. The first Maxim silencers to be seen in this city are now on display in the Trenkley and Koerber and Aurentz windows. These silencers will be used in the production "Within the Law," at the Empress next week.

AT THE JEFFERSON.

GERALDINE FARRAR GREAT MAGNET.

Draws Tremendous Crowds to Jefferson. Last Times Tonight.

Large as the Jefferson theater is, it was entirely too small to care for the crowds that wanted to see Geraldine Farrar in the remarkable Paramount picture Carmen, last evening. The theater was filled to capacity, while both entrances were packed to the street with a waiting line, which shows that Fort Wayne is partial to worthy attractions and this one is filled to overflowing with merit. Too much cannot be said about the production, the music and the singing. The combination of the whole forms a delightful entertainment of rare quality. The work of Miss Farrar is truly remarkable. She gives the finished work of a master mind and is perfectly natural before the camera, enacting the different scenes with a dash and vim that is beautiful to behold. The fight scene in the cigarette factory between Carmen and a cigarette girl is thrilling, but it inspires by its very fierceness. Never in the history of motion pictures has a more realistic scene been depicted. Such real works of art as this feature wonder is bound to raise the prestige of the screen to the highest pinnacle and give added popularity to the theater which presents it. Wallace Reid especially, as Don Jose, is worthy of much praise for his excellent work. This handsome specimen of manhood easily won his way into the heart of everyone. The excerpts from the Carmen opera were played faultlessly by the Jefferson orchestra, which acquitted itself with honor. Three of the heavy numbers were used during the picture to give it added atmosphere, these songs being rendered by Ruth Brock, Ruby Von Nicholby and Charlotte Quimby.

Carmen will be presented again this evening for the last times at 5:30, 7:00, 8:30 and 10:00 p. m. The admission is 10 and 20c.

JUST LITTLE BURST OF SPEED COST $30

Art Phillips, Jitney Bus Jehu, Hits Up 35 Mile an Hour Gait.

Arthur Phillips, a jitney bus driver, was fined $20 and costs in the city court, Wednesday morning, on his plea of guilty to violating the motor vehicle speed laws. He was arrested by Patrolman Fred Smith, early Wednesday morning, after doing a thirty-five-mile-an-hour burst of speed on Washington boulevard west. Phillips admitted he was going some, but said he was in a hurry and had a clear way, there being no traffic on the thoroughfare at the time. Judge Kerr considered that the time of the record-breaking afforded a mitigating circumstance and lopped $30 from the conventional fine for speeding. Phillips paid and took his car out of hoc.

Motorman Held for Trespass.

On a charge of malicious trespass Earl Stevens, an imported motorman employed by the Traction company, was arraigned before Judge Kerr and a continuance was taken until Saturday morning. The company furnished $50 bond for Stevens and $25 for Ross Dickinson, conductor on the same car with Stevens, who is held as a witness. Complaint was made by Herbert Gladbach, 145 Esmond street, who drives a jitney bus, that Stevens raced his street car at full speed on Calhoun street and ran him down in front of the Hayes hotel, Tuesday night. Gladbach declares the motorman deliberately crashed into him. Stevens and Dickinson were arrested at 12:30 by officers Glenn Johnson and Frank Cheviron. A half-emptied pint bottle of whisky was found on Conductor Dickinson. A short time before the collision with Gladbach's jitney the same street car in charge of the same crew collided with another jitney at East Creighton avenue and Winter streets. The jitney was driven by M. Quandt, 2329 Lillie street and was put out of commission. Gladbach's car was badly damaged.

Young Bruiser Is Fined.

Roy Carter, a well-dressed and clean-looking youth employed at the lunch counter in Jack Hedge's saloon 106 East Columbia street, was fined $30 and costs and given a suspended sentence of thirty days in jail for assault and battery committed Saturday night, October 23, on John W. Finney, an aged man who resides at 110 West Superior street. Finney was found that night on Calhoun street, just off Columbia street, by Patrolman Charles Eisenhut. The man was drunk and had a terrible gash in his forehead. He could give no account of himself or how he had been injured save that some one had assaulted him. Investigation disclosed that Carter was the assailant. Finney was charged by Carter with coming into the saloon and abusing him and after being ejected by the bartender continued standing in front of the place and continuing his insults. Carter went out and knocked Finney down. Carter was tried in Justice Grabner's court two months ago for assault.

Other City Court Cases.

Charles Gillinwater, a drunk, was fined $1 and costs and Oliver Wood, another drunk, was turned loose.

The case of Mendel Frank, charged with assault and battery on a little Italian lad, was continued until Saturday.

Ed Bailey, for child neglect, was continued on his own recognizance until December 3 and promised to pay $5 a week for support of his children.

Alfred Dahl, arrested by Captain Henry C. Stoll, of the Pennsylvania railway police, for train climbing, Tuesday afternoon, was continued under $100 bond until November 10 that he may be investigated. When arrested he was found to have a deputy sheriff's badge and warrant issued to him in Brooklyn, N. Y. He says he was sworn in as such an officer, but left Brooklyn to try his fortune in the west and was journeying home by freight when arrested.

EARLY MORNING FIRE CAUSES HEAVY LOSS

A fire caused by sparks from the chimney at 3:55 o'clock Wednesday morning caused a damage of nearly $1,000 to the residence at 702 Forest avenue, owned by A. Hauck and occupied by the families of Albert Russel and Charles Boehner. The entire upper story was ruined but firemen succeeding in saving the lower floor without any serious damage.

Mr. Russel arose early Wednesday morning and started the fire. A half hour later he discovered that the entire roof of the house was a mass of flames. He aroused the other members of the household and immediately sent in a call to the fire department. No. 6, No. 1 and the chemical of No. 3 answered the call.

Superfluous Hair Removed By Dissolving

The new way of removing superfluous hair safely and quickly is by dissolving them away. This is accomplished in a really remarkable way by the use of a brand new toilet preparation which is known as the new Sulfo Solution. This is a rather thick, golden, creamy, pleasant scented liquid, and which can be obtained at any drug store. This preparation is simply applied with the fingers or a cotton swab to the hair to be removed. The hair begins immediately to dissolve, and the cream is wiped off, leaving the skin in superb condition, milk white, soft and smooth. Sulfo Solution is as harmless as water to the most delicate skin. It is impossible for it to irritate, redden or spot the skin, as is the case when other hair removers, pastes and liquids are used. It removes any hair no matter how bristly and thick, and it is impossible to detect that a hair remover has been used. Sulfo Solution is made by Cooper Pharmacal Co. of Chicago. It costs $1.00 a large bottle, and is sold in Fort Wayne by Meyer Bros. Co., and Dreier Drug Co.—Advertisement.

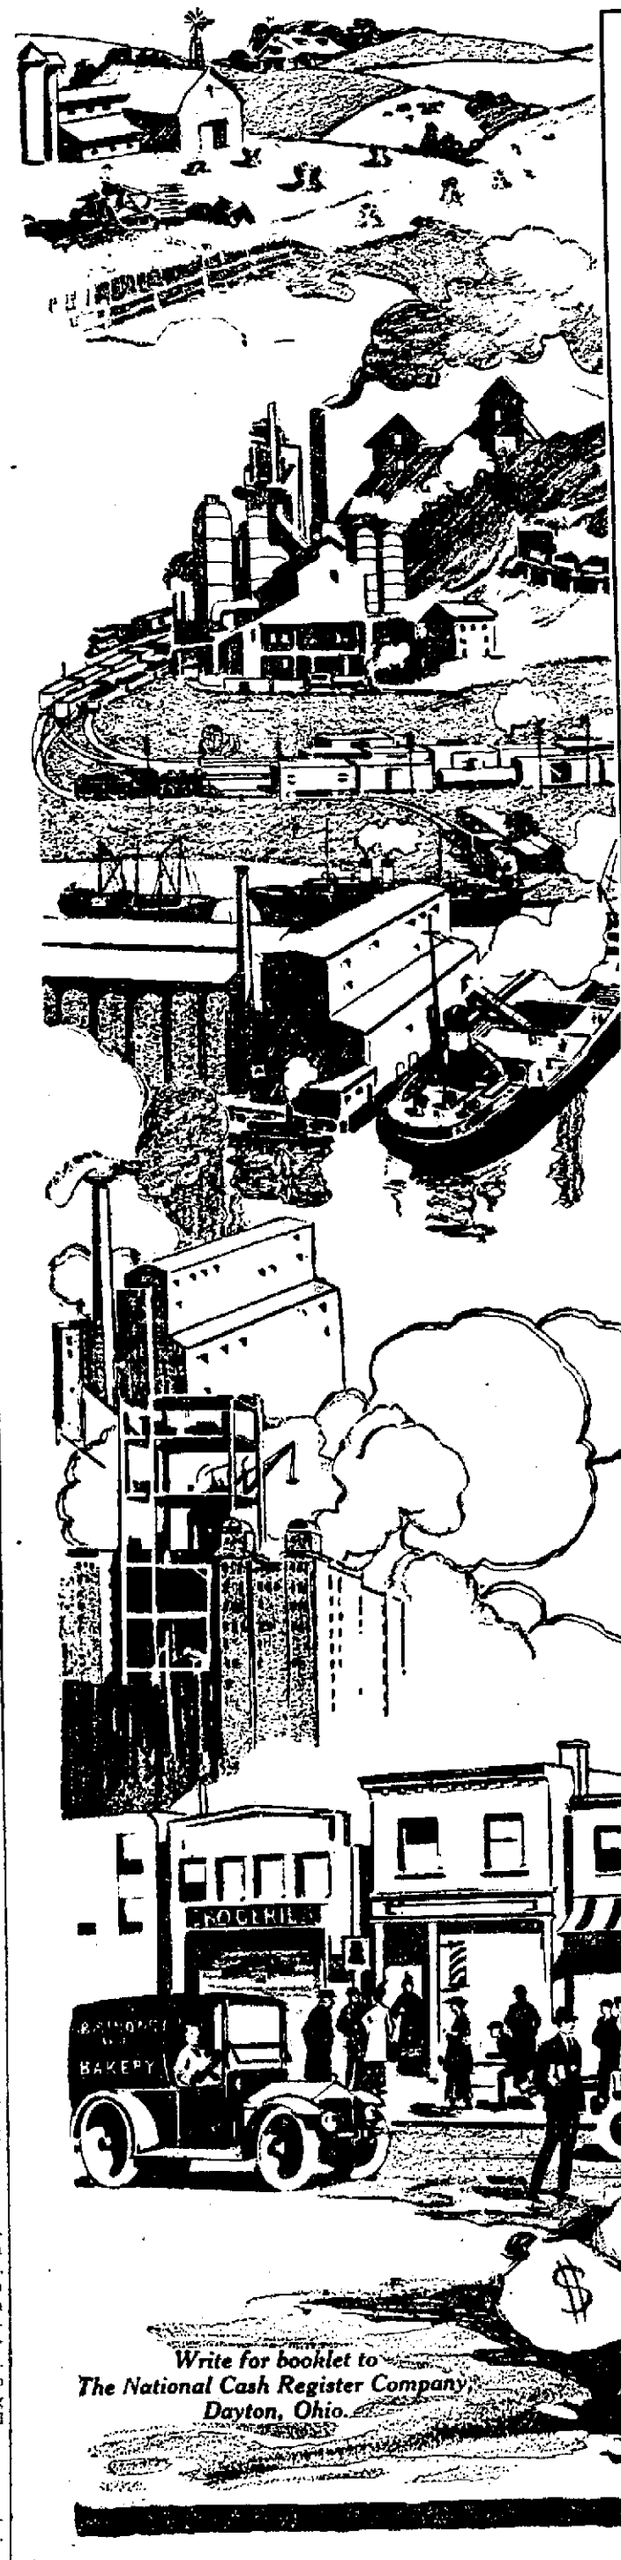
Business is booming!



Dayton, Ohio.

Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a comb...ation of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.

THE SENTINEL'S DAILY SCRIPTURE READING.

Exodus 32:25-35.

25 And when Moses saw that the people were naked, (for Aaron had made them naked unto their shame among their enemies,)

26 Then Moses stood in the gate of the camp, and said, Who is on the Lord's side? let him come unto me. And all the sons of Levi gathered themselves together unto him.

27 And he said unto them, Thus saith the Lord God of Israel, Put every man his sword by his side, and go in and out from gate to gate throughout the camp, and slay every man his brother, and every man his companion, and every man his neighbour.

28 And the children of Levi did according to the word of Moses: and there fell of the people that day about three thousand men.

29 For Moses had said, Consecrate yourselves today to the Lord, even every man upon his son, and upon his brother; that he may bestow upon you a blessing this day.

30 And it came to pass on the morrow, that Moses said unto the people, Ye have sinned a great sin: and now I will go up unto the Lord; peradventure I shall make an atonement for your sin.

31 And Moses returned unto the Lord, and said, Oh, this people have sinned a great sin, and have made them gods of gold.

32 Yet now, if thou wilt forgive their sin—; and if not, blot me, I pray thee, out of thy book which thou hast written.

33 And the Lord said unto Moses, Whosoever hath sinned against me, him will I blot out of my book.

34 Therefore now go, lead the people unto the place of which I have spoken unto thee: behold, mine Angel shall go before thee: nevertheless, in the day when I visit, I will visit their sin upon them.

35 And the Lord plagued the people, because they made the calf, which Aaron made.

Casting Up the Results.

The outstanding feature of the result of elections held in ten states on Tuesday is, of course, the decisive fashion in which woman suffrage was sent down to defeat in New York, Massachusetts and Pennsylvania. In each case the majority against granting the ballot to woman reaches figures almost monumental. The magnitude of the defeat rather than the defeat itself constitutes the striking phase of the count, for it is seriously to be doubted if any person even fairly well-informed on the outlook actually expected equal suffrage to win at this time. The ultra-conservative east is "set" in its ways, and it looks askance at any departure from the old rules of the governmental game. This is shown again in New York's rejection of the new state constitution framed by the recent convention in that state. With the mettle of the equal suffrage advocates, however, nobody believes that the suffrage matter is irrevocably killed. The fight will continue, and it will come up again as quickly as it is permitted under the various state laws.

Ohio has rejected state-wide prohibition, but with much less vehemence than a year ago, when the majority against it was some 84,000. There has been a gain of more than 40,000 votes for the Ohio "drys" in a single year. This showing, in a state in which numerous large towns make the odds all against the "dry" movement, is in itself no small victory, though the prohibition forces failed in their main effort.

Republicans have carried Massachusetts and on the face of the returns have gained one representative in congress from New York in an election to fill a vacancy occasioned by death. Inconsequential gains for the republicans are also apparent in some of the state legislatures. As an indication of the general political drift over the country the present results are of little value for the reason that interpolated special issues claimed in almost every state infinitely more attention than did party lines. Even in states where governors were chosen there was in most cases the question of suffrage or some other overshadowing issue to prevent anything like a test of actual party strength. As a forecast of what is going to happen next year the result is almost valueless.

The discovery of a mysterious worm in the water supply of the reservoir neighborhood in the southeastern section of the city is, of course not an inviting fact for contemplation, but it gives occasion for nothing resembling a panic. It is assumed that the unwelcome tenants acquired their temporary occupancy by way of the reservoir, where anything like a perfect filtration system is a difficult matter, and city authorities will lose no time in remedying the occasion for complaint. Repeated tests, made at frequent intervals, have shown Fort Wayne's water supply free from dangerous conditions. In the present instance all real danger may be avoided by boiling the water—which is always an excellent thing to do whether visible contamination is present or not.

State Food and Drug Commissioner Bernard announces that he is going to close up those saloons which refuse to obey the Indiana pure food and sanitation laws, and that the fact that a liquor shop has a license will not save it if it is a transgressor of the pure food laws. You can prove by an overwhelming majority of the liquor dealers that this is positively the last straw, and that the boasted liberty of this great and glorious country properly belongs in that miscellaneous category of things which in classic circles are technically termed "bunk."

During Vice President Marshall's absence from Washington on his summer vacation there is said to have accumulated in his rooms some hundreds of copies of new books which have been sent to the vice president with the compliments of the ambitious authors who cannot resist the temptation to try their literary efforts out on the vice president. Mr. Marshall cannot, of course, prevent budding genius from sending him its books, but, glory be, he doesn't have to read 'em all.

The appeal on Judge Paris' decision upholding the new Indiana primary law with the exception of the free-payment section has now reached the state supreme court under a joint agreement of plaintiffs and defendants. Both are anxious to have a final and definite ruling on the new law without unnecessary delay, for upon it will hinge the method of nominating candidates for office in Indiana next year. It is expected there will be little delay, for the supreme court bench will at once address itself to a consideration of the proposition.

Progressive State Chairman Lee has opened party headquarters at Indianapolis and announces that they will be maintained continuously until the close of the campaign next year. Moreover, Mr. Lee is getting about the state giving a rather lively exhibition with a party organization that has been popularly supposed to be a perfectly decorous political corpse.

CHICAGO MAYOR HAS PRESIDENTIAL BEE

"Bill" Thompson's Eye is Said to Be Trained on Washington.

Chicago, Nov. 3.—William Hale Thompson, formerly known as Bill Thompson, now mayor of Chicago, is considered by many Chicagoans and by many inhabitants of the United States as well as a possible candidate for president at the coming election.

Here's Bill's pedigree:

He used to punch cows on a Wyoming ranch.

It is said that Bill could grab a

William Hale Thompson

bull by the tail and by twisting it (the tail, not the bull), could make said bull lie down at his feet.

However, this may not be true.

Anyway, Bill went to Chicago, was made captain of the Chicago Athletic association football team, copped the world's championship; then, somehow or other, got named for mayor, and was elected by the largest majority ever given any mayor of any city any time.

Soon after he was elected, William Hale Thompson discovered a street car strike. People were going to work afoot, walking miles. Women had to "hook rides" on express wagons, and everybody was late getting to the office, also getting home to supper.

So Bill, the same who used to twist the bull's tail, grabbed the millionaire directors of the street car company by the scruff of their necks and chucked them into his private office with the labor leaders.

He locked the door and put the key in his pocket and told them to reach a settlement before they got out.

The chairs in Bill's office are the hard-bottom kind, and they don't serve meals there. And there were other reasons why they were quick at reaching a decision.

And now they all like Bill.

Then he tackled the adjustment of the building trades lockout, and fixed that.

He collected $375,000 in record time for the Eastland disaster sufferers.

The fact of the matter is, William Hale Thompson has a simple, frank, candid way of approaching things, eliminating every thought except that which is for the best interests of his community and all concerned. More recently he has gained new fame by insisting on an observance of the Sunday closing law in Chicago.

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padghan, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.—Advertisement.

MONROEVILLE NEWS.

Monroeville, Ind., Nov. 3.—Mrs. C. Van Meter and babe are visiting relatives at Frankfort, Ky., while Mr. Van Meter is away erecting a mill for Debolt & Niswonger at Thackery, Ohio.

On next Sunday the Sunday school services at the M. E. church will be entirely in charge of the men of the church. Seth F. Painter will act as superintendent and all the class teachers will be men. There will be a short program given and everybody and especially the men of the community, are invited to attend.

Wm. Murchland, who has been ill for several weeks is reported in a very serious condition.

Grandma Allegar's condition is reported to be about the same.

Mr. and Mrs. S. J. Felger, Mrs. F. B. Davis and daughter, Vivian, spent Sunday with relatives in Fort Wayne.

Samuel Mull, who has been on the sick list for the past two weeks, is able to be out again.

Geo. Peckham, who is now working in Detroit, was home over Sunday with friends and relatives.

John Knox and family have moved here from Convoy to the Webster property in the east end of town.

Mr. and Mrs. L. E. Wright were at Lima, O., Sunday, the guests of Mr. and Mrs. W. I. McClure, Mr. Wright returning home Monday and Mrs. Wright remaining for the rest of the week.

Henry W. Felger and family, of Fort Wayne, spent Monday with Mr. and Mrs. S. J. Felger.

H. S. Jones and J. M. Jackson were at New Haven on business Monday.

Mr. and Mrs. Clarence Schell, of Fort Wayne, were Sunday guests of Mr. and Mrs. J. O. Laughlin and Mr. and Mrs. Chas. Krick.

Mrs. Wm. Richards, of New Haven, spent Saturday with her daughter, Mrs. Clark David and family.

Mrs. J. B. Miller, who was operated on at the hospital in Fort Wayne Saturday, stood the operation nicely and will recover unless something unforeseen sets in.

Mrs. T. S. Heller, of Fort Wayne, and Josh Houseman, of Alabama, were Tuesday guests of Mr. C. A. Nill and family.

Mr. and Mrs. C. A. Nill and Mrs. Maud Griffith were in Fort Wayne Sunday as the guests of Mr. and Mrs. Albert Blaising at their home in Forest Park.

Mr. and Mrs. Philip Schlemmer, of Monroeville, and Mr. and Mrs. Britz, of Chicago, were the guests of Mr. and Mrs. E. M. Murfield last Wednesday

The Junior class of the high school was entertained at the home of Miss Grace Youse last Saturday evening at a Hallowe'en party. The members of the class and a few friends came masked and all enjoyed a merry time with games, contests and music. Byron Sweany carried away the honors in a guessing contest and at a late hour a splendid lunch was served.

The local Masonic lodge will confer the Fellowcraft degree on three candidates at its regular meeting this evening.

Master Clyde Youse entertained the Knights of Honor class of the Lutheran Sunday school at his rome last Friday evening. The boys enjoyed themselves with Hallowe'en games and jokes and Mrs. Youse served a dandy lunch.

Mrs. W. E. Savio and babe, of Cleveland, O., who have been here for several weeks visiting her parents, Mr. and Mrs. W. E. Reynolds, will return home the last of this week.

Forest Murfield, of this place; Miss Nellie Murfield, Miss Ethel Barnhart and Jack Spanley, of Fort Wayne, figured in an auto accident north of town Sunday. One of the wheels of the machine ran into a rut, something broke, the wheels spread and threw the occupants into the ditch. All were bruised up considerably but luckily escaped serious injury.

A pleasant social event of Hallowe'en week was the "Ghost Party" of the Twentieth Century club at the home of Mr. and Mrs. C. A. Nill, Monday evening, with Mrs. Maud Griffith as hostess. The rooms were decorated with black cats, pumpkin faces, chrysanthemums and fall roses and at a late hour a delicious luncheon was served. Members and guests present were Miss Helen Jones, Mrs. Ethel Krick, Mrs. H. S. Jones, Miss Maggie Connelly, Mrs. J. O. Laughlin, Miss Flora Peters, Miss Amy Lindemuth, Mrs. C. A. Nill, Miss Louise Spake, Miss Addie Durnell, Miss Gladys Jones, Mrs. J. F. Niezer, Mrs. G. E. Spake and Mrs. J. W. Edwards.

Beware of Cheap Substitutes.

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.—Advertisement.

Chips from the Pine Block

THOSE SHOUTS ARE BETRAYING—

—the horns are all braying, the crowds are insane in the bleachers. There are doctors and farmers and pretty young charmers, and a bunch of old baldheaded preachers, but everyone's jumping, and all hearts are thumping, for here comes the college's hero! He's sent the ball sailing right over the railing, and held our old rivals to zero! His face is all bloody, his harness is muddy, his forearm is broke in three places; his right leg is shattered, his left leg is battered, and he won't run any more races, but why should he worry or be in a hurry, after winning the game of the season? By fancy drop kicking he gave them a licking and silence is now worse than treason! So yell like a siren with voice box of iron, and stamp on the planks with your pedals! O! Shade of Old Nero, bow down to our hero! We'll cover his bosom with medals!

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Tomorrow will be election day.

Dr. John Seaton is confined to his bed by sickness.

H. N. Ward, the china merchant, is confined to his home by illness.

Miss Louise Robertson will go to Cleveland this week to visit friends.

Mrs. Willis Hatteraley is convalescent after an illness with typhoid fever.

The new three-story addition to the American wheel works is going up rapidly.

J. K. McCracken, general manager of the Louisville, St. Louis & Texas railroad, is in the city.

Hon. John W. Hayden and Hon. Harry C. Hanna will address a republican meeting in Avilla this evening.

A fine dog, while jumping over the iron fence in front of the Williams premises on West Wayne street, was impaled on a picket and died soon afterwards.

James M. Kane has returned from McKeesport, Pa., whither he was summoned by the illness of his daughter, Mrs. Skelly, who is now out of danger.

Mr. and Mrs. August J. Detzer have returned from their bridal tour in the east and are registered at the Aveline. They will shortly occupy their residence at 155 West Wayne street.

The special committee of arrangements for the convention of the Knights of St. John, in this city next June, held a meeting last night. The convention will be by far the largest ever held in Fort Wayne.

Mason Long has returned home after a tour of six months with his singers through Indiana, Michigan, Illinois, Wisconsin and Iowa. The tour was made entirely by wagon and the "Pilgrims" had a pleasant and successful trip.

T. B. Shoaff, of New York city, has purchased of Stephen C. Taber the tract of land bounded by Fairfield avenue, Brackenridge and Baker streets, known as Ewing's grove, and will plat it into lots to be sold for about $1,000 each. S. C. Lumbard will act as Mr. Shoaff's agent. The price paid for the property was $32,500.

INDUSTRIAL SHOW OPENS.

Marion, Ind., Nov. 3.—An industrial exposition in which "made in Marion" products are exhibited, opened in the civic hall of this city. The show will continue throughout the week. The manufacturers of Marion have on display samples of manufactured products and in some instances the process of manufacturing is illustrated by machinery, in charge of skilled operatives.

The city is decorated with flags and bunting. An immense arch has been constructed over Adams street, opposite the civic hall. Many features of entertainment have been provided. A stage has been constructed in Second street, where folk dances and other forms of entertainment will be given.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Myers Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, The Family Drug Store and other leading druggists in this vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back as found in each large box.—Advertisement.

NEWS OF FORT WAYNE'S NEIGHBORS

EAGLES ARE REORGANIZING.

Hartford City Lodge, From Which Charter Was Taken, Soon to Be Ready.

Hartford City, Ind., Nov. 3.—The Eagles lodge in this city will have been fully reorganized by the end of the present week and will be in operation in about two weeks, according to Dr. G. W. Sweigart, formerly prominent in the lodge here. Already about thirty names have been signed to the petition, asking that the charter be granted, which is many more than is necessary, in making the application to the grand aerie, at Kansas City, Dr. Sweigart says. The charter under which the newly organized lodge will be started will be the same number and same form as the one which was taken from the lodge only a short time ago and will be the same throughout with the exception that the names of the charter members will be different, it is said. Many of the old members will return to the lodge while others declare they have had "enough." One of the objects in revoking the charter of the lodge, it is said, was to rid the local organization of some undesirable members.

POSED AS A SINGLE MAN.

Hartford City, Ind., Nov. 3.—His action in posing, for several months, as a single man and then eloping with the victim of his deception, has landed Jesse Martz, aged about 23 years, well known baseball player, behind the bars in the Blackford county jail, where he is held in absence of $1,000 bond. The specific charge against Martz is child desertion, filed by his wife, Mrs. Cora Martz, who has been residing at the home of her parents, Mr. and Mrs. Jacob Moore, in this city. Martz has been working during the past summer, for the county surveyor of Jay county. There he met Miss Selma McLaughlin, the eighteen year old daughter of Mr. and Mrs. Wiley McLaughlin, a prominent and respected family of the Jay county seat. Saturday the pair eloped going to Muncie, where they spent the night. They were pursued and the girl learned, when overtaken, that her lover was already a married man.

FINED FOR KILLING 'COONS.

Huntington, Ind., Nov. 3.—If Monroe Welker of Lancaster township had waited three days longer after he had found the dwelling places of three racoons, he would have been $20.50 richer. As it is, however, Monroe is ruefully contemplating how he will make the three coon hides and a couple of skunk hides pay for the fine he disgorged in Squire G. W. Stults' court. Welker was placed under arrest by Deputy Game Warden John Rigsby, of Goshen, and Constable James Johnson, of Huntington, on a charge of killing fur bearing animals out of season. He pleaded guilty to the offense and was fined $20.50. The open season for fur bearing animals began Monday, but Welker's offense was committed Friday night.

JUDGE COOK OUT FOR CONGRESS.

Huntington, Ind., Nov. 3.—Judge Samuel E. Cook, of the Huntington circuit court, formally announced his candidacy for the democratic nomination for congress of the Eleventh district. Judge Cook stated that for some time he has contemplated making his announcement, and as the time for the primary is now but a few months away, he feels that it is proper for the announcement to come at this time. This is the first announcement of any man's candidacy in this district, although in many other districts in the state announcements have been made for some time. Judge Cook is well known throughout the district, having for many years taken an active interest in politics.

VICTIM OF TUBERCULOSIS.

Columbia City, Ind., Nov. 3.—Carlos Bates, son of Hamlin Bates and wife, of Etna township, died at the home of his parents from tuberculosis. He had been ill all summer. Early in the spring he accepted a position at the McNear store in this city, but was compelled to give the work up on account of poor health. The deceased was born in Etna township and was 25 years, 8 months and 17 days of age. Besides his parents, he is survived by three sisters, Elsie, Onna and Eva. He was a fine young man and his death is deeply felt by members of the family and a large circle of friends.

WARSAW SOUSES TO FARM.

Warsaw, Ind., Nov. 3.—Four drunkards, of Warsaw, James and Frank Barfelt, Alpheus Korn and George Engle, have been sentenced by Mayor Richardson to serve ninety days at the penal farm. These men are the first to be sent from this city since the institution was opened. The men were take this morning by Sheriff Huffer. George and Roy Clouse, of Pierceton, father and son, were arrested on a charge of drunkenness and brought to this city and placed in the county jail. It is probable that they will be sentenced to serve a sentence at the penal farm.

SEE ROBBER IN THEIR HOME.

Van Wert, Ohio, Nov. 3.—While the family were at supper, a robber entered the home of Mrs. Thomas Geppert, 309 West Jackson street. The man was discovered before he had had time to take anything of value. Mrs. Geppert had finished supper and the family were seated at the table talking, when they heard a noise in the parlor, sounding as if someone had fallen over a chair. Mrs. Geppert could see into the room from where she was sitting. She looked up and saw a stranger in the room. She then cried for help and ran to the hall, where she saw a man running out of the door.

VAN WERT O. E. S. ELECTS.

Van Wert, Ohio, Nov. 3.—At the annual election of the Van Wert Chapter No. 48, Order of the Eastern Star, held Monday evening, the following officers were elected: Worthy matron, Dora Smith; worthy patron, Dewite Budd; associate matron, Effie Evans; secretary, Maud Ferguson; treasurer, Ollie Deffmer; conductor, Flora Terrie; associate conductor, Mary Troup.

TO VOTE ON HIGHWAY DEC. 21.

Albion, Ind., Nov. 3.—Tuesday, December 21, is the day fixed by the county commissioners to vote on whether or not the improved highway shall be constructed from Kendallville through Ligonier to the west county line. The commissioners investigated the reports of the viewers in thorough fashion and then fixed the election day. They decided that the four townships affected should vote as a unit, meaning that a majority of all the votes cast shall determine the result. According to the viewers the cost of the road, of concrete construction, is estimated at $274,717.66. The road as surveyed extends 21.21 miles, making the estimated cost $13,000 a mile. The road extends from Kendallville through Brimfield, Wawaka and Ligonier, to the west county line. The townships passed through are Wayne, Orange, Perry and Elkhart.

WEDDED PAIR HELD AS VAGS.

Kendallville, Ind., Nov. 3.—Charged with vagrancy, Mr. and Mrs. William Betrand, of Saginaw, Mich., who have been in the city since Saturday, were Tuesday taken to Albion, where they will spend the next twenty days behind the bars. Mrs. Betrand, an aged woman, was making the rounds about the city Saturday selling chances and begging money, stating that her husband, a cripple, was at home and eagerly waiting for her return with hopes that she would have sufficient money to take him to the sunny southland for the winter. She was arrested Sunday evening. Monday afternoon her husband appeared on the scene, and he was also locked up.

MARY NOT USED TO IT.

Bluffton, Ind., Nov. 3.—Miss Mary Fitzpatrick was badly shaken up in a fall at the city engine house, where she was a member of a company entertained by Mr. and Mrs. Ralph Davis. A number of the party were sliding on the steel pole leading from the Davis apartments to the fire company's room below. Miss Fitzpatrick tried to slide and had moisture on her hands. The result was a blister on one palm which caused her to loosen her hold. She fell several feet, but escaped with a mere shaking up and recovered after a short rest.

CHILD DIES OF STRANGULATION.

Hartford City, Ind., Nov. 3.—John Cronin, six years of age, son of Mr. and Mrs. Joseph Cronin, died of strangulation Tuesday, about fifteen minutes after he had been taken, as a last resort, to the Hollis hospital, in north High street. It is not known positively whether the child had diphtheria or not. Portions of the trachea and larynx were sent to Dr. Edlavitch, at Fort Wayne, Tuesday afternoon, to be incubated, in order to bring out whether they contain diphtheria germs.

FIRE AT LINN GROVE.

Bluffton, Ind., Nov. 3.—An old dwelling house on the premises of Levi Meshberger, near Linn Grove, was destroyed by fire. Mr. and Mrs. Meshberger have recently moved into a fine new brick residence, but they still used a part of their old dwelling as a summer kitchen. They attended church at Vera Cruz, leaving two sons at home with instructions to start a fire in order that dinner could be cooked quickly when their parents arrived home. The boys put too much kindling into the stove and the hot flue set fire to the roof. There was very little of value in the house as most of the furniture had been moved into the new house.

Martin—Hursh.

A Fort Wayne young man who was the groom at a beautiful wedding that took place in Auburn, on Tuesday afternoon, was Mr. Robert Boyd Martin. Mr. Martin's bride was Miss. Anna Violet Hursh, a daughter of Mr. and Mrs. J. C. Hursh and the wedding ceremony at the home of the bride was performed by Rev. A. B. Garman, pastor of St. Mark's Lutheran church. There were no attendants to the bride and groom but about forty guests were present. The bride was dressed in white net hung over white taffeta and she held a bouquet of bride roses. A sumptuous repast was served after the bride and groom had received the felicitations of the company. When they left for their wedding trip for a week's absence, the bride wore a dark green velvet suit trimmed with fur and a hat to correspond in material and color. The bride was graduated from the Ossian high school and Tri-State college and since then has been teaching in Allen county, where she has made many friends. The groom is a son of Mr. and Mrs. R. C. Martin, of this city, and is a pharmacist for the Dreier Drug company. Mr. Martin was also graduated from the Tri-State college with an A. B. degree. Mr. and Mrs. Martin will make their home in this city. Out of town guests at the wedding included Miss Ida Kreigh and Miss Nellie Rupright, of Ossian; Mr. and Mrs. H. H. TEACH MUSIC IN SCHOOLS.

David Bispham Believes It One of the Best Ways of Cultivation.

David Bispham, the distinguished American baritone, who will shortly appear in Fort Wayne as Beethoven in the one-act play "Adelaide," in conjunction with which Mr. Bispham and his company will offer a miscellaneous concert called "The Rehearsal," believes that music should be a part of the public school course. A great deal of the musical development of this country in recent years can be traced, he believes, to the increased interest in music among pupils and teachers. "In fifty years there has been a steadily increasing demand for good music. The cultivated people of both continents are paying an immense amount of attention to music, and are satisfied only with the very best. You see evidences of this development on every hand. The number of orchestras now playing evidence the very general, the almost universal nature of our musical tastes."

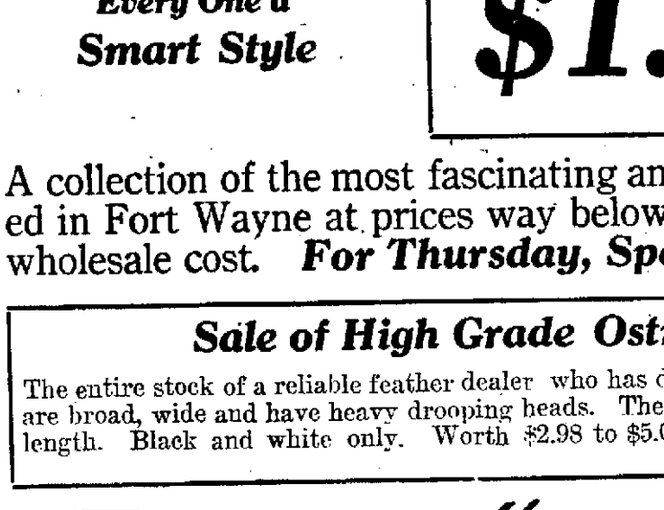
ROUND OUT FIFTY YEARS OF WEDDED LIFE



MR. AND MRS. HENRY WIETFELD.

After a half century of wedded life, Mr. and Mrs. Henry Wietfeld, of 1203 Park avenue, gave due observance to the day, on Monday, Nov. 1, by having from sixty to seventy relatives and friends gather at their home for a pleasant visit and other due observance of so important a day. Rev. Philip Wambsganss, of whose church Mr. and Mrs. Wietfeld have been members during their residence here, delivered a short address at the time, and Prof. Herman Hahn, of Emmaus school, had charge of an excellent musical program. Abundant refreshments were served. Both Mr. Wietfeld and his wife were born in Hanover, Germany, but have lived in Indiana the most of the time since they came to this country when they were children. Mrs. Wietfeld's maiden name was Louise Tiemann. Both her family and Mr. Wietfeld's family lived in Adams county and their wedding took place there. Since 1912 Mr. and Mrs. Wietfeld have lived in this city. The following are their children: Mrs. Charles Kanning, Louis Wietfeld and Mrs. Herman Grote, Fort Wayne; Edward Wietfeld, Fuelling settlement; Mrs. Martin Grodrian, Mrs. Henry Lassen and Carl Wietfeld, Fort Wayne; Mrs. Martin Kiefer, Friedheim and Herman Wietfeld, Fort Wayne. Besides the children, thirty-three grandchildren attended the golden wedding yesterday.

LARGE FEES IN WILL CASE.

Plaintiffs in Caldwell Case, Dissatisfied, May Again Take Up Fight.

Lafayette, Ind., Nov. 3.—The celebrated Caldwell will case, involving an estate of $1,500,000, which was recently compromised, probably will be reopened. A few days ago in the Benton county court the plaintiffs, who were suing to set aside the will, accepted a compromise in the form of $250,000, which was to be paid to them in instalments. Dissension has arisen among the plaintiffs and there is talk of making a move to set aside this judgment.

The court today awarded large fees to a number of the attorneys in the case. J. D. Chancellor, of Fowler, who effected the compromise, received a fee of $15,000. Kumbler & Gaylord, of this city, received $20,000 in payment for services to the plaintiffs. Stuart, Hammond & Stuart received $34,500 for services to the estate, and Frazer & Isham, of Fowler, received $23,100 for their services.

WOMAN ATTACKED IN HOME.

Mrs. Ella Brockman, of Logansport, Found Unconscious by Nephew.

Logansport, Ind., Nov. 3.—Mrs. Ella Brockman, age fifty, is in a critical condition as a result of a murderous assault made on her in her apartments on North Third street. Mrs. Brockman was asleep when an unidentified man entered her room and, seizing her about the neck, choked her into unconsciousness. When found by her nephew, George Long, the woman was lying on the floor with a handkerchief in her mouth, bound hand and foot. Since the attack Mrs. Brockman has regained consciousness, but has not spoken a word, although at time it appears she is making an attempt to talk. No trace of her assailant or the motive for the assault it known.

COMMODORE BROWN DEAD.

Was Born and Reared in Lafayette—Brilliant Career in Navy.

Lafayette, Ind., Nov. 3.—Lafayette people were shocked on the receipt of news of the death of Commodore Guy W. Brown, U. S. A., retired, at his home in San Diego, Cal. Heart disease was the cause of death. Mr. Brown was born in this city fifty-seven years ago and all of his early life was spent here. He was a son of Dr. Levant R. Brown, a pioneer physician and druggist. Commodore Brown was the owner of business property here. Mr. Brown entered the United States military academy at the age of eighteen. He was captain of the flagship New York in the Spanish-American war and rendered gallant service. As captain he also made a trip around the world with Admiral Bob Evans. Two years ago he retired with the title of commodore. He is survived by the widow and two children. A half-brother, Levant R. Brown, graduate of Purdue, is holding a government position in the Philippine islands.

APPLY IT TO FAT HIPS--SEE FAT GO

Any Part of the Body Can Now Be Reduced Quickly by Senzo Reducing Cream.

Several inches off the hip measure in a week or two—several inches off the waist, fat, pudgy ankles made slender—and other reductions of fat on different parts of the body—this is what may now be done by the remarkable, new fat reducer, Senzo Cream.

The results of this reducer are surprising. It renders internal remedies unnecessary. Those who have used it say it does what no treatment taken internally can ever do—reduces fat from any part of the body just where you want it taken off.

Nothing to put into your stomach, no tiresome exercises, no diet—nothing but the simple use of this cream does it. Ankles, arms, hips, neck, double chin, feet, hands, bust, waist—any part of the body may be reduced to normal, naturally, easily, quickly. Try it.

Senzo Cream is sold by druggists at $1.00 a large bottle. Sold in Fort Wayne by Meyer Bros. Co. and Dreier Drug Co.—Advertisement.

Schultz, 199. Republicans—For trustees, William Plaster, 176; Charles McDonald, 183; for marshal, Dan Mossburg, 162; for treasurer, Frank Christy, 181; for clerk, Arthur Couch, 167. John Long was the only officer re-elected.

Wells County Towns.

The complete returns at Markle were: For trustee—T. J. Harvey, republican, 92; Zachariah Vachon, democrat, 37; for marshal, Lew Johnson, democrat, 69; Amos Maddux, republican, 57; for clerk, G. A. Paul, democrat, 63; T. J. Yoos, republican, 62; for treasurer, J. A. Slane, republican, 64; J. A. Patten, democrat, 63.

Keystone—Clerk, O. L. Fisher; marshal, Cornelius Brinneman, and councilman, J. S. Neff.

Ossian—Clerk, Ernest Vananda; marshal, W. T. Cotton; councilman, M. S. Henline.

Uniondale—Clerk, J. A. Brickley; marshal, Zack Colen; councilman, W. H. Lipkey.

Roanoke.

The Roanoke officials who will continue in office, re-elected, are: Marshal, George Field; clerk-treasurer, Charley Fauss; trustees, James H. Barbour, Lawrence Wasmuth and N. Richards. Mr. Field recently succeeded Ed Heeter as marshal.

Albion.

The people's ticket won at Albion with the following result: Trustee, First ward, B. F. Kuhn won by 35 majority over M. T. Thomas; trustee, Second ward, John J. Martin won by 13 majority over Charles Callahan; trustee, Third ward, William Shew won by 16 over Del Baughman; for clerk, Hubert Cockley won by 21 majority over Charles A. Gatwood. Martin L. Halferty was the only candidate on the citizens' ticket to be elected. He won for treasurer by a majority of 23 over James Matthews. John C. Lee, candidate for marshal on the people's ticket, had no opposition.

Lagrange.

The citizens' ticket fared badly at Lagrange. Following were the results:

For marshal—Nelson, rep., 207; Aldrich, cit., 184. Nelson's majority, 23.

For Clerk—McCally, rep., 215; Cather, cit., 184. McCally's majority, 31.

For Treasurer—Cole, rep., 205; Moore, cit., 181. Cole's majority, 24.

Trustee, Fifth ward—Peichard, cit., 209; Wade, rep., 181. Root, rep., defeated Eshleman, cit., 234 to 164, which leaves town board with four republicans against one to represent all other political faiths.

Milford.

Democrats elected all the city officials at Milford. The results were as follows:

For trustee, Israel Flory, dem., 165; Albert M. Lentz, cit., 54; Flory's majority, 111. For clerk, Frank S. Keehn, dem., 136; Harry Phend, cit., 77; Keehn's majority, 59. For treasurer, Delbert H. Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Advertisement.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty.

Spend 25 cents! Dandruff vanishes and hairs stops coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advertisement.

VON BUELOW IS NOT TO DISCUSS PEACE

Madrid, Nov. 3.—Via Paris.—Formal denial is made in a statement issued at the German embassy that Prince von Buelow intends to discuss possible peace terms here and in Washington.

A dispatch from Corruna says the former imperial chancellor of Germany, who is now in Switzerland, where he was reported to have been sent by his government to initiate peace negotiations, is expected to arrive there aboard the Dutch steamer Tubantia.

POPE EXPRESSES REGRET.

Rome, Nov. 3.—Pope Benedict expressed regret today to cardinals who made inquiries that he was unable to give any hopeful assurance as to a likelihood of early peace negotiations. Embassies of the allied powers here all officially deny that there is a foundation for the reports that a peace movement is under way.

NEW PREMIER EMPHATIC.

Paris, Nov. 3.—"France will not sign a peace agreement until after her restoration by right of victory, and until she shall have obtained all guarantees of a durable peace," said Premier Briand today.

This statement wis included in the ministerial declaration of the new cabinet, which was read before the chamber of deputies and the senate. The premier read the declaration to the chamber.

DR. BLISS IS GIVEN PLACE ON COMMITTEE

New Officers of State Conference on Charities and Corrections.

Richmond, Ind., Nov. 3.—The state conference of charities and correction came to a close last evening with addresses by Miss Julia C. Lathrop, chief of the children's bureau at Washington, and Rabbi Morris M. Feuerlicht, of Indianapolis, chairman of the conference committee on child welfare.

Timothy Nicholson, of Richmond, known as the "father of prison reform in Indiana," celebrated the eighty-seventh anniversary of his birthday and a dinner in his honor was given last evening, the toastmaster being Amos W. Butler, secretary of the state board of charities, and retiring president of the conference. Former presidents and secretaries of the organizations attended the dinner.

The following officers for the conference to be held in Indianapolis next May were elected: President, Prof. A. R. Charman, Terre Haute; vice presidents, Miss Vida M. Newsom, Columbus; Dr. George S. Bliss, Fort Wayne, and Howard Roosa, Evansville; principal secretary, Frank D. Loomis, Indianapolis; assistant secretaries, Miss Edna M. Henry, Indianapolis; Prof. E. H. Davis, Lafayette, and John Meipolder, Richmond.

Amos W. Butler was elected chairman of the executive committee. Among the other members of this committee are Dr. George F. Bliss, of Fort Wayne; Dr. F. W. Terflinger, of Logansport, and W. C. Ball and Mrs. U. O. Cox, of Terre Haute.

PROHIBITION FAILS IN OHIO BY 41,000

Temperance Forces Make Big Gains Over Showing One Year Ago.

Columbus, O., Nov. 3.—Though Ohio voters yesterday rejected state-wide prohibition for the second time in two years, great inroads were made by the temperance forces on wet territory. Fairly accurate returns from seventy-seven of the eight-eight counties of the state gave a majority of 41,000 against the prohibition amendment. Estimates on the official majority against the proposal from 30,000 to 40,000 last year, the prohibition amendment was defeated by a majority of 84,-152.

The voters not only rejected prohibition but also defeated by substantial majorities the other constitutional proposals and two laws enacted by the legislature. One of the rejected proposals was to prevent for six years a vote on a constitutional proposal which has been twice defeated. The other proposals were to exempt from taxation all public bonds and to extend the terms of county officials from two to four years.

Karl Keller, who succeeded Brand Whitlock as mayor of Toledo, was defeated in the election yesterday by Charles M. Milroy, a progressive, and former prosecuting attorney. The twenty-five year street car franchise lost, which means that the city will take over the street car system here. The election was not under a party name.

WISH QUAIL LAW CHANGED.

Daviess County Would Have December 10 to January 1 as Open Season.

Washington, Ind., Nov. 3.—Daviess county farmers desire the open season for quail changed from November 10 to December 20 to December 20 to January 1. Farmers fond of hunting feel the lawmakers did an injustice to the farmer when they passed the present hunting law, fixing the quail season. The farmers' objection to the law is that the open season comes when the farmer is busy gathering corn. Daviess county farmers are suggesting that the quail season open on December 10 and close January 1.

PARKING OF AUTOS IS BAD PRACTICE

Col. D. N. Foster Suggests a Remedy at Meeting of Realty Men.

Parking of automobiles on Court street was condemned in an address by Col. D. N. Foster, Tuesday evening, at the regular weekly meeting of the Fort Wayne Real Estate exchange at the Commercial club. He said that the practice not only inconveniences business in the locality but prevents business men in the city from parking their cars near their offices and places of business. He offered a remedy whereby the city might lease a small parking space to a farmer or out-of-town man for a small sum. A two story garage with basement could be erected for this purpose, he said.

The evil of blind advertising was brought to the attention of the exchange by W. E. Doud, the members going on record as opposed to such advertising. Hereafter members of the exchange will sign their names to all advertisements inserted in the newspapers by them.

Walton H. Ingham spoke on the questions of an auditorium, track elevation and improvements of the river banks. He urged the members of the exchange to take steps to aid in the solutions of these problems.

Mr. Foster declared that the auditorium problem would probably be brought before the citizens of Fort Wayne for a vote at the election next fall inasmuch as the state law has provided for it. He declared the proposition should be handled municipally and not by private interests.

Mr. Foster said the state had been extremely negligent in not taking action regarding a monument for General Henry W. Lawton at his grave in Arlington cemetery, Washington, D. C.

WOLF & DESSAUER DEPARTMENT STORE — Nos. 119-121-123-125-127 West Berry St.

They're all here now

WE'VE shown you a few of the new fall Wooltex styles, enough to tell you what are the most prominent features of the new modes.

This week we invite you to attend a style exposition of still greater interest. This is our

complete fall showing of Wooltex tailored suits and coats

Graceful curves of a good figure are shown to the best advantage in this suit. Stout figures appear more slender. And withal, it is so refined and genteel. Note how it conforms to the correct style tendencies

Always, the Wooltex designers have kept carefully in mind the correct style tendencies, such as natural, graceful figure lines, belted or partial belted effects, and the smart flaring bottom lines of jackets and coats.

But with faithful adherence to style, they have varied the designs to provide garments that are becoming to each type of figure.

Wooltex garments for all types of figures

Are you stout? There are Wooltex models to give you a more slender appearance.

Are you slender? There are Wooltex models to add beauty to your graceful, supple figure.

Have you an unusually good figure? There are Wooltex models that are, as the French say, "caressing" in their charming suitability and gracefulness.

Whatever your figure, whatever your tastes, whatever your purse—there's a Wooltex tailored garment that will just suit you

For used to the best advantage, makes this a beautiful model, and a very fashionable one. There is remarkable grace and charm in its graceful lines. The belt is only across the front.

There's style and added value in Wooltex

In Wooltex tailored garments, you not only get correct style, but you get added value in superior materials, custom-quality tailoring, and a longer period of pleasurable service.

We'd like to show you just how Wooltex garments are made. You'll know, then, why they keep their fresh, new appearance so much longer than ordinary garments.

This week is a most favorable time to see the new Wooltex fall suits and coats, and to make your selection

A model that shows the style tendency in coats. The high collar with flare, the semi fitting lines to the waist, the short belt effects and flaring skirt are all marks of good style.

Suits at $25 to $65
Coats at $16.50 to $45
Skirts at $5 to $15

Bob Aitkin		Failed to finish

New York, Nov. 3.—There was a day of real high speed at the Sheepshead bay motor track in which Dario Resta, Ralph De Palma and Bob Burman shared in the glory, but the greatest honors went to Resta, who captured the 100 mile race and established a new American record for the distance. Resta's time was 56:55:71, which beats his own mark of 57:26, made last month on the same track in the Astor cup race, but not as fast as the world's record, made at Brooklands, England, of 56:29:83.

It was a conglomerate of nationalities in the matter of cars and drivers, Resta, English born of Italian parents, won the race, which was for the Harkness gold trophy and a good slice of some $12,500. He drove a French made Peugeot car the full distance without a stop.

Kid Herman, of New Orleans, will be the next to get a chance at the bantamweight title, claimed jointly by Kid Williams and Johnny Ertle, but to which Williams has the best claim.

GETTING SET FOR CORNELL GAME

Michigan Crew is Working Hard Under Yost for Saturday Affair.

Ann Arbor, Mich., Nov. 3.—Wolverine gridiron athletes in practice this afternoon went at the work with more speed and dash than they have shown heretofore this season and a feeling of bonafide optimism was everywhere apparent. "Get Cornell," was the slogan which Coach Yost gave the boys and they responded with a vigor, more characteristic of a victorious eleven, than of a conquered team preparing for its crucial contest.

Every man on the squad was out in a suit and not one of those who played against Syracuse appeared any the worse for wear.

Yost made a couple of changes in the lineup, which he sent away for signal drill. Norton was a tackle in the place which Weske and Rehor had last Saturday, and Dunne was working at the end formerly occupied by Staatz. Otherwise, the team was the same which started against the Orangemen.

A defense capable of holding back the powerful attacks of the Redmen will be the aim of the coaches during this week. The scouts who have returned to Ann Arbor from watching the games which Cornell has played have given Yost the Ithacans' formations and the Michigan mentor has worked up a defense to stop the Cornell onslaught.

To perfect this defense Yost lined up two teams of the varsity squad against each other and then went through a mock scrimmage. Each man was shown the position he is supposed to occupy and just what he is to do.

St. John's Exenda basketballers should have won from the Grace Reformed crew last night. They admit it. But they lost 15 and 14, and all through the work of a referee who was as blind as the other fellow in a war argument. The St. John's also admit this.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.—Advertisement.

EDUCATED TOE OF TIBBOTT BIG FACTOR IN GRIDIRON BATTLE.

(By Brown Holmes).

Next to the great work of "Speedy" Rush, the new Princeton coach, the factor that has stood out most in the success of the Princeton eleven has been the play of Dave Tibbott, halfback. He is called the greatest halfback to wear the Tiger stripes in years.

Tibbott has not only starred in tearing lines to pieces of advancing through open fields, but in kicking field goals. He is expected to do more great work Saturday when the Tigers go against Harvard in the first game of the series between the "Big Three"—Harvard, Princeton and Yale.

The Tiger halfback will be especially matched against Eddie Mahan, Harvard captain, who is a second Brickley in kicking field goals.

In most of the "Big Three" games of recent years the elevens have been so evenly matched and the scoring of touchdowns so hard, victory has been a matter of a field goal or two.

The coming Tiger-Crimson battle may develop into another kicking affair in which the educated toe of Mahan or Tibbott may mean victory.

Princeton has not been beaten, while Harvard has been trimmed by Cornell. That gives the Tigers the edge in the race for the eastern championship.

The Tigers are rated away above the Yale eleven, which has already lost three games, so victory for the Tigers Saturday will just about cinch the title for them as they will be big favorites to trounce the bulldog the following week.

Tibbott and Captain Glick were held out of the Tiger lineup last Saturday in the game with Williams. The idea was to save them from chances of injury before the Harvard game.

The week before, however, Tibbott was a bear against Dartmouth. He kicked two field goals in the first period, one from the 35-yard line and the other from the 43-yard line. Later he scored a touchdown and kicked two goals from touchdowns.

OLDRING RETIRES FROM BASEBALL

Philadelphia, Nov. 3.—Rube Oldring, left fielder of the Athletics, has decided to retire from baseball. In the future he will devote his time to his large farm at Shiloh, N. J. The retirement of Oldring is somewhat of a surprise.

Manager Mack, of the Athletics, this morning said he had received notice from Oldring of his intention to quit the game and that was all he knew about the matter. Reports have been in circulation that Mack, after the close of the last season, intended to trade his popular left fielder to some other team and that because he was not satisfied with the deal Oldring kicked out of harness.

This Mack denied and said that if the retirement is really to take place it is entirely of Oldring's volition.

JESS WILLARD TO WORK FOR LIVING

New Orleans, Nov. 2.—Jess Willard for the first time since he became champion heavyweight pugilist, will defend his title in a twenty round bout in New Orleans early next March. Articles for the fight were signed here late last night for Willard by Tom Jones, his manager, and Dominick Tortorich and Tommy Burns, local fight promoters.

The championship bout will be staged here either on Saturday, March 4, or Monday, March 6, during the first week of the Mardi Gras carnival, the promoters announced. The agreement guarantees Willard $32,500 win, lose or draw. Willard, who has been here since last Saturday, when the negotiations began, leaves tomorrow for Los Angeles to spend a month with his family, whom he has not seen since his fight in Havana.

Negotiations are under way for the establishment of a Russian-American bank in Moscow.

Feel Like Taking a Stroll? O'Leary, 74, Will Go You for 1,000 Miles.

DAN O'LEARY.

Dan O'Leary, 74, has not walked 1,000 miles at a stretch for a couple of years and is getting restless. He is so anxious for a stroll he is willing to bet $500 he can beat anybody in the world in a hike of 500 or 1,000 miles.

This veteran of the hoofing game does not ask any handicap on account of his age. He is willing to race even up with youths young enough to be his grandsons.

O'Leary hopes to get a race out of his old rival, Edward Payson Weston, who is 77, but still quite a walker. A race between these veterans would be historical. They have already met three times a great contests in Chicago, London and San Francisco, O'Leary always winning.

O'Leary says he owes his long life and good health to walking and proper eating. He has been a walker since he was 19. He was a book agent then and in tramping around discovered he had unusual pedestrian ability.

In 1907, when he was 66, he gave one of the greatest exhibitions of human endurance ever known by walking 1,000 miles in 1,000 hours, going a mile at the beginning of each hour. It was claimed no man could do it.

O'Leary walks ten or twenty miles every day, but that is tame for him and he is hoping someone will accept his challenge for a 1,000 mile hike.

A TEN-HOURS NOD FOR A JITNEY FOR HOMELESS WANDERERS IN ONLY "NODDING HOUSE" IN WORLD.

Philadelphia, Pa., Nov. 3.—The only "nodding house" in the world has been opened in Philadelphia.

In a long room, reaching back for more than 100 feet at 235 North Ninth street, homeless wanderers will be given a shelter and warm place to sleep through the cold nights of winter at the rate of a half cent an hour.

The idea belongs to a Philadelphia philanthropist, named Goodchild, whose program is "a ten-hour nod for a jitney."

Nodding accomodations have been provided for 150 guests. The poor, tired wayfarer is given sitting space on a bench, with room enough on an upholstered shelf to pillow his arms and sleep with his head in that position. These upholstered nodding shelves are suspended by standards from the ceiling and attached to the sides of the walls. They are arranged so as to be breast high to the average man when seated on a bench.

Since the opening of the novel place it has been taxed to capacity nearly every night and Goodchild is planning bigger quarters before the real cold days of winter come.

The next cheapest thing to the "nodding house" are the lodging houses, which charge not less than 25 cents. In many of these there are no beds and the men are obliged to sleep on the floor.

For the difference in cost—20 cents—the wanderer who sleeps at the "nodding house" may enjoy the luxury of a plate of beans, bread and butter, soup and coffee in the ordinary lunch rooms.

NEW HAVEN NEWS.

New Haven, Ind., Nov. 3. The W. C. T. U. met with Mrs. M. A. Mason Tuesday afternoon and enjoyed a most pleasant meeting. Mrs. Hostettler, of Fort Wayne, gave a report on the state convention held recently at Muncie.

Byron Lake and family, of Harlan, were Sunday guests of his brother, James Lake, and family.

Mr. and Mrs. W. T. Noll, of Alvoit, spent Saturday here with Mr. and Mrs. J. Ankrum.

The remains of Mrs. Susanna Irelan, who died at her home in Fort Wayne, were interred in the I. O. O. F. cemetery Sunday afternoon.

A lecture will be given at the Methodist Episcopal church on Thursday evening, November 11, by M. S. Larimore. No admission will be charged.

Mr. and Mrs. Ed Botteron and daughter Pauline were entertained Sunday at the home of Mr. and Mrs. F. A. Blaising.

Several young people enjoyed a merry Hallowe'en masquerade party given by Miss Hilda Scheeler at her home Saturday night.

Mrs. P. B. Leach was a Fort Wayne caller Monday.

Mrs. Will Hanefeldt entertained the ladies of the Lutheran Sewing circle at her home this afternoon.

Rev. C. King was ill Sunday evening and unable to conduct the services at the M. E. church. Mr. Hawkins, of the Rescue Mission, took charge of the evening services.

Miss Elizabeth Powell attended the Morning Musical in Fort Wayne, Friday.

F. A. Blaising made a business trip to Fort Wayne Tuesday.

Mr. and Mrs. Freeman Smith entertained about forty guests at their home Sunday in honor of Mr. Smith's sixtieth birthday anniversary. A big birthday dinner was one of the most enjoyable features of the day's pleasures.

Mrs. F. A. Blaising received word Saturday of the serious condition of her nephew, Donald Akey, of Leo, who is well known here. While driving a horse near his home Saturday he was struck by a machine, killing the horse instantly and considerably damaging the buggy and machine. Mr. Akey was thrown several feet and is suffering concussion of the brain.

The Ladies' Aid society of the Methodist Protestant church is making big preparations for its annual bazaar to be given in two weeks in the church basement.

Mrs. Amelia Federspiel, of St. Mary's, O., is the guest of local relatives.

Olives which are dead ripe are delicious, but extreme care is required to preserve them.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub pain from back with small trial bottle of old, penetrating "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Advertisement.

PRIMARY IN FOUR MONTHS

Interest in Nomination is Showing Marked Increase.

ELECTION IS BUT ONE YEAR DISTANT

Race for Congress in Both Parties Attracting Attention.

As the big primary day of next year is now only about four months distant, interest in the nomination of democratic and republican candidates is showing a marked increase. The recent decision of the circuit court at New Albany in sustaining the general features of the primary law has served to attract attention to the fact that the next presidential election is only one year distant and that the primary is to be held next March. The primary will be one of the most important political days of the year. It will be voters' duty to cast his vote for precinct committeeman, township and county candidates, congressional candidates and delegates to the state convention, which is to nominate a United States senatorial candidate and also a complete state ticket.

More than that: The voter will for the first time in a primary cast his vote for second choice for the local and congressional candidates and will instruct the delegates elected to the state convention how he must vote for United States senator and governor.

More than that: The voter will indicate his preference for his party's nominee for president.

Both parties will nominate and instruct on this one day. It is thought the tickets will have to be so large that the voting must be done by the Australian ballot instead of on the machines. In order that no candidate whose name begins with a letter earlier in the ballot may have an advantage from the fact, the ballots will be printed so that the name of each candidate will lead the ticket as often as the name of any other.

The Congressional Contest.

On the democratic side there are two contestants for nomination for congress as follows: Cyrus Cline, of Angola, present member, now serving his fourth term and likely to be the chairman of the very important committee on foreign relations in the new congress, which assembles next month, and Harry Hilgermann, prosecuting attorney of Allen county.

On the republican side there are three candidates already in the field, as follows:

Charles R. Lane, of Fort Wayne, who carried the party standard in 1912 and 1914, when no one else, because of the party split, would accept the nomination. His formal announcement was made last July.

Professor L. W. Fairfield, of the Tri-State Normal college, at Angola, whose formal announcement was made in September.

Robert B. Hanna, postmaster of Fort Wayne from 1906 to 1915, whose formal announcement was made in October.

Inquiry among the republican leaders has shown no other entrant in this interesting contest. It is not believed by the local republicans that any other contestant for the congressional nomination will now appear.

It is said the managers of Professor Fairfield's candidacy have taken hope from the fact that Hanna entered the race, while the friends of Lane claim assurances of strong support in each county and district. It is evident that the Allen county republicans, who will vote for Hanna for first choice, will vote for Lane as their second choice, and it is thought entirely probable that it will take a count of the second choice votes to determine the nominee.

The Presidential Outlook.

Local democrats seemed to be united that their candidate for president will be Woodrow Wilson again. There is no indication, according to the leading republicans of Allen county, as to who will be the republican nominee. Never, they say, was the situation more uncertain at this time of the year preceding the campaign than now. It is difficult, the Sentinel reporter found, to get a line on republican preferences here. The name of Fairbanks is often mentioned, but without a tone of confidence that he will be much of a factor in the next national convention. The name of Root, especially since his famous constitutional convention speech last summer, is more frequently heard than that of any republican, but with the words: "If Root was only ten years younger." It is evident that much of the opposition to Root, by reason of his having presided at the last Chicago convention, has practically disappeared.

Sherman Often Mentioned.

There is also much talk of Senator Sherman, of Illinois, who was elected a year ago by the aid of progressive votes, although a strong progressive was nominated against him. Sherman was opposed by Sullivan, head of the strongest organization, it is said, that the democrats of Illinois have ever had. With an Indiana or Ohio man for second place, either Fairbanks or Burton, the republican leaders say, would be in the best shape to win over Wilson. It is significant that most of the wiser leaders among the local republicans are clearly indicating a strong conviction that Wilson will not be an easy man to defeat. Since the tide of industry has begun to return to high levels and the farmers have not felt the depression in prices, many of the leading republicans will privately admit that the result next year may be another term for the president.

France and Russia are now in direct communication by wireless, two powerful stations have been recently constructed.

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, calomel, pills act on bowels like pepper acts in nostrils.

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

WILL DISTRIBUTE REALTY AT WINONA

Creditors to Meet Thursday for Work of Apportionment.

Winona Lake, Ind., Nov. 3. The distribution of Winona real estate among the creditors of the Winona assembly will take place on Thursday, November 4th. Five hundred and thirty-four creditors will be present either in person, or by proxy, to select property in settlement of claims which they hold against the bankrupt institution, and the transactions in connection with the settlement will amount to more than three quarters of a million dollars. The assets have been appraised at figures equal to the entire indebtedness, and it is claimed that these figures are not greatly in excess of prices that have prevailed in the prosperous years of the assembly. If this statement is true, those who receive the property on Thursday can reasonably expect their remuneration to approximate one hundred cents on the dollar if Winona regains its popularity. With the removal of so large a burden of indebtedness, no one could question that the chances of success are in favor of the new organization; and the men who are promoting the new movement are optimistic on the subject.

Four hundred and thirty-three acres of valuable land, joining the park, will be sold at this sale, and there are 451 vacant lots also in the list. The Winona hotel, the Inn, Kosciusko lodge and Bethany lodge will also pass into the hands of these creditors by the form of sale adopted, but it is rumored they will be redeemed by the managers later.

The remainder of the assets to be disposed of at this sale consist of notes receivable, 100 shares of common stock in the Winona and Warsaw railway company, $96,000 bonds of the Winona agricultural institute, $2,200 bonds of the Winona & Warsaw railway company, $15,700 bonds of the Peru division of the Winona interurban railway company and one dredge.

All of the above mentioned property was sold by Trustee Lloyd D. Claycombe, on August 31st. E. O. Excell bid it in for the benefit of the new board of directors, who are to complete the reorganization of the assembly's affairs. Sol C. Dickey, secretary and general manager of the Winona Assembly and Summer School association, along with the other members of the official board, offered the creditors their choice of twelve per cent., the estimated proceeds of a settlement through the trustee, or property based on an appraisement worth several times twelve per cent. About eighty-five per cent. of the creditors accepted the property, and the distribution will take place on Thursday.

The new board of directors will be made up of men of wide influence, and they will endeavor to make Winona one of the most popular summer resorts in the central west. The Winona college and the Winona college of agriculture will receive substantial aid from some of the evangelists who live at the park.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Advertisement.

HOAGLAND NEWS.

FOURTEEN FIREMEN ARE PROMOTED

Big Business on Nickel Plate Calls for More Engine Crews.

Fourteen firemen on the Nickel Plate have successfully passed the rigid examinations under Road Foreman of Engines F. M. Baldwin and are now full fledged engineers. There are seven on each division, those on the Chicago division being D. Willford, D. E. Mound, Otis O. Mills, Ollie Snyder, Frank Hadrick, L. H. Suehrmeyer and R. O. Scherer. Those on the Fort Wayne division are George W. Mitchell, C. E. Geary, Edwin Houser, N. A. Huss, W. H. Howorth, L. R. Weigel and J. S. Cunion. Mr. Baldwin exhausted the furloughed list of firemen some time ago and men taken on hereafter will be new in the Nickel Plate service. Business is up to the capacity of the motive power now and is near the maximum point in the history of the line. The young men named above passed a creditable examination and demonstrated that they were in every way capable of doing the work on the throttle side of the cab.

HERE TO ATTEND FUNERAL.

Number of Pennsylvania Officials From East Arrive Today.

A number of men connected with the motive power and mechanical department of the Pennsylvania, in the east, are here to attend the funeral of the late Master Car Builder James A. Graham, whose death occurred Sunday evening so unexpectedly and suddenly. More will come in on later trains. Among those who came in this morning are R. L. Kleine, chief car inspector of the lines east of Pittsburg, with headquarters in Altoona; J. F. Carmer, general foreman of the Pennsylvania shops at Wilmington; E. S. Way, general foreman at the cleaning house at Altoona; E. E. Dildine, master mechanic at Crestline; A. L. Hale, general foreman of the shops at Cleveland, and M. J. Murphy, foreman of the boiler shops at Allegheny. The car shops closed at 11 o'clock this morning and the men turned out in a body at the funeral. Several hundred seats were reserved for them at the Scottish Rite cathedral.

FIFTY-EIGHT ARE RETIRED.

October 1 fifty-eight additions were made to the pension system of the Pennsylvania and of the number only ten were employes of the lines west of Pittsburg. None from the western division were retired on that date, but the report for November will show four men, all resident of Fort Wayne, in the list. The lines east of Pittsburg also contributed the greatest number of names to the mortuary list during the month of October, there being twenty. Only three deaths occurred in the ranks of pensioners on the lines west of Pittsburg. Two, William Killen and D. J. Crimmons, were residents of Fort Wayne. The total number of retired men on the Pennsylvania pension list is 4,544 and the total amount expended in pensions since January 1, 1900, when the system was established, is $11,853,111.20.

HEAVY TRAVEL ON NICKEL PLATE

Westbound travel over the Nickel Plate is unusually heavy and tests the capacity of the trains to handle it. Yesterday No. 1 was so heavy that it could not keep up its schedule and when it came into Fort Wayne a few minutes late, it was "split," and the first section carrying through passengers was rushed to Chicago, without stopping en route, in order that the passengers bound for points west of that city would not miss connection. They landed in Chicago on "the dot." The second section, which stopped at all stations, was also able to make up a part of the lost time.

BITTENGER IS IMPROVING.

L. E. Bittenger, a clerk in the motive power offices of the Pennsylvania, who has been sick with pleurisy for a week, is improving and is now able to sit up at short intervals. He will soon be at his desk again in the office.

LOUIS RUSSELL RECOVERS.

Louis Russell, Pennsylvania boilermaker, resumed his duties at the shops this morning. He was sick with inflammatory rheumatism several weeks, being taken with the malady while at his cottage at Rome City with a party of friends.

CREATES NEW DEPARTMENT.

Electric welding, which has become an important feature of shop work at the Pennsylvania shops, has been divorced from the boiler shop and is now a department of its own. A. U. McClain is the head of the new department. He became an electric welder in May, 1913, and is regarded an expert in the work. The electric welder is now used for many purposes, for welding flues to boiler heads, for repairing fractured frames and closing cracks in boilers.

WILL STOP AT DETROIT.

Wabash train No. 28, now running between St. Louis and Buffalo, will after next Sunday run only to Detroit. This is an arrangement always made for the winter months on account of the difficulty in getting over the Detroit river during severe weather.

HAD THUMB MASHED.

D. J. Keane, of the Pennsylvania blacksmith shop, had the thumb of his right hand crushed last night and will be unable to work for some days. He was working overtime when the accident happened.

INDUSTRIAL NOTES.

L. H. Hinds, a fluewelder helper, is sick and off duty.

H. E. Richmond has taken employment at the Pennsylvania blacksmith shop.

Trainmaster C. E. Wells, of the Wabash, was in the city on business this morning.

J. Reidel and M. V. Didion, of the Pennsylvania erecting shops, are sick and off duty.

Wabash Machinist Fred Ropa has gone to the company hospital in Peru for treatment.

Henry Hoch, Pennsylvania yard fireman, is off duty to look after some private business.

A. J. Neidhart, a Pennsylvania pipefitter, is off duty on account of the funeral of his aunt.

S. D. Keim, Pennsylvania machinist, who had been visiting in Grand Rapids, has resumed work.

Conductor F. H. Davis and Brakeman John Fox, of the Nickel Plate, are off duty for a few days.

Machinist Allen Hamilton returned to work in the Pennsy shops yesterday after an illness of a few days.

W. A. Barrett has returned from a business trip in the interest of the Bass Foundry and Machine works.

W. Lepper, of the Pennsylvania planing mills, and H. A. Johnson, of the blacksmith shop, are sick and off duty.

Machinist Ed Ely, of the Pennsylvania tool room, has arranged for a pleasure trip to Chicago the latter part of the week.

J. F. Carpenter, yard engineer, was taken sick on his engine in the Pennsylvania yards this morning and had to quit and go home.

Assistant Master Mechanic Fred T. Huston, of the Pennsylvania, was called to Orrville, Ohio, last night on business for the company.

Assistant Foreman E. B. Hughes, of the Pennsylvania round house, is on duty again after a short outing with his family on West lake.

Thomas Quinn, night caller for the Pennsylvania round house, has been transferred to the day trick and C. P. Dinklage and H. L. Main have been put on the night trick.

Machinist K. Braun, who sustained severe injuries two weeks ago, while at work on an engine in the Pennsylvania round house, was able to report for duty this morning.

A. W. T. Holly, traveling passenger agent of the Southern Pacific, with headquarters in Cincinnati, was in the city yesterday, calling on local agents and prospective travelers.

Nick Pete, a Macedonian laborer at the Bass foundry, fell against a crane yesterday afternoon and severely bruised his side and back. He is off duty pending treatment.

Peter Wolf, W. Hilsmier and R. I. Hershberger, helpers in the Pennsy machine shops, resigned yesterday. The last two named will go to Wisconsin to work in an automobile factory.

Raymond Hoffman, assistant general foreman of the testing department of the Fort Wayne Electric works, returned from Buffalo at noon today. He went there last week on business for the company.

Division Engineer W. S. Danes, of the Wabash, who came up this morning on business for the company, remained to attend the funeral of J. A. Graham at the Scottish Rite cathedral. Mr. Danes is a member of the Scottish Rite.

Miss Marie Haas, of the Corrugated Paper factory, had her right hand caught in a band saw yesterday and severely injured. The thumb was lacerated and the ends of two or three fingers were cut off. Dr. J. Frank Dinnen dressed the wounded hand. Miss Haas resides at 1338 Buchanan street.

Draftsman Thieme, for some time employed in the office of the American Road Machine company, will take the position vacated at the Bass offices by E. M. Gellert, who resigned a week ago to take employment elsewhere. Mr. Thieme will commence work Monday.

Machinist Charles A. Sunderland, of the Western Gas works, resumed work yesterday after an absence of several days on acount of injuries sustained in a fall. He fell last Thursday while crossing the Pennsylvania tracks en route to the shop to work and severely injured his face, one of his arms and one of his feet.

It was necessary to split Nickel Plate train No. 1 again today, because it was too heavy for one engine and was losing time. It was an hour late when it pulled into Fort Wayne. The cars loaded with through passengers were sent out as first section to run to Chicago without a stop and went into that city on the dot. Every car in the train was loaded and many of the passengers were bound for California.

STILL IN SOME PAIN.

King George Continues to Improve, However, Doctors Say.

London, Nov. 3.—The physicians in attendance upon King George, who was injured last week, while at the French front, by the fall of his horse, gave out the following bulletin today: "The king has not had so good a night. He is still in some pain. His general condition has improved and he is now able to take solid foods."

Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken, will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

THE DEATHS.

ANTRUP.

Henry E. Antrup, a pioneer resident of St. Joseph township, died suddenly Tuesday evening at 6 o'clock at the home of his daughter, Mrs. F. C. Griebel, north of the Driving park on the St. Joe road, at the advanced age of 88 years. Mr. Antrup was stricken while partaking of the evening meal, and at first it was thought by members of the family that he had choked to death. However, it was found later that heart trouble was the direct cause of death.

Born in Westphalia, Germany, in 1827, he came to this country ten years later, locating with his parents at Catskill, N. Y. He moved to Indiana in 1847 and for the past sixty years had been a resident of St. Joe township until six years ago since which time he had resided with his daughter, at whose home his demise occurred.

Mr. Antrup's wife and five children had preceded him in death. Two children survive him, Mrs. F. C. Griebel and Charles E. Antrup, of Mishawaka. Assistant Fire Chief George Jasper, of this city, is a nephew. The deceased had been a member of the Westminster Presbyterian church since 1857 and had held every office in the church except that of pastor.

TO GIVE RESERVOIR ANOTHER CLEANING

(Continued From Page One.)

be taken to rid the city water of the unwelcome intruders. It will require about thirty-six hours to completely drain the reservoir and the process of voiding it is now under way.

Dr. H. O. Bruggeman, president of the board of health, on Wednesday morning received from Purdue university a telegram giving the result of an examination of the worms sent there to be identified. Howard E. Enders, the expert making the report, says the worms are harmless. His telegram follows:

Lafayette, Ind., Nov. 2, 1915.

Dr. H. O. Bruggeman, Dept. of Health, Fort Wayne, Ind.—Specimens submitted are the larvae of midges, which, in adult conditions, resemble mosquitoes. Eggs are laid on the water of ponds and pools. The larva of many species are distinctly red in color. They wriggle about in the slime and decaying leaves at the bottom and feed on diatoms and algae or other vegetable matter. They breathe by means of gills, therefore do not come to the surface as the mosquito does. They are not injurious. Will report in writing. HOWARD E. ENDERS.

May Enclose Reservoir.

If it is found that the worms are breeding in the reservoir the board of works may consider some means of enclosing it so that it will not be accessible to the insects that lay eggs from which the worms are hatched. To do this and at the same time keep the big reservoir properly ventilated will probably impose a difficult task, but the board hopes to be able to find a way should it become necessary.

The waterworks department on Tuesday afternoon and evening distributed to many sections of the city close-mesh seives to be suspended from the faucets in as many households in order to discover to what extent the worms have invaded the mains.

TO CLEAN THE PORES OF ALL IMPURITIES

The only way to get the impurities out of the pores of the skin is to use a milk massage cream. This can easily be made at home by adding to a half pint of fresh skimmed milk two ounces of powdered bryol crystal, which you can get from any druggist. Massaging this into the skin loosens and gathers all the dust, dirt, grease and poisons that accumulate in the pores and by massaging gently for a few minutes the cream will roll out, bringing all these poisons and impurities with it, leaving the skin soft and clear.

This treatment produces the same effect on the skin as the famous milk baths of the Ancient Beauties. The above formula will make enough to last you several months.—Advertisement.

BIG DAMAGE SUIT AGAINST RAILWAY

Circuit Court Jury Hearing Case of Dinklage vs. G. R. & I. Co.

Judge Pro Tem Samuel L. Morris and a jury in the circuit court are hearing the testimony in the suit of Arthur Dinklage vs. the Grand Rapids and Indiana railroad for $10,500 damages for personl injuries. The plaintiff is represented by Attorneys Harper & Fuelber and the railroad by Leonard, Rose & Zollars.

Says He Threatened to Kill.

In the superior court Lulu Branstrator has sued Hugh Branstrator for divorce alleging cruel and inhuman treatment and that her husband has threatened to kill her. They were married January 14, 1905 and separated the 2nd inst. The plaintiff asks the court for suit and support money and a restraining order against the Fort Wayne Electric works to prevent the defendant from drawing his wages. Charles B. Aldrich is her attorney.

Notes of the Courts.

The superior court has granted a divorce to Earl Ernest Yarian from Ada Belle Yarian.

At a sale by the receiver the First National bank on Tuesday purchased the property of the Indiana Printing company, its bid being $25,000. Charles H. Worden, vice president of the bank, was receiver for the concern, which was put under the court's administration on a suit by the J. W. Butler Paper company, of Chicago.

The suit of William C. Bande, comptroller of the city of Fort Wayne vs County Auditor Will Johnson, to restrain the official from placing in the tax levy a 2-cent rate against property in the city for general purposes in Wayne township, has been dismissed from the superior court.

Caroline Sallier has been granted a divorce from Francis Sallior by the superior court.

The Grubill Lumber company has begun suit in the circuit court against J. Franklin Hollopeter and others to foreclose a mortgage, demanding $1,240.55. W. N. Ballou is the plaintiff's attorney.

In the superior court in the suit of Henry C. Wehrenberg vs. the Bash Fertilizer and Chemical company, Roy O. Geesman has filed a petition for permission to sue the receiver. This is the sequel to the plaintiff's dismissal of his suit in the circuit court a few days ago, wherein he was suing the Bash company and others for recovery of money he had paid for stock in the concern. T. E. Ellison is the petitioner's attorney.

The suit of Fred W. and Anna L. Kiel vs. the city of Fort Wayne will be tried in the superior court Jan. 27.

The suit of Lazo George vs. E. H. Repine and the Pennsylvania company has been set for trial Nov. 8 in the circuit court.

ASSERTS GRAVITY IS ELECTRICITY

San Francisco Professor is Giving Out a Startling Theory.

San Francisco, Nov. 1.—Professor T. J. J. See, government astronomer at Mare Island, San Francisco, advances a startling theory regarding gravitation and the Aurora Borealis.

"Gravitation is an electrical phenomenon," says Professor See. "It is due to the circulation of elementary electric currents around the atoms of the sun and planets.

"The Aurora Borealis, which darts upward in streamers of light from the northern horizon, is due to the passage of electric waves from the sun, which is then below the northern horizon. The northern light is one of the most wonderful phenomena of the world. It has been studied in all the countries of northern Europe for two centuries, but heretofore no cause for it could be assigned.

"'Magnetic storms' is the name given by Humboldt to the sudden disturbances of the magnetic needle, which we have now proved to be due to electro-dynamic waves produced by outbursts in the sun. The passage of these waves not only disturbs the needle, but also the telegraphs and cables in what are called 'earth currents.' In view of the electro-dynamic force of gravitation we see immediately why the telegraphs and cables should be disturbed."

GOES BACK TO REPUBLICANS.

Democrats Lose Massachusetts After Reign of Four Years.

Boston, Nov. 3.—The republican party gained control of the executive department of the state government yesterday after an interim of four years when Samuel W. McCall, a former congressman, was elected governor by a plurality of 6,606 over Governor David I. Walsh, democrat. The remainder of the republican state ticket was elected by larger pluralities and the republicans made a net gain of seventeen seats in the legislature. The proposed amendment to the constitution granting the right of suffrage to women, was defeated by a majority of 132,083. Partial returns indicated the probable adoption of constitutional amendments empowering the legislature to enact laws providing for different rates of taxation on various classes of property and authorizing the purchase by the state of land for homesteading purposes.

One feature of the election was the dwindling of the progressive vote to a figure which deprives the party of legal standing in the state. Three years ago Charles S. Bird, progressive candidate for governor polled 126,102 votes. Both Bird and Joseph Walker, last year's progressive nominees, supported McCall.

The prohibition party, on the other hand, attained the status of a legal party by polling more than the required three per cent. of the total vote. William Shaw, the nominee for governor, made an active stumping campaign in an endeavor to attract the vote of former progressives.

During the campaign McCall, while charging democratic extravagances in the state and criticizing apointments made by Governor Walsh, directed his energies chiefly to attacking the national administration. A movement for the recall of Mayor Curley, of Boston, failed.

DEMOCRATS WIN MARYLAND.

Harrington Chosen to Succeed Governor Goldsborough.

Baltimore, Md., Nov. 3.—State Comptroller Emerson C. Harrington, the democratic candidate for governor, was elected yesterday to succeed Governor P. L. Goldsborough, republican. The democrats will retain control of the assembly.

With all but four precincts in Baltimore heard from Harrington, democrat, for governor, carried this city by 3,866 plurality. This would give him the state by about 1,500 plurality if the estimates based on meagre returns from the rest of the state are borne out.

HOTEL EDWIN BAR CLOSED

(Continued from Page 1).

hoted not covered by the license was made clear; the fact that the bar room was connected by a door with the cafe and that a partition between the saloon and hotel office obstructed a view from the street were shown; the sale of drinks after hours and on Sunday was brought out; the toleration of the presence of boys under 16 years of age in the cafe where musical entertainments were given, a specific violation of the Indiana statute, was laid before the court.

Women and Detectives.

Secret Agents Ray Sickles and Maurice Malkus, of the Thiel Detective agency in Chicago, who gave damning testimony against Wiebke, were present as witnesses and delivered equally fatal blows to Kleindinst. The two detectives testified to having stopped at the hotel last May, when they were here in the interest of the Indiana Reform and Protective association, an organization of brewers and liquor dealers, and of having associated in the cafe with known prostitutes and of having been served drinks in their rooms after midnight and on Sunday. These detectives gave the names of four lewd women they had met in the cafe, naming among them Minnie Ferguson and Jeanette Johnson, whose names figured in the Hof Brau case and in the Frank Poirson case.

Mary Guebard or Gephart and Ethel Baumgartner, the first named fined in the city court some months ago for keeping a house of ill-fame and the latter fined at the same time on a charge of prostitution, were called as witnesses and testified to having resorted in the cafe at the Edwin and having drank there.

Police Captain Richard Kelly, Sergeant David Blum, Patrolmen Bert Smith, W. A. Collins and Charles Eisenhut and Police Station Master George Eisenhut testified to the arrangements of the hotel and saloon to show that the law was violated in these respects.

Came from College to Testify.

Harry Ort, 17; Herman Fogel, 15, and Oscar Gandy, 15, the now celebrated "Churubusco boys," were brought in to give testimony, as they had been in previous cases against Edwin S. Kleindinst, Harry A. Wiebke, John P. Hedges and Saban Smith and in the Hof Brau license hearing. Young Ort came from the University of Michigan, at Ann Arbor, where he is a student, to give his testimony. All related the facts of their having bought drinks in the Edwin cafe.

The Churubusco boys have left a trail of wrecked saloons in Fort Wayne since they came here on 16th and 17th of last July and staged orgies that scandalized their home village and started things in Fort Wayne that have closed two of the leading saloons and cafes with cabaret annexes, put out of business the most notorious chile joint in the city, kept by Frank Poirson, at Calhoun and Superior streets, and throttled Saban Smith's blind tiger at the old Hiser hellhole on the Goshen road.

Rev. James A. Nipper, of the Fort Wayne Rescue mission, backed by the Men's Christian league, has led the fight, of which the culmination is the closing of Edwin S. Kleindinst's saloon in the Hotel Edwin.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 3.—Bullish reports on the outlook for the domestic winter crop carried the wheat market upward today after a show of weakness at the start. The opening, which ranged from ⅜c to ⅝c lower, with December at $1.03¾ to $1.04⅛, and May at $1.04¾ to $1.05⅛, was followed by a slight additional setback and then a rise to well above yesterday's finish.

The close was heavy, 1c to 1¼ net lower, with December at $1.03½ and May at $1.04⅝.

Prospects of export business gave decided strength to corn. After opening unchanged to ⅛@¼c higher, the market reacted a trifle and then advanced all around.

The close was steady at a shade to ⅜c net decline.

Oats hardened with other cereals.

Bulges in grains caused provisions to rally.

THE DAY ON WALL STREET.

New York, Nov. 3.—The Studebaker has declared a regular dividend of ½ per cent. on the common stock and 1 per cent. extra, with the regularly quarterly dividend of 1¾ per cent. on the preferred shares. The directors issued a statement expressing the belief that the extra 1 per cent. on the common shares will hereafter be regularly declared. Studebaker shares declined from 170, the opening price, to 162½, on declaration of the extra dividend as a larger disbursement had been expected.

War shares became very heavy later on Bethlehem's abrupt decline to 425. General Motors lost 11 at 383, Willys-Overland 9 at 250, Crucible Steel 6¾ at 75½, Studebaker 5 at 162, and Baldwin Locomotive 3½ at 127½. Standard rails pursued an opposite course, Reading leading with an advance of 2 to 85½, while Lehigh Valley rose 1½ to 82½, and Norfolk and Western 2 to 122¾, a record price. The entire list reacted before noon. Bonds were strong.

Specialties, notably General Electric and Studebaker, together with low priced rails, were higher on the resumption of trading today, while investment issues, including Canadian Pacific, were inclined to recede. There were active openings in United States Steel, Missouri Pacific, Erie, Wabash and Pennsylvania at fractional advances. Bethlehem Steel advanced four points at 465.

Minimum prices were made in the last hour, but final dealings showed some improvement. The closing was irregular.

WEATHER CONDITIONS.

In connection with high pressure over the central valleys the weather has continued generally fair during the last 24 hours, but light precipitation occurred in localities in the northeast and northern lake region, also in Washington and Oregon. The weather continues abnormally warm in sections to the west of the Mississippi, and during the last 24 hours temperatures have risen in the Rocky mountain region, on the eastern slope and in the Missouri valley, while to the eastward of the Mississippi the weather is considerably cooler.

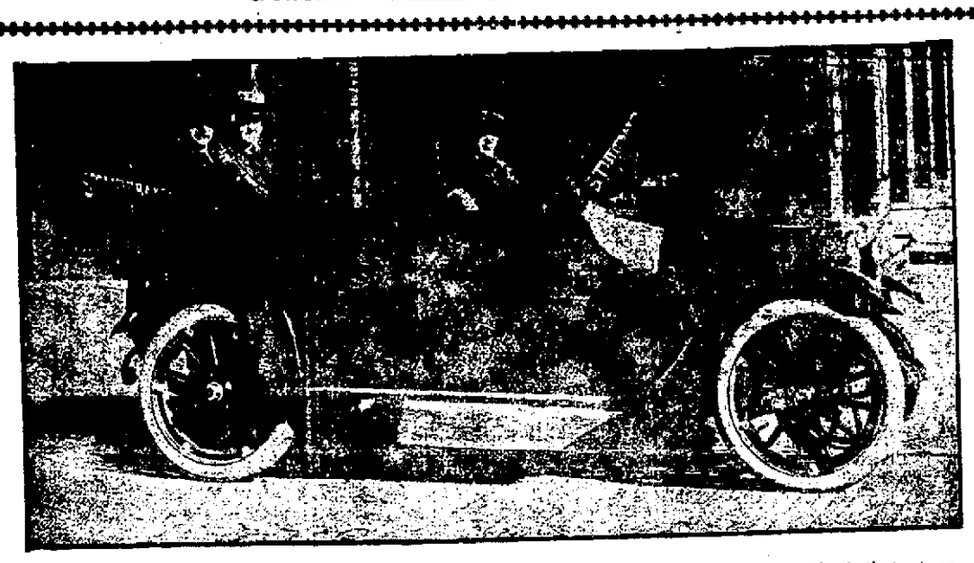
MAYOR SPOHN, OF GOSHEN, IN PILOT CAR FOR THE CINCINNATI-GOSHEN DIXIE HIGHWAY TOUR.



Goshen, Ind., Nov. 3.—Hoosier genius has inspired what is hoped to prove an effective means of arousing enthusiasm, over the projected feeder for the Lincoln and Dixie highways, from Cincinnati to South Bend. This will be in the form of a parade of decorated machines, starting from Goshen, Wednesday, November 3rd for Marion, where a meeting of the governors of the highway is to be held. Each city passed through is expected to add its quota of highway boosters, with band concerts and speeches given at the stopping points. Literature bearing on the benefits of good roads will also be liberally distributed and prizes have been offered for the best showing made at the Marion meeting.

S. F. Spohn, mayor of the city of Goshen, is in charge of the arrangements. He is one of the most enthusiastic advocates of good roads building and his record for accomplishing what he undertakes may have influenced the highway governors to assign him the duty of making this tour a success. Mayor Spohn has firm faith in the worth of newspaper space. He purchased advertising space in the start of his business career, when it was a question of eating or advertising. He confided to a friend that at one time when starting his business, some letters given him by his wife went unmailed for several days, that he might do some advertising.

Mayor Spohn is one of the most energetic members of the Indiana state fair board, and has built up the woman's art department to becoming one of the most interesting features of the state fairs.

Yellow and black have been chosen for the highway colors. Endeavors will be made to have the route marked with flowers planted along the roadway.

society of the country. He stated that he was very much in favor of women's work, including equal suffrage and club work, but that he considered the work of the women in the church above them all. His talk was followed by an address of welcome to the delegates by Mrs. F. H. Robertson, president of the Fort Wayne branch. Following the discussion of the missionary boxes and circulating library the meeting adjourned for the noon day luncheon, which was served at the church.

MANY DELEGATES EXPECTED

Officers of the Allen County Sunday School association expect over one hundred delegates present at the annual meeting which will be held Thursday at the West Creighton Avenue Church of Christ. The program as announced in these columns a few days ago will be followed. The entertainment committee consists of Mrs. Flora Poole, Mrs. Nettie Hubler, Mrs. M. A. Mason and Mrs. B. F. Hostetler.

The convention opens Thursday morning at 9:30 o'clock with a song service led by Rev. D. H. Guild. The secretary and treasurer will report, after which George N. Burnie will give an address on "Some Teen Age Problems." Miss Emma G. Lemon, will speak on "The Cradle Roll." The officers for the coming year will be chosen at the close of the afternoon session. The closing session will be held Thursday evening.

• • •

GIVES ANNUAL BANQUET.

Over one hundred men are expected to attend the annual banquet of the First Presbyterian Business Men's Bible class to be given Thursday evening at 6:30 o'clock at the church parlors. The ladies' society of the congregation will do the serving.

Officers for the coming year will be elected and other important business matters will be transacted. Those who expect to attend have been asked to notify Charles Meek at the S. F. Bowser plant.

The present officers of the class are: E. J. Little, president; Charles Orr, vice president; Andrew Waterman, secretary; T. L. Staples, treasurer. The invitation committee is composed of [illegible] Bradley, D. Mungron and W. H. [illegible].

• • •

Many Attend Bazar Opening.

Hundreds of people were present Tuesday night at the opening of the annual bazar held at St. Patrick's Catholic church. The hall was well filled throughout the evening. The seven beautifully decorated booths were the scenes of lively business. The festival will continue until Saturday night.

FIFTY PRESENT AT DISTRICT MEETING

Women's Auxiliary to Board of Missions Meets Today at Trinity.

Fifty elegates were present at the opening session of the Fort Wayne district meeting of the Women's Auxiliary to the board of missions of the diocese of Michigan City, held at the Trinity Episcopal church, on West Berry street, Thursday morning. More arrived for the afternoon meeting and it was estimated that nearly one hundred attended Thursday afternoon.

The Fort Wayne district is composed of the following cities, which were represented as follows: Huntington, 2; Delphi, 1; Kendallville, none; Garrett, none; Peru, 2; Kokomo, none; Logansport, none; Marion, 5; Gas City, none; Fort Wayne, 35, and Hartford City, 4.

Holy communion was celebrated at 10:30 o'clock, after which the meeting was called to order by the district chairman, Mrs. Archie Price, who immediately appointed a committee on resolutions composed of Mrs. Anthony, Fort Wayne; Mrs. Brackenridge, Hartford City, and Mrs. Corey, of Delphi.

Rev. E. W. Averill, pastor of the church, gave the address of welcome and among many things said that the Woman's auxiliary to the board of missions was the first organized woman's

SHRUBBERY

We have just received a fine line of white, pink and red altheas, single altheas, hydrangeas, deutyia, lilacs, honeysuckle, syringia, snowberry and weyelia. We have only a limited stock of shrubbery for fall planting and would suggest that if in need of any to call as early as possible, as our supply will not last long.

S. Bash & Co.

A test by a Swiss city of the relative efficiency for street lighting of arc and metallic filament lamps was decided in favor of the latter, chiefly because more agreeable to the eyes.

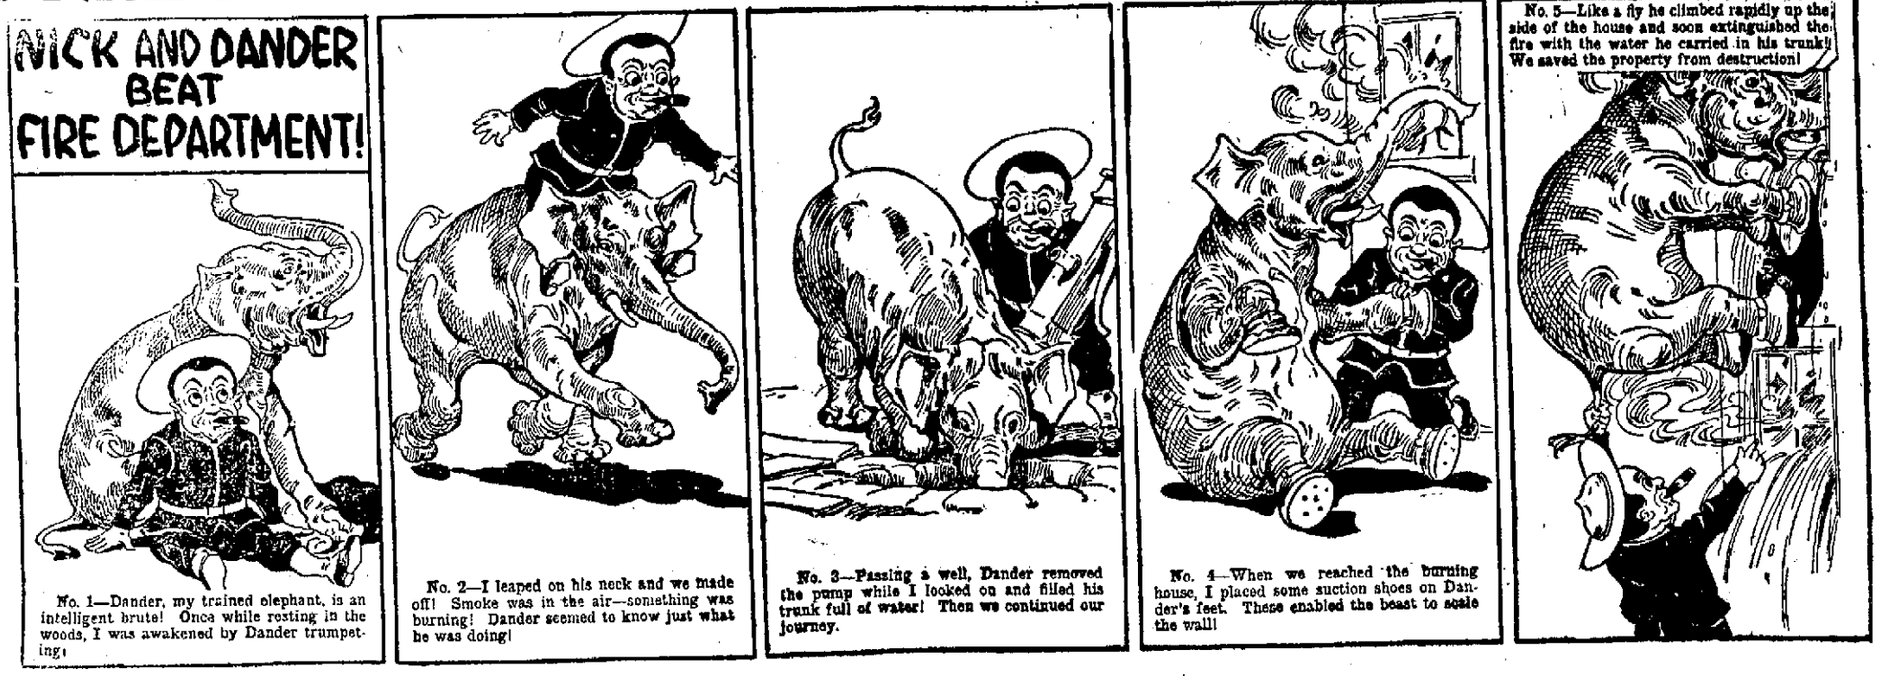
Old Nick Nimble . . . . . By Wells

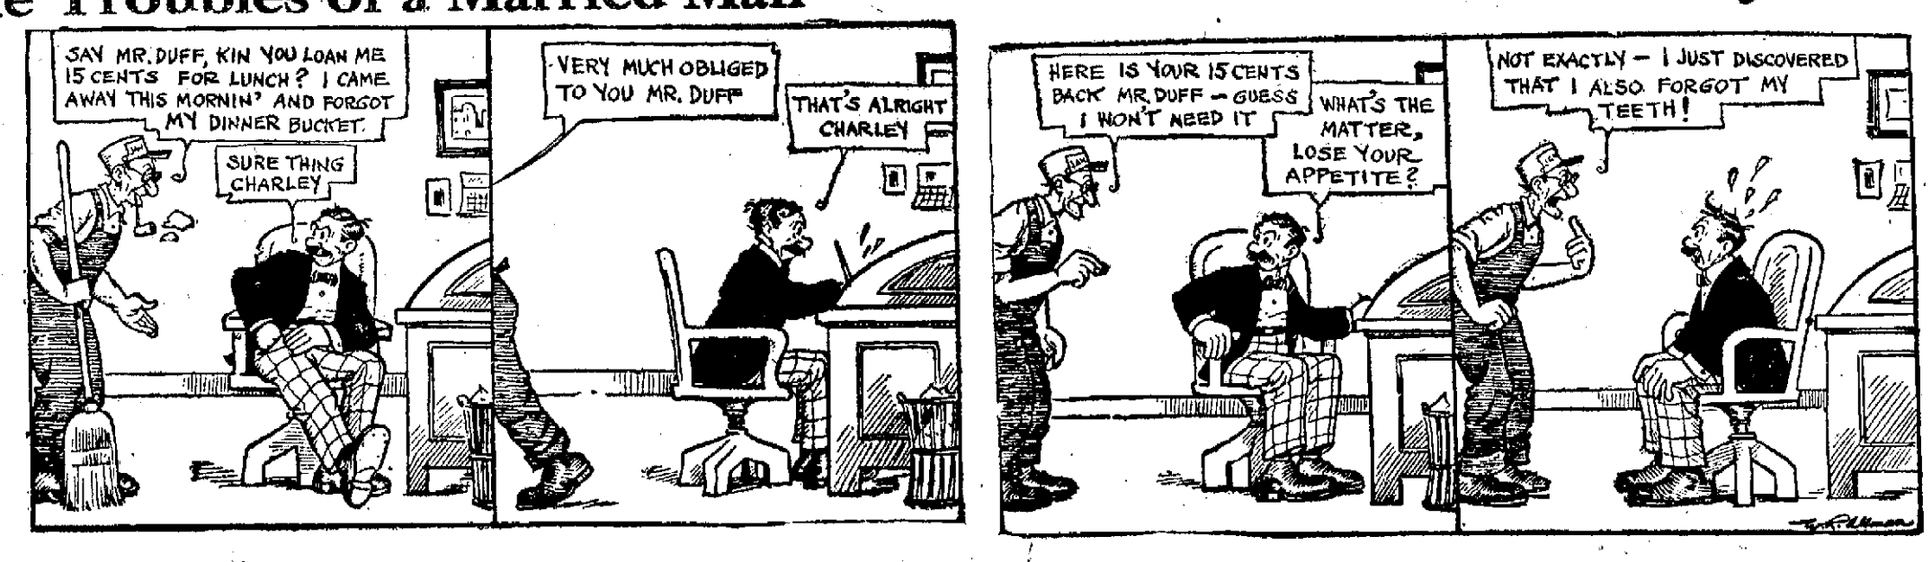


NICK AND DANDER BEAT FIRE DEPARTMENT!
No. 1—Dander, my trained elephant, is an intelligent brute! Once while resting in the woods, I was awakened by Dander trumpeting!
No. 2—I leaped on his neck and we made off! Smoke was in the air—something was burning! Dander seemed to know just what he was doing!
No. 3—Passing a well, Dander removed the pump while I looked on and filled his trunk full of water! Then we continued our journey.
No. 4—When we reached the burning house, I placed some suction shoes on Dander's feet. These enabled the beast to scale the wall!
No. 5—Like a fly he climbed rapidly up the side of the house and soon extinguished the fire with the water he carried in his trunk!! We saved the property from destruction!

The Troubles of a Married Man

WHAT USE IS LUNCH WITHOUT TEETH?

By Allman



SAY MR. DUFF, KIN YOU LOAN ME 15 CENTS FOR LUNCH? I CAME AWAY THIS MORNIN' AND FORGOT MY DINNER BUCKET.
SURE THING CHARLEY
VERY MUCH OBLIGED TO YOU MR. DUFF
THAT'S ALRIGHT CHARLEY
HERE IS YOUR 15 CENTS BACK MR. DUFF — GUESS I WON'T NEED IT
WHAT'S THE MATTER, LOSE YOUR APPETITE?
NOT EXACTLY — I JUST DISCOVERED THAT I ALSO FORGOT MY TEETH!
